**Song of the Season** Thomas Hischak,2024-03-21 What links the popular songs You'll Never Walk Alone, Send in the Clowns, Memory and I Am What I Am? They all originated in Broadway musicals. Song of the Season is for those who believe that the score is at the heart of a musical and is the essential building block on which the rest of a show is built. Through a systematic historical survey from 1891 to 2023 it argues that the best musicals survive because of their songs, from early 20th century classics such as Show Boat and Oklahoma! through to the contemporary sound of Dear Evan Hansen and Hamilton. Looking at outstanding songs from each Broadway season, the development and history of the musical is illustrated with a fresh perspective. As song styles and popular music tastes changed throughout the decades this structure charts the progress of American showtunes alongside popular music forms as songs evolved from the waltz and ragtime to jazz, rock, rap and hip-hop. Factual analysis and historical context combine to offer a rich picture of the American songbook from Irving Berlin to Elton John. Song of the Season paints a fresh picture for musical theatre students and fans alike, illustrating significant changes in the form through the music. Analyzed in an accessible and engaging way that doesn't rely on music theory knowledge, and including a link to playlist where all the 'songs of the seasons' can be listened to, it is a must-have for those looking to expand their knowledge of the form and trace the social history of the American showtune.

*They Also Wrote* William E. Studwell,2000-10-18 Shining a light on under-appreciated or unknown American popular songwriters active from 1848 until 1955, William E. Studwell profiles three hundred and forty-four of them in evaluative historical essays. The essays provide biographical data, focus on the songs for which the songwriter is best known, then list the lesser-known songs in chronological order. Although most of the people included in the book will be new to readers, one section does focus on Famous Persons Not Primarily Known for their Songwriting, including Benny Goodman and Dale Evans.

Readers interested in a variety of song styles will find ample material to hold their interest-from barbershop quartet songs, patriotic songs, and college songs to jazz compositions, big band numbers, and country-westerns. Information detailed here for the first time will make this reference source significant not only for those interested in the profiled songwriters, but also as a repository of cultural information about our musical past.

Gathering of Cans Robert L. Saunders,2006-11-09 In this moving story, the reader will sense an air of greedy anticipation as it reveals particular aluminum cans that 56-year-old Zoie Baker gathers along the rural roads to raise the money to build a swimming pool for the children of her community. During this quest, the reader will find a story connected to special cans: a gold Budweiser can, a green Mountain Dew can, a Santa Claus Coca-Cola can, and a NEHI can. With each special can, the reader will be going on another special journey with Zoie; from the romantic but turbulent time of World War II, through the tumultuous decade of the 1960's; and ending with Zoie gathering cans during the 1980's. There is magic, not just because of the wondrous characters, but also the friendships formed and the joys and the sorrows realized by each unique character.

*A Resource Guide to Themes in Contemporary American Song Lyrics, 1950-1985* B. Lee Cooper,1986-04-22 B. Lee Cooper offers a kaleidoscopic portrait of contemporary American society as it has been captured and transmitted in the lyrics of more than 3,000 popular recordings. By tracing the permutations of American popular music from the end of the Big Band/Swing Era through the Age of Rock, the author presents a thematically structured analysis of popular music lyrics from 1950 through 1985. Cooper divides his lucid commentaries and lists of songs into fifteen sections, each dealing with a particular social, political, or personal theme. In the brief essays that precede the lengthy discographic sections, the author explores the ways in which popular music has dealt with such issues as religion, death, education, youth culture, transportation, mass media, protest, military activity, women's liberation, and drug use and abuse. An illustrative discography of 45 r.p.m. records follows each section of commentary. An extensive bibliography of books, articles, and special reports appears at the end of the volume, along with a selected discography of album-length recordings which supplements the extensive 45 r.p.m. listings.
