But what no one knows—not even Yasir himself—is that the horrors of a tragic event have awakened something hidden deep within that will change his life forever. If only someone warned him of what's coming. That the world's gonna need him—and soon. Or that he's becoming... Sageborn.

returns to Caiman University only to find new dangers and new secrets. Instead, he's reeling from a summer of revelations, heartbreak and betrayal, and still uncovering the truth about his powers and his legacy. The family he only just discovered is already fractured beyond repair, and a new relative who shows up on his doorstep brings even more questions. Then there's the mother he risked everything to find, who might be the biggest threat to the life he's trying to build. To protect his new community, Malik joins an elite secret society with roots in ancient magic. His journey takes him even deeper into his own heritage and the history of the magical world, while bringing him closer to a classmate whose friendship might mean something more, if Malik is ready to let her in. But how can he use powers he can't even control to defend a world he's not sure will ever fully accept him? And as the pressure and danger builds, will he be able to confront the deepening cracks within the magical society, and those building within himself?
