[A History of Chinese Letters and Epistolary Culture](#) ,2015-05-19 A History of Chinese Letters and Epistolary Culture is the first publication, in any language, that is dedicated to the study of Chinese epistolary literature and culture in its entirety, from the early empire to the twentieth century. The volume includes twenty-five essays dedicated to a broad spectrum of topics from postal transmission to letter calligraphy, epistolary networks to genre questions. It introduces dozens of letters, often the first translations into English, and thus makes epistolary history palpable in all its vitality and diversity: letters written by men and women from all walks of life to friends and lovers, princes and kings, scholars and monks, seniors and juniors, family members and neighbors, potential patrons, newspaper editors, and many more. With contributions by: Pablo Ariel Blitstein, R. Joe Cutter, Alexei Ditter, Ronald Egan, Imre Galambos, Natascha Gentz, Enno Giele, Natasha Heller, David R. Knechtges, Paul W. Kroll, Jie Li, Y. Edmund Lien, Bonnie S. McDougall, Amy McNair, David Pattinson, Zeb Raft, Antje Richter, Anna M. Shields, Suyoung Son, Janet Theiss, Xiaofei Tian, Lik Hang Tsui, Matthew Wells, Ellen Widmer, and Suzanne E. Wright.

Letters from Filadelfia Rodrigo Lazo,2020-02-24 For many Spanish Americans in the early nineteenth century, Philadelphia was Filadelfia, a symbol of republican government for the Americas and the most important Spanish-language print center in the early United States. In Letters from Filadelfia, Rodrigo Lazo opens a window into Spanish-language writing produced by Spanish American exiles, travelers, and immigrants who settled and passed through Philadelphia during this vibrant era, when the city's printing presses offered a vehicle for the voices advocating independence in the shadow of Spanish colonialism. The first book-length study of Philadelphia publications by intellectuals such as Vicente Rocafuerte, José María Heredia, Manuel Torres, Juan Germán Roscio, and Servando Teresa de Mier, Letters from Filadelfia offers an approach to discussing their work as part of early Latino literature and the way in which it connects to the United States and other parts of the Americas. Lazo's book is an important contribution to the complex history of the United States' first capital. More than the foundation for the U.S. nation-state, Philadelphia reached far beyond its city limits and, as considered here, suggests new ways to conceptualize what it means to be American.

Stories in Letters - Letters in Stories Rebekka Schuh,2021-10-04 This book deals with letters in Anglophone Canadian

short stories of the late twentieth and the early twenty-first century in the context of liminality. It argues that in the course of the epistolary renaissance, the letter – which has often been deemed to be obsolete in literature – has not only enjoyed an upsurge in novels but also migrated to the short story, thus constituting the genre of the epistolary short story. .

Oxford Handbook of Internet Psychology Adam Joinson,Katelyn McKenna,Tom Postmes,Ulf-Dietrich Reips,2009-02-12 Over one billion people use the Internet globally. Psychologists are beginning to understand what people do online, and the impact being online has on behaviour. It's making us re-think many of our existing assumptions about what it means to be a social being. For instance, if we can talk, flirt, meet people and fall in love online, this challenges many of psychology's theories that intimacy or understanding requires physical co-presence. The Oxford Handbook of Internet Psychology brings together many of the leading researchers in what can be termed 'Internet Psychology'. Though a very new area of research, it is growing at a phenomenal pace. In addition to well-studied areas of investigation, such as social identity theory, computer-mediated communication and virtual communities, the volume also includes chapters on topics as diverse as deception and misrepresentation, attitude change and persuasion online, Internet addiction, online relationships, privacy and trust, health

and leisure use of the Internet, and the nature of interactivity. With over 30 chapters written by experts in the field, the range and depth of coverage is unequalled, and serves to define this emerging area of research. Uniquely, this content is supported by an entire section covering the use of the Internet as a research tool, including qualitative and quantitative methods, online survey design, personality testing, ethics, and technological and design issues. While it is likely to be a popular research resource to be 'dipped into', as a whole volume it is coherent and compelling enough to act as a single text book. The Oxford Handbook of Internet Psychology is the definitive text on this burgeoning field. It will be an essential resource for anyone interested in the psychological aspects of Internet use, or planning to conduct research using the 'net'.

Other People's Love Letters Bill Shapiro, 2011-02-09 Fevered notes scribbled on napkins after first dates. Titillating text messages. It's-not-you-it's-me relationship-enders. In *Other People's Love Letters*, Bill Shapiro has searched America's attics, closets, and cigar boxes and found actual letters—unflinchingly honest missives full of lust, provocation, guilt, and vulnerability—written only for a lover's eyes. Modern love, of course, is not all bliss, and in these pages you'll find the full range of a relationship, with its whispered promises as well as its heartache. But what at first appears to be a deliciously voyeuristic peek into other people's most passionate moments, will ultimately reawaken your own desires and tenderness...because when you read these letters, you'll find the heart you're looking into is actually your own. • i think UR great. wanna have wine & Tequila again sometime? • I can't believe you're real, and I think about you constantly in some way or the other all day. I haven't given the finger to anyone driving since I met you. • With you I learned how to fight cleaner, how to talk things out better, and how to make a strong loving family out of nothing. These are priceless gifts that I will carry with me the rest of my life. One more thing you did for me: you left, and I had to get through it. • P.S. I look forward to your letters too much to call. Also, where do you stand on chains?
