Observations & Confessions General Misunderstood, 2025-05-22 Brief Descriptions: 1,500+ humorous observations and mostly false confessions. Observational and imitative resolution of approximately 100 demons. Comedic supplementation of the 100 commandments. Further practical elucidation of the structure of comedy. The natural follow-up to the Demons in Comedy series. A trojan-horse for conquering hell. A vehicle for me to get onto the Joe Rogan podcast (probably a UFO). A book that may spontaneously combust rather than get burned. Evidence of actually being a meaningful comedian too. Another attempt at being rescued from poverty. Nerdy Description: This is a collection of jokes capped at one hundred words and partitioned into the categories of observations and confessions for significantly expanding upon the entire Demons in Comedy series and thus Parts I-II and the Wordplay, Alloy, & Introductory editions via imitating demons in a random rather than telegraphed manner and adding that comedy is also observation regarding consensus sin. A reasonable expectation for the quality of the material is as follows: 1/4 jokes great 1/4 jokes good 1/4 jokes average 1/4 jokes bad The failures should join the successes in elucidating joke-writing through showing corresponding imprudence rather than shrewdness. Read the entire sample before buying/reading/defenestrating. Not for individuals who melt above 32 degrees Fahrenheit.

AI and Ada Mark Seligman, 2025-10-07 The book's Preface places the current AI explosion in the context of other technological cataclysms and recounts the author's personal (and not always deadly serious) AI journey. Chapter One ("Extracting the Essence") assesses the potential of machine translation of literature, exploiting Vladimir Nabokov's hyperconscious literary art as a reference point. Chapter Two ("Toward an Artificial Nabokov") goes on to speculate on possibilities for actual artificial creation of literature. Chapter Three ("Large Literary Models? Intelligence and Language in the LLM Era") explains recent spectacular progress in Generative Artificial Intelligence (GenAI), as exemplified by Large Language Models like ChatGPT. On the way, the chapter ventures to tackle perennial questions ("What is intelligence?" "What is language?") and culminates in an assortment of striking demos. The volume's Sendoff considers whether machines, while now arguably intelligent, can ever also gain sufficient sensation and emotion to create language art with other than borrowed depth - and, while viewing this development as likely all too soon, declines to despair on that account.

The Christ Literalist L. O. U. MEZA, 2006-02 What did Christ say about war, peace and humanity? What did he say about politics and taxes? About life and death? Liberty and justice? What did he say about lust and greed? Family, marriage and

divorce? The Christ Literalist is an attempt to consolidate His Word, i.e., at least, the words he actually spoke, into one volume. What is left, are the words of Christ for what they are, unadulterated, placed in their historical setting and contrasted by secular quotes from other notable historical and modern celebrities, revolutionaries, radical thinkers and misfits: 'Christianity will go. It will vanish and shrink. I needn't argue about that; I'm right and I will be proved right. We're more popular than Jesus now.' John Lennon, of The Beatles British Musician, 1940-1980 'In the secret of my knowledge there is no God but me. The Satanic Rituals Written By Anton LaVey, (1972) 'the time has come. It is quite clear our Antichrist is here. It is done. Marilyn Manson, Antichrist Superstar American Rock Artist, 1971- 'You're the Anti-Christ. You know that Stern? Pig Vomit, in Private Parts Film Directed By Betty Thomas (1997) 'Ye serpents, ye generation of vipers, how can ye escape the damnation of hell? Jesus Christ Gospel of Matthew
