**Stacey Kennedy**

**A Bachelor Party for Odysseus** Albert M. Balesh, 2015-10-01 In this first in the Alex Bales Fiction Series, high-powered, Chicago CEO Alex Bales has it all, including a loyal friend named Randy Danhurst. Yet something is missing in his life. Alex's flings with strange women and drunken debauchery bring him no satisfaction, and he has already begun to see the telltale signs of his body's decline. He's gone on like this for years, devoid of true happiness that transcends the material. Then a straw breaks the camel's back, when Alex finds his friend Randy's body dripping blood on a cold bathroom floor. That shock triggers introspection and a quest to relive his life, further encouraged by a mysterious ad Alex sees buried in the Chicago Tribune. It appears that a new experimental drug called FOY1 is about to be employed in a suburban research project. Alex makes the trek to the address listed in the ad, and that becomes the beginning of his plunge into deep, dark waters. He knows not whether the new characters he meets are real or imaginary. The strange character of Dr. Edward Stawson, the principal investigator in the experiment, promises to give Alex a new mental and physical identity at very little risk. Is Stawson, however, an uncompromising researcher or something far more sinister? Alex relives his life post-experiment, and goes down the "rabbit hole," with the growing grim realization that something is amiss. Was his participation in Stawson's experiment nearsighted, at best? Includes Readers Guide.

The Philosophy of Rich Ted Courtemanche, 2007-09-24 On November 4, 2005, Richard Courtemanche drove his pickup truck to the Barton Creek greenbelt in Austin, Texas, with a shotgun by his side. He planned to end his life, alone, on the shores of his favorite creek. Instead, for one notorious afternoon -- mired in an advanced stage of bipolar disorder -- he was surrounded by crisis negotiators, a SWAT team, reporters and cameras. Written in clear and compassionate prose, *The Philosophy of Rich* is at once a tragic account of suicide and a laugh-out-loud collection of family stories. It's an education about bipolar disorder and major depression, and a warm, genuine narrative of two brothers' lives. As it follows Rich from U.S. Marine to millionaire futures trader, the book also provides a lucid inquiry into what we miss when someone dies. Incorporating ideas from philosophy of mind as well as psychology and neuroscience, Ted Courtemanche creates a book as insightful as it is humane. --Amazon.
