Flavius Josephus

The Twilight Mystique Amy M. Clarke, Marijane Osborn, 2014-01-10 The 13 essays in this volume explore Stephenie Meyer's wildly popular Twilight series in the contexts of literature, religion, fairy tales, film, and the gothic. Several examine Meyer's emphasis on abstinence, considering how, why, and if the author's Mormon faith has influenced the series' worldview. Others look at fan involvement in the Twilight world, focusing on how the series' avid following has led to an economic transformation in Forks, Washington, the real town where the fictional series is set. Other topics include Meyer's use of Quileute shape-shifting legends, Twilight's literary heritage and its frequent references to classic works of literature, and the series' controversial depictions of femininity.

Consumption and Spirituality Diego Rinallo, Linda M. Scott, Pauline Maclaran, 2013 This book sheds light on the consumption of spiritual products, services, experiences, and places through state-of-the-art studies by leading and emerging scholars in interpretive consumer research, marketing, sociology, anthropology, cultural, and religious studies. The collection brings together fresh views and scholarship on a cultural tension that is at the centre of the lives of countless individuals living in postmodern societies: the relationship between the material and the spiritual, the sacred and the profane. The book examines how a variety of agents - religious institutions, spiritual leaders, marketers and consumers - interact and co-create spiritual meanings in a post-disenchanted society that has been defined as a 'supermarket of the soul.' Consumption and Spirituality examines not only religious organizations, but also brands and marketers and the way they infuse their products, services and experiences with spiritual meanings that flow freely in the circuit of culture and can be appropriated by consumers even without purchase acts. From a consumer perspective, the book investigates how spiritual beliefs, practices, and experiences are now embedded into a global consumer culture. Rather than condemning consumption, the chapters in this book highlight consumers' agency and the creative processes through which authentic spiritual meanings are co-created from a variety of sources, local and global, and sacred and profane alike.
