

What Is A Certain Hunger About

Alfred de Musset

A Certain Hunger Chelsea G. Summers, 2021-09-07

The Truth of Memoir Kerry Cohen, 2014-12-19 Baring the Truth in Your Memoir When you write a memoir or personal essay, you dare to reveal the truths of your experience: about yourself, and about others in your life. How do you expose long-guarded secrets and discuss bad behavior? How do you gracefully portray your family members, friends, spouses, exes, and children without damaging your relationships? How do you balance your respect for others with your desire to tell the truth? In *The Truth of Memoir*, best-selling memoirist Kerry Cohen provides insight and guidelines for depicting the characters who appear in your work with honesty and compassion. You'll learn how to choose which details to include and which secrets to tell, how to render the people in your life artfully and fully on the page, and what reactions you can expect from those you include in your work--as well as from readers and the media. Featuring over twenty candid essays from memoirists sharing their experiences and advice, as well as exercises for writing about others in your memoirs and essays, *The Truth of Memoir* will give you the courage and confidence to write your story--and all of its requisite characters--with truth and grace. Kerry Cohen's *The Truth of Memoir* is a smart, soulful, psychologically astute guide to first-person writing. She reveals everything you want to know--but were afraid to ask--about telling your life story. --Susan Shapiro, author of eight books including *Only As Good as Your Word*, and co-author of *The Bosnia List*

Disruptive Women of Literature Eleanore Gardner, 2024-07-08 *Disruptive Women of Literature: Rooting for the Antiheroine* critically examines the representation of the literary antiheroine in contemporary Gothic and crime-thriller novels and traces her emergence from the deviant women of Greek mythology and Shakespeare to the twenty-first century. It explores how the antiheroine shifts dependent on genre, time period, and format, demonstrating that she is capable of both challenging and reaffirming problematic ideologies surrounding women, power, violence, sexuality, and motherhood. Eleanore Gardner argues that the antiheroine is almost always defined by her experience of a patriarchal trauma and must therefore navigate her identity differently and more complexly than her antihero counterpart. The author examines a broad range of texts to understand the antiheroine's fluidity, her liminal and abject existence, and what these suggest about cultural anxieties surrounding transgressive women.

See Paris for Me Priti Aisola, 2009 'For a few moments they sat there in silence fraught with the unexpressed. Their

bodies were taut and alert, listening for the slightest message from the other, the minutest shift in energy from the other. Deprived of the will to move they sat next to each other in unquiet silence. The unspoken swirled around them in dizzy circles.' Set in Paris, Budapest and Hyderabad, this is a story about Sadhavi, a married woman, who finds herself intensely attracted to Kanav, a scholar and teacher, whom she meets in Paris. An intelligent woman with a traditional upbringing, a modern liberal education, married into an orthodox Brahmin family, Sadhavi had not actively thought about or pursued that which would fulfill her as an individual- till she comes to Paris and, away from her familiar surroundings, finds herself somewhat alone, emotionally vulnerable and intangibly connected to Kanav. Sadhavi's yearning for an elusive fulfillment-and her struggle to let go of it-forms the core of the narrative, shaping the finely nuanced, contemplative contours of this quietly told but deeply felt novel.

Clueless Management : The Truth About What We Choose To Ignore Anil Kumar Lavania,2025-04-29 Clueless Management dives into the heart of modern workplaces - where bored employees, outdated rules, broken communication lines, and misplaced incentives quietly derail progress. This isn't another business book filled with complex jargon or ideal-world advice. It's a bold reflection on what leaders often ignore, what systems silently tolerate, and what employees are too afraid to say. From hiring illusions to hierarchy hurdles, from leadership without responsibility to decisions rooted in fear - this book connects the dots between overlooked problems and missed possibilities.

Monsters and Monstrosity in Media: Reflections on Vulnerability Yeojin Kim,Shane Carreon,2024-04-16 As monstrous bodies on-screen signal a wide range of subversive destabilization of the notions of identity and community, this anthology asks what meanings monsters and monstrosity convey in relation to our recent circumstances shaped by neoliberalism and the pandemic that have led to the intensified tightening of border controls by nation-states, the intensive categorization of (un)identifiable bodies, and subsequent forms of isolations and detachments imposed by social distancing and the rapid transition of sociality from reality to virtual reality. Presenting various thinkings along the lines of the body and its representations as cultural text, together with popular or recent media productions showing various bodies deemed to be monstrous as they either cross conventionally held borders or stay in liminal spaces such as between human-animal, human-machine, virtual bodies-corporeal flesh, living-death, and other permeable borders, this volume looks into the on-screen constructions of the monster and monstrosity not only as they represent notions of difference, perceived (non)belongings, and disruptions of traditional identity markers, but also as they either conceal various vulnerabilities or implicitly endorse violence towards the labeled Other.

The Christian Advocate ,1921

Wittgenstein and Beyond Christoph C. Pfisterer,Nicole Rathgeb,Eva Schmidt,2022-10-28 This volume celebrates the work

of Hans-Johann Glock, a philosopher renowned for both his exegesis of Wittgenstein and his many contributions to debates in contemporary philosophy. It brings together 16 new essays by up-and-coming and distinguished philosophers engaging with Glock's work, and it concludes with a Reflections and Replies chapter in which Glock responds to his interlocutors. Glock's distinctive philosophical voice features a rare combination of a Wittgenstein-inspired approach with a willingness to break away from Wittgenstein to tackle problems in an open-minded way. The broad selection of essays included in this volume reflects Glock's wide-ranging philosophical interests and demonstrates the potential of applying Wittgensteinian insights to advance current systematic debates in philosophy. The chapters discuss Wittgenstein's philosophy, metaphilosophy, truth and language, animal minds and agency, and reasons and normativity. *Wittgenstein and Beyond* will appeal to scholars and advanced students working on Wittgenstein, metaphilosophy, philosophy of mind, and philosophy of language.
