Over the River and through the Fire Sherry Lewton, 2022-09-29 Heartache and brokenness are universal. When our lives are thrown into the fire, it will either make us or break us. In her memoir, author Sherry Lewton recounts events from her past that ignited her own fires, throwing her life into a blaze of secrecy, shame, despair, and devastation. Throughout those tumultuous years of painful experiences, roadblocks springing up to hinder recovery are labeled and defined. Of all the roadblocks, she acknowledges that it was her own self that was often the greatest obstacle preventing recovery. But Sherry unashamedly proclaims how choosing to focus on God alone as the only answer, and the only one who could heal her broken heart, led her to find her way to the path that could lead her out of the fire and into triumphant living. With no desire for platitudes, pat answers, or shaming techniques to infiltrate her message, she seeks to tenderly offer hope to her readers through an unwavering and passionate desire to inspire those who find themselves engulfed in fiery trials to let go of selfish motives and desires. In doing so, roadblocks that hinder recovery are removed, and we can then gain freedom to reach out our hearts and hands to a broken and hurting world. No other way will satisfy.

**Saving Face** Maya Hu-Chan, 2020-06-09 “Maya Hu-Chan shares a blueprint for becoming a more empathetic, self-aware, and inclusive leader. Saving Face guides us to consider different perspectives, to think first and speak last, and to respect others above all else.” —Frances Hesselbein, former CEO, Girl Scouts of the USA, and Presidential Medal of Freedom recipient Organizations now need to attract, retain, and motivate teams and employees across distance, time zones, and cultural differences. Building authentic and lasting human relations may be the most important calling for leaders in this century. According to management and global leadership specialist Maya Hu-Chan, the concept of “saving face” can help any leader preserve dignity and create more empathetic cross-cultural relationships. “Face” represents one's self-esteem, self-worth, identity, reputation, status, pride, and dignity. Saving face is often understood as saving someone from embarrassment, but it's also about developing an understanding of the background and motivations of others to discover the

unique facets we all possess. Without that understanding, we risk causing others to lose face without even knowing it. Hu-Chan explains saving face through anecdotes and practical tools, such as her BUILD leadership model (Benevolence, Understanding, Interacting, Learning, and Delivery). This book illustrates how we can give face to create positive first impressions, avoid causing others to lose face, and, most importantly, build trust and lasting relationships inside and outside the workplace.
