Seduced by Twilight Natalie Wilson, 2014-01-10 Stephenie Meyer's Twilight saga has maintained a tight grip on the contemporary cultural imagination. This timely and critical work examines how the Twilight series offers addictively appealing messages about love, romance, sex, beauty and body image, and how these charged themes interact with cultural issues regarding race, class, gender and sexuality. Through a careful analysis of the texts, the fandom and the current socio-historical climate, this work argues that the success of the Twilight series stems chiefly from Meyer's negotiation of cultural mores.

Taylor Lautner Ally Azzarelli, 2012 Taylor's early life in Michigan, how he got into acting, and his involvement in the Twilight series.

Fanpire Tanya Erzen, 2012-10-30 An author immerses herself in the frenzied fandom of Twilight, the young-adult vampire romance series that has captivated women of all ages Twilight, Stephenie Meyer's young-adult vampire romance series, has captivated women of all ages, from teenagers who swoon over the film adaptations to college-educated women who devour the novels as a guilty pleasure. All told, over 110 million copies of the books have been sold worldwide, with translations into 37 languages, and the movies are some of the highest-grossing of all time. Twilight is a bona fide cultural phenomenon that has inspired a vast and unimaginably fertile fan subculture—the “fanpire,” as the members describe it. Just what is it about Twilight that has enchanted so many women? Tanya Erzen—herself no stranger to the allure of the series—sets out to explore the irresistible pull of Twilight by immersing herself in the vibrant and diverse world of “Twi-hards,” from Edward-addiction groups and “Twi-rock” music to Cullenism, a religion based on the values of Edward's family of vegetarian vampires. Erzen interviews hundreds of fans online and in person, attends thousand-strong conventions, and watches the film premiere of New Moon with Twilight moms in Utah. Along the way, she joins a tour bus on a pilgrimage to Twilight-inspired sites, struggles through a Bella self-defense class, and surveys the sub-universe of Twilight fan-fiction (including E. L. James's enormously popular “Master of the Universe” story, the basis for her erotic novel Fifty Shades of Grey). Erzen also takes a deeper look at the appeal of traditional gender roles in a postfeminist era saturated with narratives of girl power. If Twilight's fantasies of romance and power reflect the fears, insecurities, and longings of the women who love it, the fanpire itself, Erzen shows, offers a space for meaningful bonding, mutual understanding, and friendship. Part journalistic investigation and part

cultural analysis, Fanfire will appeal to obsessed fans, Twilight haters, and bemused onlookers alike.

Reading Like a Girl Sara K. Day, 2013-06-03 By examining the novels of critically and commercially successful authors such as Sarah Dessen (Someone Like You), Stephenie Meyer (the Twilight series), and Laurie Halse Anderson (Speak), *Reading Like a Girl: Narrative Intimacy in Contemporary American Young Adult Literature* explores the use of narrative intimacy as a means of reflecting and reinforcing larger, often contradictory, cultural expectations regarding adolescent women, interpersonal relationships, and intimacy. *Reading Like a Girl* explains the construction of narrator-reader relationships in recent American novels written about adolescent women and marketed to adolescent women. Sara K. Day explains, though, that such levels of imagined friendship lead to contradictory cultural expectations for the young women so deeply obsessed with reading these novels. Day coins the term “narrative intimacy” to refer to the implicit relationship between narrator and reader that depends on an imaginary disclosure and trust between the story's narrator and the reader. Through critical examination, the inherent contradictions between this enclosed, imagined relationship and the real expectations for adolescent women's relations prove to be problematic. In many novels for young women, adolescent female narrators construct conceptions of the adolescent woman reader, constructions that allow the narrator to understand the reader as a confidant, a safe and appropriate location for disclosure. At the same time, such novels offer frequent warnings against the sort of unfettered confession the narrators perform. Friendships are marked as potential sites of betrayal and rejection. Romantic relationships are presented as inherently threatening to physical and emotional health. And so, the narrator turns to the reader for an ally who cannot judge. The reader, in turn, may come to depend upon narrative intimacy in order to vicariously explore her own understanding of human expression and bonds.
