*The Quote Verifier* Ralph Keyes, 2007-04-01 Our language is full of hundreds of quotations that are often cited but seldom confirmed. Ralph Keyes's *The Quote Verifier* considers not only classic misquotes such as Nice guys finish last, and Play it again, Sam, but more surprising ones such as Ain't I a woman? and Golf is a good walk spoiled, as well as the origins of popular sayings such as The opera ain't over till the fat lady sings, No one washes a rented car, and Make my day. Keyes's in-depth research routinely confounds widespread assumptions about who said what, where, and when. Organized in easy-to-access dictionary form, *The Quote Verifier* also contains special sections highlighting commonly misquoted people and genres, such as Yogi Berra and Oscar Wilde, famous last words, and misremembered movie lines. An invaluable resource for not just those with a professional need to quote accurately, but anyone at all who is interested in the roots of words and phrases, *The Quote Verifier* is not only a fascinating piece of literary sleuthing, but also a great read.

*History with the Beatles* Bradford E. Loker, 2009 Do you want to stir up some fond memories of the 1960's and The Beatles? Whether you've experienced this phenomenal period known as the 60's first hand or not, this book called *History with the Beatles* will cast your mind back into the past and take you on a Magical Mystery Tour through the highlights of world history intertwined with the highlights of Beatles history between the period of 1960-1971, including relevant tidbits, facts, fads, statistics, trends, personalities, winners, losers, etc., that defined those given years. This in-depth, 390 page chronological timeline book is a new and different attempt to unravel the Beatles story - with the added dimension of world history also included - in order to reflect what was happening in the 60's world history as the Beatles were making their own history. This book is extremely interesting in this regard alone The Beatles soared to unbelievable heights against incredible odds, and then, somehow, just as they reached their peak, they seemed to come apart at the wheels Why? How? When? This book attempts to let the actual facts and events of the Beatles as they happened in actual history help answer some of these questions and more, as the reader re-visits some of the most incredible historical events of the 60's including the Bay of Pigs, Vietnam War, putting a man on the moon for the first time, the JFK, MLK, and RFK assassinations, race riots, Cold War, Civil Rights Act, Woodstock, campus unrest, the Kent State tragedy, etc. History cannot be complete without the Beatles, and the Beatles story cannot be complete without history. This is an in-depth look at both. A must have book, for any Beatlemaniac

A Field Guide to Good Decisions Mark D. Bennett, Joan M. Gibson, 2006-03-30 We all face tough choices: business executives, community leaders, and family members all struggle with difficult decisions on a daily basis. What we decide reveals what really matters to us; how we decide determines whether we succeed or fail. Developed over twenty years in settings as diverse as hospital bedsides and corporate boardrooms, *A Field Guide to Good Decisions* provides the skills to make decisions that reflect your core values while respecting those of others, including the long-term implications for all participants. Illustrated through many real-life examples that will resonate with readers both professionally and personally, *A Field Guide to Good Decisions* offers practical tools and techniques for identifying individual and common goals, reaching consensus, and communicating the results effectively. The authors also show readers how to overcome common obstacles to good decision-making (psychological, cultural, and organizational). Ultimately, this book is about making decisions which, while not always a matter of life or death, nevertheless have a powerful effect on our sense of self, our credibility in the eyes of others, and the lives of those touched by the choices we make. Decision making is always personal. Each of us makes important decisions at work, in the community, and at home. When we face tough choices, what we decide reveals what really matters to us; how we decide determines whether we succeed or fail. Business executives, community leaders, and family members all struggle with difficult decisions: a senior management team makes an important choice about whether to pursue an acquisition; a baby-boomer decides whether to place an elderly parent in assisted living; a non-profit administrator considers laying off employees to have money and continue serving the community. For each, the steps toward a good decision are the same: know your values, engage others to understand theirs, and communicate with respect and candor. Simple in concept, not so easy in practice—but making a good decision demands nothing less. Developed over twenty years in settings as diverse as hospital bedsides and corporate boardrooms, *A Field Guide to Good Decisions* provides the skills to make decisions that reflect your core values while respecting those of others, including the long-term implications for all participants. **Friendlyvision** Ralph Engelman,2011-04-20 Fred Friendly (1915-1998) was the single most important personality in news and public affairs programming during the first four decades of American television. Portrayed by George Clooney in the film *Good Night and Good Luck*, Friendly, together with Edward R. Murrow, invented the television documentary format and subsequently oversaw the birth of public television. Ralph Engelman's biography is the first comprehensive account of Friendly's life and work. Juggling the roles of producer, policy maker, and teacher, Friendly had an unprecedented impact on the development of CBS in its heyday, wielded extensive influence at the Ford Foundation under the presidency of McGeorge Bundy, and trained a generation of journalists at Columbia University during a tumultuous period of student revolt. Drawing on private papers and interviews with colleagues, family members, and friends, *Friendlyvision* is the definitive story of broadcast journalism's infamous wild man, providing crucial perspective on the past and future of American journalism.

**Guam's Trial of the Century** Peter DeBenedittis,1993-09-30 This volume is a critical case study of the press coverage of the corruption trial of former Guam Governor Ricardo Bordallo, who maintained a strong indigenous rights stance, and committed suicide for his people rather than serve a three-year jail sentence. DeBenedittis focuses on the media's role in cultural imperialism, taking the position that news is necessarily hegemonic. Particular topics include how story structure and labeling can imply guilt or innocence, and how rumors play a unique role in mitigating the persuasive power of the press. Besides illuminating analysis of the media produced during the trial, DeBenedittis includes interviews conducted with key personnel at every media outlet in Guam, trial participants, Bordallo's press secretary, and several cultural critics.

**The Borrowed Years, 1938-1941** Richard M. Ketchum,1991 Re-creating the consciousness of America from 1938-1941, The Borrowed Years skillfully mingles the personal with the cataclysmic. It begins with a new generation of journalists--Murrow, Shirer, Severeid--bringing us the faraway voices of men named Chamberlain, Churchill, and Hitler, and tellsolationism and the woeful weakness of the U.S. military during that borrowed time when America lost its innocence. 20 photographs and 5 maps.

The Power of the Obvious perfectly captures what really counts in business in a way that teaches and inspires. What really counts are things we all once knew but need to be reminded of.
