Understanding Things Fall Apart Kalu Ogbaa, 1999-01-30 *Things Fall Apart* is the most widely read and influential African novel. Published in 1958, it has sold more than eight million copies and been translated into fifty languages. African culture is not familiar to most American readers however, and this casebook provides a wealth of commentary and original materials that place the novel in its historical, social, and cultural contexts. Ogbaa, an Igbo scholar, has selected a wide variety of historical and firsthand accounts of Igbo history and cultural heritage. These accounts illuminate the historical context and issues relating to the colonization of Africa by European powers, in particular Britain's colonization of Nigeria. Fascinating materials bring to light the novel's cultural context—folkways, language and narrative customs, and traditional Igbo religion. Among the documents included are a slave narrative, interviews, journal and magazine articles, and historical essays. Each chapter is followed by questions for class discussion and ideas for student paper topics. A selection of maps and photos of Igbo culture complement the text. Following a literary analysis, historical documents trace the European powers' partition of Africa and the creation and colonization of Nigeria, home of the Igbo people. Several chapters on Igbo cultural harmony feature materials that explain the Igbo view of the world of humans and the world of the spirits, Igbo language, and traditional Igbo religion and material customs. Selections on the African novelists' novel place *Things Fall Apart* in the context of African literature and emphasize the difference between African and Western elements of fiction. A concluding chapter examines the debate on writing African novels in ex-colonizers' languages. This casebook will greatly enhance the reader's appreciation of the novel and understanding of Igbo history, society, culture, and civilization.

Chinua Achebe and the Politics of Narration Thomas Jay Lynn, 2017-07-18 This book examines vital intersections of narration, linguistic innovation, and political insight that distinguish Chinua Achebe's fiction as well as his non-fiction commentaries. Each chapter focuses on a different aspect of these intersections: Achebe's narrative response to Western

authors who have written on Africa, his integration of Igbo folklore, the political implications of writing African literature in English, his use of Nigerian Pidgin, and the Nigerian Civil War. It also addresses the teaching of Achebe's works. Achebe drew on diverse resources to offer searching psychological and political insights that contribute not only a decidedly African political viewpoint to the modern novel, but also a more inclusive narrative consciousness. Achebe's adaptations of Igbo oral art are intrinsic to his writing's political engagement because they assert the integrity and authority of the African voice in a global order defined by colonialism. This book reveals how his work has helped to restructure a global vision of Africa.

Notes on Achebe's Things Fall Apart Joseph Mbele, 2003

The Traditional African Concept of God and the Christian Concept of God Peter Chiehiura Uzor, 2004 This book is motivated by the positive view of the non-Christian religions expressed by the Fathers of the Vatican Council II (cf. NA 2a), a revolutionary view considered from the official teaching of the tradition of the Church up till then, and much more in such a central issue as the belief in God. This book aims at initiating a healthy interaction between the Christian understanding of God and the understanding of God in the traditional religion of the Igbo people of West Africa. In approaching this task this special study pursues some major aims. In the first place it engages itself in the clarification of some basic issues: Are the religious experiences which are phenomenologically found in all religions including the Igbo religion only mere human fabrications or do they originate from a revelation of God? Secondly, this publication working with the innovative analysis of the theophoral personal names provides some profound factual information about the concrete contents of the Igbo religion on God. Thirdly, the author tries to find out whether there could be a basic agreement between the understanding of God in Igbo religion and the biblical revelation. In this work the fundamental agreement is found in the conviction that God in traditional Igbo religion, Chukwu and the God of the Bible is the God of life. The purpose of this book therefore, is to bring back the question of God to the centre of existential Christian life: it is to make the theme of God the motivation and criterion for the whole Christian life and spirituality - both individually and communally. The theme of the God of life introduces God into life and connects the problems and questions of men and women of today to the theme of God.

World Views in Chinua Achebe's Works Raisa Simola, 1995 Chinua Achebe examines Nigerian societies not only of different times but from many perspectives as well. This study concentrates on the differing world views (Weltbilder) in his texts; all the novels of the writer, his collections of essays, children books, short stories as well as poems are taken under scrutiny. In addition, the world view (Weltanschauung) of the writer is examined. Through it, Achebe's «message» for a better future is distilled.
