**Sofonisba's Lesson** Michael W. Cole,2019 Within a span of seven or eight years in the 1550s, the Italian painter Sofonisba Anguissola produced more self-portraits than any known painter before her had in a lifetime. She was the first known artist in history to take her parents and siblings as primary subject matter, and may have painted the first group portrait featuring only women. Cole examines Sofonisba's paintings as expressions of her relationships and networks, looking at why Sofonisba was able to become a great woman artist: at her father, who decided to allow her to be educated as a painter; at her teacher, Bernardino Campi; and at her relationships with her students, sisters, and patrons, who included the Queen of Spain. Cole demonstrates that Sofonisba made teaching and education a central theme of her painting. The book also provides the first complete catalogue of all of Sofonisba's known works--

The Color of Life J. Paul Getty Museum,2008 There has been a persistent tradition of enlivening sculptures with color. This book presents five essays on polychromy in classical Greek through contemporary sculpture, along with discussions of over 40 extraordinary polychrome sculptures.

**Archer M. Huntington** Patricia Fernández Lorenzo,2024-12-20 At the turn of the twentieth century, New York City philanthropist, arts patron, and scholar Archer M. Huntington became the foremost collector and face of Spanish art in the United States with the founding of the Hispanic Society of America. This organization, which served as a bridge between artists in Spain and wealthy patrons in the States, was the culmination of a lifetime of scholarship and passion for Spanish culture for Huntington, one he would grapple with throughout his public and intellectual life. In Archer M. Huntington:

Founder of the Hispanic Society of America, Patricia Fernández Lorenzo offers, for the first time in English, a complete biography of Huntington, tracing his enthusiasm for Spain and the arts from his childhood, to his marriage to sculptor Anna Hyatt and his crisis of conscience in the wake of the violence of the Spanish Civil War. Drawing heavily from Archer's correspondence and from Anna Hyatt Huntington's papers, housed at Syracuse University, Fernández Lorenzo offers a full, deeply human portrait of one of the great patrons of Spanish art, giving a comprehensive look at Huntington's role in defining Hispanicism in the United States.

Defining and Perceiving Feelings in the Late Middle Ages ,2025-04-24 In order to have a constructive discussion about feelings in the late Middle Ages, it is beneficial to first evaluate how the feelings of individual men and women were defined. As such, the purpose of this book is to explore the words used by late medieval men and women to refer to their feelings and to examine their meanings. By doing so, we can better understand the efforts of late medieval society to express, use, and transmit certain feelings, especially as they related to manoeuvres of power or the articulation of social values. web properties of matter fall into one of  
two categories if the property depends  
on the amount of matter present it is an  
extensive property the mass and  
volume of a substance are examples of  
extensive properties for instance a  
gallon of milk has a larger mass and  
volume than a cup of milk
