Nora Roberts

The Liar Nora Roberts, 2016-03 Devastated to learn that her unfaithful husband had actually married her using an alias, Shelby returns with her young daughter to her Tennessee hometown and pursues a new relationship before her husband's past poses dangerous threats.

Summary of the Liar A Book a Day, 2016-09-29 The Liar, by Nora Roberts, is a mystery romance set against the backdrop of Tennessee's fog-gy Smoky Mountains. Shelby Anne Pomeroy Foxworth, a naive, red-headed-country girl, born and brought up in the holler, learns just how strong she is when her presumed wealthy husband, Richard Foxworth, dies abruptly, plunging her deep into widowhood, debt, social undo-ing, and a series of jarring events, that follow her back to her childhood home. Amidst this unrest, the novel treats the reader to vignettes of country living where a small-town beauty shop bids locals cut their teeth on the fodder of daily news; a humble bar (where everybody doesn't just know your name, but also what you've done and why) serves up real-time rivalries; and the heroine's supportive family (that resemble anyone in small-town America) provides a buffer for the strange events which begin to surround Shelby. Beyond the silhouette of the mysterious mountains, a smoldering romance awaits, just below the heroine's fiery red hair. The novel opens on a quasi shock-grief scene with the protagonist searching for answers to who she may have married and fathered her active 3 year-old baby girl, Callie, with. Shelby is on a journey home to her family and her beloved mountains. But in her pilgrimage to uncover her life of charade, more mystery than mountainous peaks await. The heroine is met with cliff-hanging entanglements (pun intended) that shift the reader from Shelby's recent marriage drama and widowhood untruths, to out-naught cold murder, and then back to seemingly bizarre and random events which continue to follow her, even to her mountainous peaks. Strategically, the author shifts the reader back and forth from romance to mystery, deploying this uncertainty so generously, one is kept off balance and (yes) turning pages. The Liar is a web, if you will, of romance to mystery, and back again - that tangles rather than untangles as it goes. Download your copy today! for a limited time discount of only \$2.99! The Agenda Nora Roberts, 2017-04-24 Nobody does romance--or mystery--like New York Times Bestselling Author Nora Roberts... A Will and A Way It was worse than winning the lottery -- much worse. This bequest might mean more money, but the strings attached had Pandora McVie tied up in knots. Respecting Uncle Jolley's last wishes meant spending time isolated in the Catskills with Michael Donahue, her least favourite -- though best looking -- distant relative and co-beneficiary. Living with a carrot-topped termagant wasn't Michael's idea of a good time, either, but he realised they were stuck. Jolley was a matchmaker to the end -- and apparently for some time beyond. What could happen in six months? Michael answered that one himself: almost anything. The Name of the Game Johanna Patterson had worked long and hard to make a name for herself in a man's world -- and to forget the memories of an unhappy childhood. Now a successful game show producer on her way up, Jo was dependent on no one. Then she met actor Sam Weaver. She had never liked persistent men and she certainly didn't like men with a reputation. But Sam had a way of slipping past her defences. He knew that Johanna's tough, self-sufficient exterior hid a fragile, passionate woman. He'd caught glimpses of her, and he was determined to see more. He wanted to win this game -- and the name of the game was love.

to coax the sweetest grapes from the vineyard. As they toil together, both in and out of the fields, Sophia is torn between a powerful attraction and a professional rivalry.
