A Very Large Expanse of Sea Tahereh Mafi, 2018-10-16 Longlisted for the National Book Award for Young People's Literature! From the New York Times and USA Today bestselling author of the Shatter Me series comes a powerful, heartrending contemporary novel about fear, first love, and the devastating impact of prejudice. It's 2002, a year after 9/11. It's an extremely turbulent time politically, but especially so for someone like Shirin, a sixteen-year-old Muslim girl who's tired of being stereotyped. Shirin is never surprised by how horrible people can be. She's tired of the rude stares, the degrading comments—even the physical violence—she endures as a result of her race, her religion, and the hijab she wears every day. So she's built up protective walls and refuses to let anyone close enough to hurt her. Instead, she drowns her frustrations in music and spends her afternoons break-dancing with her brother. But then she meets Ocean James. He's the first person in forever who really seems to want to get to know Shirin. It terrifies her—they seem to come from two irreconcilable worlds—and Shirin has had her guard up for so long that she's not sure she'll ever be able to let it down.

Constantine and the Council of Nicaea, Second Edition David E. Henderson, 2024-10 Before Constantine rose to power as the Roman emperor, the empire followed polytheistic beliefs. Any deviation from this tradition, particularly embracing Christianity, was met with severe punishment including imprisonment, torture, and execution. Christians were especially targeted as their faith was considered a cult at the time. However, after Constantine embraced Christianity, there was a significant shift. In 325 CE, Constantine summoned early Christian leaders to Nicaea (modern-day İznik in Turkey) to deliberate on matters pertaining to the governance and doctrines of a unified Christian church. This gathering aimed to establish a single, cohesive, and catholic church that would unify the Roman world under one dominant religion. In the game, students immerse themselves in the theological debates that defined the challenges and disagreements within the church leadership, addressing fundamental aspects of Christian beliefs. Can the bishops assembled at the council resolve these issues, or will the church face division or dissolution? The outcome of this conference holds the power to shape the trajectory of Christianity for centuries to come.

The Routledge Student Guide to English Usage Stewart Clark, Graham Pointon, 2016-05-20 The Routledge Student Guide to English Usage is an invaluable A-Z guide to the appropriate use of English in academic contexts. The first part of the book

covers approximately 4000 carefully selected words, focusing on groups of confusable words that sound alike, look alike or are frequently mixed up. The authors help to solve academic dilemmas, such as correct usage of the apostrophe and the crucial difference between infer and imply. Examples of good usage are drawn from corpora such as the British National Corpus and the Corpus of Contemporary American English. The second part covers the key characteristics of formal English in a substantial reference section, comprising: • stylistic features • punctuation • English grammar • the use of numbers • email writing. This is the essential reference text for all students working on improving their academic writing skills. Visit the companion website for a range of supporting exercises: www.routledge.com/cw/clark.

North Sea Passage and the Women of Spirit André Schulman, 2013-02-01 This is a story like a novel, of two generations of a fugitive family who land at Harwich in 1939. There are backward glances through Germany and Poland to the mid-nineteenth century, and it ends in the present day. The actions take place in the villages of old Poland, Nazi Berlin, wartime London and seaside towns, in school and the sports-field, in the Paris of 1945, on Alpine glaciers, amongst rising stars of British politics... It has two main threads – the mind of Etienne, and the characters of the mother, the sister and later of the Cabinet Minister who was a leading persuader in the formation of the party that was to re-shape British politics and was its Leader in the Lords. The sister was ‘the nearest thing the Left had to a political hostess’. Theme might be said to be corruption of character associated with idealistic politics; even more portentously, the pre-Socratic mind of Etienne through whom the action is seen – overwhelmed by his present experiences and historical daydreams, retarded in rationality, unable to speak, his mind a disorder of mists and his values dark – un-English, unmodern. *North Sea Passage and the Women of Spirit* is a memoir but written in the style of literary novel and will appeal to readers of that genre, as well as of biography and modern history.
