## Charles Palliser

The Quincunx Charles Palliser, 1990-11-27 An extraordinary modern novel in the Victorian tradition, Charles Palliser has created something extraordinary—a plot within a plot within a plot of family secrets, mysterious clues, low-born birth, high-reaching immorality, and, always, always the fog-enshrouded, enigmatic character of 19th century—London itself. “So compulsively absorbing that reality disappears . . . One is swept along by those enduring emotions that defy modern art and a random universe: hunger for revenge, longing for justice and the fantasy secretly entertained by most people that the bad will be punished and the good rewarded.”—The New York Times “A virtuoso achievement . . . It is an epic, a tour de force, a staggeringly complex and tantalizingly layered tale that will keep readers engrossed in days. . . . The Quincunx will not disappoint you. It is, quite simply, superb.”—Chicago Sun-Times “A bold and vivid tale that invites the reader to get lost in the intoxicating rhythms of another world. And the invitation is irresistible.”—San Francisco Chronicle “A remarkable book . . . In mood, color, atmosphere and characters, this is Charles Dickens reincarnated . . . It is an immersing experience.”—Los Angeles Times Book Review “To read the first pages is to be trapped for seven-hundred odd more: you cannot stop turning them.”—The New Yorker “Few books, at most a dozen or two in a lifetime, affect us this way. . . . For sheer intricacy and ingenuity, for skill and clarity of storytelling, it is the kind of book readers wait for, a book to get lost in.”—The Philadelphia Inquirer

**Betrays** Charles Palliser, 1995 At once a hypnotic murder mystery, scathing literary parody, soap opera, and brilliant pastiche, *Betrays* is an astonishing virtuoso performance by a modern master of literary gamesmanship in the tradition of Vladimir Nabokov and John Barth. The novel unfolds in a series of seemingly unrelated narratives, each written in a different style -- indeed, in a different genre. There is an obituary for a Scottish scientist and Nobel Prize winner, written by a colleague who clearly relishes his death. Early in the century, a train in the Scottish Highlands heads down the wrong track during a winter snowstorm, and the passengers are forced to abandon the train, resulting in the death -- or is it murder? -- of one of them. An inane publisher's reader summarizes the plot of a tacky hospital romance novel, which ends in a gory murder all too reminiscent of Jack the Ripper. Even a report on a contemporary academic controversy explodes into a scandal of plagiarism, shattered reputations, paranoia, and suicide -- or is it murder made to look as such? As Palliser deftly teases out each new situation, it becomes clear that they are all variations on a single outrageous theme: a distinguished figure in some intellectual pursuit -- science, literature, academia -- becomes obsessed with the success of a rival and schemes his demise, only to botch the job out of sheer monomania. Like the scorpion that stings itself to death, each plotter becomes a victim of

his own plot; each betrayer changes places with the betrayed in an intricate dance of deception, revenge, and revelation. A challenging, engrossing, utterly original work of art, *Betrayals* is also pure joy to read -- a book that will make you laugh out loud, turn pages madly in pursuit of the next plot twist, and above all, marvel at the supreme ingenuity of a fictional puzzle in which the unlikeliest pieces fit together perfectly. From the Hardcover edition.

**The Unburied** Charles Palliser, 2000-11 In Victorian England, Dr. Courtine is invited to spend the days before Christmas with a friend from his youth. Courtine finds himself drawn into a haunting world of avarice, skullduggery, and exceptional evil stemming from a 200-year-old murder.

*Nostalgic Postmodernism* Christian Gutleben, 2001 Why do so many contemporary British novels revert to the Victorian tradition in order to find a new source of inspiration? What does it mean from an ideological point of view to build a modern form of art by resurrecting and recycling an art of the past? From a formal point of view what are the aesthetic priorities established by these postmodernist novels? Those are the main questions tackled by this study intended for anybody interested in the aesthetic and ideological evolution of very recent fiction. What this analysis ultimately proposes is a reevaluation and a redefinition of postmodernism such as it is illustrated by the British novels which paradoxically both praise and mock, honour and debunk, imitate and subvert their Victorian models. Unashamedly opportunistic and deliberately exploiting the spirit of the time, this late form of postmodernism cannibalizes and reshapes not only Victorianism but all the other previous aesthetic movements - including early postmodernism.

Sufferance Charles Palliser, 2024-05 From the author of the international bestseller *The Quincunx* When his nation is invaded and occupied by a brutal enemy, a man persuades his wife that they should give temporary shelter to a young girl who is at school with their daughter. He has no idea that the girl belongs to a community against whom the invader intends to commit genocide. Days stretch into weeks and then months while the enemy's pitiless hatred of the girl's community puts all of the family in danger. Nobody outside the family can be trusted with the dangerous secret and the threat from outside creates internal conflicts that put the family's unity at risk.

**Refracting the Canon in Contemporary British Literature and Film**, 2016-08-09 Contemporary works of art that remodel the canon not only create complex, hybrid and plural products but also alter our perceptions and understanding of their source texts. This is the dual process, referred to in this volume as “refraction”, that the essays collected here set out to discuss and analyse by focusing on the dialectic rapport between postmodernism and the canon. What is sought in many of the essays is a redefinition of postmodernist art and a re-examination of the canon in the light of contemporary epistemology. Given this dual process, this volume will be of value both to everyone interested in contemporary art—particularly fiction, drama and film—and also to readers whose aim it is to promote a better appreciation of canonical British literature.

*Prizing Scottish Literature* Stevie Marsden, 2021-02-15 This cultural history of the Saltire Society Literary Awards demonstrates the significance the awards have had within Scottish literary and cultural life. It is one piece of the wider cultural award puzzle and illustrates how, far from being parochial or niche, lesser-known awards, whose histories may be yet untold, play their own role in the circulation of cultural value through the consecration of literary value. The study of the Society's Book of the Year and First Book of the Year Awards not only highlights how important connections between literary awards and national culture and identity are within prize culture and how literary awards, and their founding institutions, can be products of the socio-political and cultural milieu in which they form, but this study also illustrates how existing literary award scholarship has only begun to scratch the surface of the complexities of the phenomenon. This book promotes a new approach to considering literary prizes, proposing that the concept of the literary awards hierarchy can contribute to emerging and developing discourses pertaining to literary, and indeed cultural, prizes more broadly.
