LIFE 100 People Who Changed the World Editors of Life, 2016-02-01 Here is a book that will surely spark a lively debate. Who are the hundred most influential religious and political leaders, artists, scientists, and adventurers of all time? How is it even possible to construct such a list? Now, the editors of LIFE comb history, compare notes and dive in. Find out who makes the cut: King Tut or Cleopatra? Thomas Jefferson or George Washington; The Rolling Stones or The Beatles; Steve Jobs or Bill Gates. This is a look at history told through its most charismatic and fascinating characters. It is also full of fun facts, tidbits, arguments and rarely seen pictures, and will appeal to curious minds, young and old alike.

The Mark of a Giant Ted Stewart, 2013 Throughout the course of history, civilization has been blessed by strong-minded men and women who have impacted our world in extraordinary ways. Their imprint upon humanity is beyond dispute. And many would contend that they were no less than the result of Divine Providence—a gift of God to the human race. Who are these individuals? What is it about these few that make them different? Were they merely in the right place at the right time? Or were they somehow chosen? This book examines the lives and contributions of seven men and women who changed the world: Abraham of Ur, Pericles, the Apostle Paul, Sir Isaac Newton, Marie Curie, Martin Luther King Jr., and Mother Teresa.

People Who Changed the World Rodney Castleden, 2005 Rodney Castleden presents a thought-provoking look at the various people whose lives have illuminated the world in one way or another, highlighting extraordinary individuals and the impact they made on human society.

75 People Who Changed The World Editor - Ira Rifkin, 2007 75 PEOPLE WHO CHANGED THE WORLD is a wonderful, provocative collection of short biographies of reformers, scholars, martyrs and mystics – of many faiths – who shook up religious thought and practice in the twentieth century. The short profiles make interesting reading – and, often, discovery – and the quotations and bibliographies following each profile make this an even more valuable resource. It's an admiring and instructive survey of influential spiritual practitioners and pioneers. A celebration of the human spirit, ideal for both seekers and believers, the curious and the passionate, thinkers and doers, 75 People Who Changed The World is an authoritative guide to the most creative spiritual ideas and actions of the past century – a challenge for us today.

Social Media Era Communication Insufficiency Prof. Dr. Sedat CERECI, 2020-04-01 Life is based on technological base in modern age and everybody uses technological products and the world agenda is based on technology too. People have communicated face to face for thousands years and technology provided people easy techniques to communicate and the world changed the age. Media brought many different messages and colours to the world in 19.th century and messages and colours increased in the beginning of 20.th century. People use different forms and different approaches via media and extended their lives. Any technological product eased people's lives and provided them more facilities. Modern age created a competition and race atmosphere in the world and all people try to prove themselves in the hectic and tense atmosphere of modern age. Social media is the most available way to prove themselves and everybody can reveal all the properties via social media. By the way, social media became the most famous competition arena and turned into the most widespread show tools. Many people share their photographs and messages and watch the messages of others and watch the world. Social media is perceived as the mirror of the world and opinions and images of everybody in the world.
