A Chalice of Miracles John W. Casperson, 2008-12-15 An excerpt, Miraculous power emanates when wisdom and moral strength and moral discipline determine words and actions that resonate with harmony of eternal morals as opposed to immediate temptations of egoic desire. Miraculous power emanates when we comfort or care for someone in need. Miraculous power of forgiveness can transform a life. Miraculous power of hope can generate a million possibilities. Miraculous power of honesty can cleanse guilt. Miraculous power of atonement can eliminate karmic debt. While miraculous power of faith can move mountains, we possess the miraculous inability to understand that faith is not "one size fits all." There are many paths to the one Truth. Whether Christianity or Islam, religious faith can cause violence and strife among us. Miraculous power of reason can acknowledge that felicity and adversity are the keys of the same piano from which the harmony of life is comprised, and one Composer wrote the symphony. A miracle of empathy can bestow freedom on those who need understanding and knowledge upon those who endeavor to understand. A miracle of affectionate love can transform lover and loved. A physical expression of love can fashion a portal (conception) through which an infinite soul may once again choose to incarnate in order to experience the awe and mystery of life on this small planet amidst the backwaters of the universe. All these powers to be sure, rest within the Chalice of Miracles, the Holy Grail of our bodies that cradles conscience and nurtures within us a creative impulse that impels us toward Divinity.

A Transplanted Life: My Story and Guide on Transplant Success Noah Swanson, 2015-09-23 At age thirteen my

world was turned upside down. The summer between my eighth and ninth grade changed my life forever. I went from rarely stepping foot in a doctor's office, to becoming so familiar with them I frequently found myself napping on the exam table. I spent the next several months being passed from one specialist to the next like unidentified matter. However, at age fourteen, I discovered the answer to my failing health: I was diagnosed with autoimmune hepatitis. Two years later, after three different hospitals, countless doctors and several surgeries, I was the fortunate recipient of a liver transplant. A Transplanted Life: My Story and Guide on Transplant Success was written for two reasons: to share my story and offer useful, practical advice to patients and parents alike, who are going through a similar experience. Because of the dual purpose, the book is separated into two parts.
