Social Reading Cultures on BookTube, Bookstagram, and BookTok Bronwyn Reddan, Leonie Rutherford, Amy Schoonens, Michael Dezuanni, 2024-04-30 This book examines the reading cultures developed by communities of readers and book lovers on BookTube, Bookstagram, and BookTok as an increasingly important influence on contemporary book and literary culture. It explores how the affordances of social media platforms invite readers to participate in social reading communities and engage in creative and curatorial practices that express their identity as readers and book lovers. The interdisciplinary team of authors argue that by creating new opportunities for readers to engage in social reading practices, bookish social media has elevated the agency and visibility of readers and book consumers within literary culture. It has also reshaped the cultural and economic dynamics of book recommendations by creating a space in which different actors are able to form an identity as mediators of reading culture. Concise and accessible, this introduction to an increasingly central set of literary practices is essential reading for students and scholars of literature, sociology, media, and cultural studies, as well as teachers and professionals in the book and library industries.

The Informal Constitution Abhinav Chandrachud, 2020-11-30 Enacted for historical reasons on 26 January 1950, the Constitution of India provided that the Supreme Court of India, situated in New Delhi, was to have one Chief Justice of India, and not more than seven judges. Today, the Court has 33 judges in addition to the Chief Justice of India. But who are these judges, and where did they come from? Its central thesis is that despite all established formal constitutional requirements, there are three informal criteria which are used for appointing judges to the Supreme Court: age, seniority, and diversity. The author examines debates surrounding the Indian judicial system since the institution of the federal court during the British Raj. This leads to a study of the political developments that resulted in the present 'collegium system' of appointing judges to the Supreme Court of India. Based on more than two dozen interviews personally conducted by the author with

former judges of the Supreme Court of India, this book uniquely brings to the fore the unwritten criteria that have determined the selection of judges to the highest court of law in this country for over six decades.

Tareekh Pe Justice Prashant Reddy Thikkavarapu, Chitrakshi Jain, 2025-03-20 One of the biggest failures of the Indian state since it gave itself a new Constitution in 1950 has been its inability to deliver fair and timely justice to its citizens. *Tareekh Pe Justice: Reforms for India's District Courts* conducts a deep dive into the dysfunction plaguing the district judiciary. These courts are the only layer of the judiciary that operate in every district of the country. Of the three tiers of the Indian justice system, the district courts hear the largest number of cases and are the first point of contact for most Indians seeking justice. Traditionally, the debate on judicial reforms in India has been framed by the judiciary in terms of resources, be it the number of judges or funding for the judiciary. In this book, the authors attempt to reframe the issue by pointing instead to the institutional factors that have created a chilling atmosphere for the judges of the district judiciary, hampering their ability to deliver fearless, swift and decisive justice. The authors also point to a litany of problems within the higher judiciary upon whom falls the responsibility of administering the district courts. This includes a failure to publish accurate judicial statistics, an opaque decision-making process, a poorly conceptualized digitization project that has gobbled up more than Rs 2,000 crore and reckless judicial activism that has often resulted in half-baked judicial reforms. Lastly, the authors propose three big ideas to fundamentally rethink the justice system. These ideas include redesigning the constitutional architecture of the Indian judiciary, bringing back citizens into the courtrooms via juries and resisting dangerous populist demands that seek the decimation of procedural and evidentiary safeguards in the law. These are reforms that can transform the efficiency of the district courts while also restoring public trust in the Indian judiciary and the rule of law in India.

Stand on Guard Stephanie Carvin, 2021-06-01 In *Stand on Guard*, Stephanie Carvin sets out to explain the range of activities considered national security threats by Canadian security services today. As new forms of terrorism and extremism appear, especially online, we need a responsibly widened view of such threats and how they manifest in the contemporary world. Canadians should not be more fearful, Carvin explains, but a more sophisticated understanding among security services personnel and the general public is needed if we are to anticipate and ameliorate threats to national security. As a former security analyst tasked with providing threat assessments to high levels of government, Carvin writes with both authority and urgency. Her book presents an insider's look at the issues facing the Canadian security and intelligence community. Timely and accessible, *Stand on Guard* will be required reading for scholars, practitioners, and any Canadian concerned about national security in the twenty-first century.
