

Marinucci Dolcini Diritto Penale 2023

Piercamillo Davigo, Grazia Mannozi

Ecological Sustainability and the Law Edoardo Chiti, Andrea Giorgi, 2025-04-15 This book explores the emergence of ecological sustainability as a new EU policy and legal objective, distinct and autonomous from sustainable development. It argues that sustainability can no longer be conflated into sustainable development only, but should rather be represented as a plural construction, in which ecological sustainability coexists next to sustainable development. While the latter orientates most of the regulatory measures stemming from the Green Deal, the former is playing an increasingly relevant role in a number of legislative initiatives. The volume considers whether and how the EU legislator is exploiting the new opportunities brought forth by the redefinition of sustainability. To do so, a thematic approach is adopted and the inquiry is organized in five different parts, each devoted to one specific transition triggered by the European Green Deal. Navigating the dynamics of the many transitions occurring in the horizon of European climate neutrality, key chapters shed light on the EU regulatory schemes through which ecological sustainability is in the process of being operationalized and critically discuss their points of strength, weaknesses and underlying tensions. In doing so, they provide an overview of the legal changes occurring in areas of topical interest such as agri-food, energy, digitalization, corporate governance and intellectual property, as well as a number of insights on the relevance of ecological sustainability for the internal dynamism of the European Green Deal. This extensive and innovative appraisal of the field will prove a stimulating read for academics, researchers and advanced students interested in the new ecological law stemming from the Green Deal, the changing features of sustainability and the relevance of the Green Deal as a regulatory project.

Il giudice e l'impresa Giovanni Maria Flick, 2025-01-24 T00:00:00+01:00 La giustizia italiana attraversa un momento difficile, se non drammatico. Tra problemi atavici e traumi irrisolti, essa cerca di rispondere faticosamente all'esigenza nazionale, europea, globale di orientare i comportamenti delle imprese e dei singoli operatori economici verso una maggiore responsabilizzazione nel rapporto con i lavoratori, la collettività, gli ecosistemi e l'interesse delle future generazioni. La complessità e le sfide del diritto penale dell'economia in Italia rendono perciò necessario un approccio più equilibrato tra libertà economica, utilità sociale, tutela dell'ambiente e progresso tecnologico: un sistema che sappia quindi combinare efficacemente prevenzione e repressione, tenendo conto delle peculiarità del tessuto economico italiano e della responsabilità condivisa di tutte le imprese, grandi e piccole, nel garantire un futuro sostenibile per tutti. La sfida è prima di

tutto culturale. Si tratta di ricostruire il rapporto tra persona e società; tra libertà e sicurezza; tra eguaglianza e solidarietà; tra etica e tecnologia.

La responsabilità penale del personale di RSA Livia Passalacqua, 2024-12-04 L'opera analizza le peculiarità delle residenze sanitarie assistenziali e le casistiche di rilevanza penale che in tale ambito si possono presentare. In particolare, il libro si concentra sugli aspetti più strettamente legati all'ambito sanitario, con precipua attenzione alle lesioni ed all'omicidio colposo ed alla responsabilità colposa del personale sanitario. Secondariamente, sono esaminati i reati aventi natura dolosa che possono interessare condotte "abusanti" del personale sanitario, assistenziale o dirigenziale (quali, i maltrattamenti in contesti para-familiari e l'abbandono di persona incapace). Infine, attenzione è prestata alla giurisprudenza formatasi in materia di posizione di garanzia delle singole figure che operano all'interno delle RSA (direttori sanitari, medici, infermieri, OSS, sino alla responsabilità dei dirigenti) riportando gli arresti succedutisi nel tempo e stabilendo principi generali che l'interprete potrà applicare, di volta in volta, al caso specifico. Particolare attenzione è, infine, dedicata al tema della contenzione.

Information Technology Law in Italy Giovanni Ziccardi, 2025-04-16 Derived from the renowned multi-volume International Encyclopaedia of Laws, this practical guide to information technology law – the law affecting information and communication technology (ICT) – in Italy covers every aspect of the subject, including the regulation of digital markets, intellectual property rights in the digital context, relevant competition rules, drafting and negotiating ICT-related contracts, electronic transactions, and cybercrime. Lawyers who handle transnational matters will appreciate the detailed explanation of specific characteristics of practice and procedure. Following a general introduction, the monograph assembles its information and guidance in six main areas of practice: (1) the regulatory framework of digital markets, including legal aspects of standardization, international private law applied to the online context, telecommunications law, regulation of audio-visual services and online commercial platforms; (2) online public services including e-government, e-health and online voting; (3) contract law with regard to software, hardware, networks and related services, with special attention to case law in this area, rules with regard to electronic evidence, regulation of electronic signatures, online financial services and electronic commerce; (4) software protection, legal protection of databases or chips, and other intellectual property matters; (5) the legal framework regarding cybersecurity and (6) the application of criminal procedure and substantive criminal law in the area of cybercrime. Its succinct yet scholarly nature, as well as the practical quality of the information it provides, make this monograph a valuable time-saving tool for business and legal professionals alike. Lawyers representing parties with interests in Italy will welcome this very useful guide, and academics and researchers will appreciate its value in the study of comparative law in this relatively new and challenging field.

Processo e riforma del sistema penale Mirella Cervadoro, 2024-12-09 Gli interventi attuativi della legge delega 27

Settembre 2021 n.134 di cui al decreto legislativo 10 Ottobre 2022 n.150, c.d. Riforma Cartabia, hanno interessato l'intero processo penale, nelle sue diverse fasi: dalle indagini preliminari al dibattimento, al processo in "absentia", ai procedimenti speciali, ai giudizi di impugnazione, fino all'esecuzione penale. Ma non solo. È stato modificato il sistema sanzionatorio, e le novità normative in tema di giustizia riparativa hanno disciplinato per la prima volta nel nostro ordinamento, in modo organico, una realtà in continua evoluzione a livello internazionale, e che si affianca senza sostituirsi al processo e all'esecuzione penale. Una delle principali novità è rappresentata, infine, dal processo penale telematico, con un più largo uso della digitalizzazione e delle tecnologie informatiche per tutta la durata del procedimento. A oramai quasi due anni dall'entrata in vigore del d.lgs. 150/2022, l'opera - aggiornata con le modifiche e i correttivi di cui al d.lgs. n.31 del 19 marzo 2024 e successivi interventi legislativi - propone, alla luce della dottrina e dei primi indirizzi giurisprudenziali, un quadro completo della riforma del sistema penale tramite un'analisi a più voci e da più prospettive, teorica e pratica, per le poliedriche e vaste esperienze, giudiziaria e forense, degli Autori. Un valido strumento di aggiornamento e approfondimento; una lettura agevole e un ausilio per cogliere tutte le caratteristiche delle nuove coordinate del processo penale, sia dal punto di vista tecnico operativo che da quello logico sistematico, al fine di una migliore comprensione e applicazione degli istituti oggetto di riforma, nonché degli interventi correttivi e delle ulteriori numerose modifiche normative di recente intervenute. Le tavole di raffronto, nelle quali sono riprodotte sia le norme del codice di rito vigenti al 31 dicembre 2022, sia le norme come modificate o introdotte dal decreto legislativo 10 ottobre 2022, n. 150, ovvero dai successivi interventi legislativi (in particolare: decreto legge 10 agosto 2023, n. 105 convertito dalla legge 9 ottobre 2023, n. 137 - legge 24 novembre 2023, n. 168 - decreto legislativo 19 marzo 2024, n.31 - decreto legge 29 giugno 2024, n. 89 convertito dalla legge 8 agosto 2024, n. 120 - decreto legge 4 luglio 2024, n. 92 convertito dalla legge 8 agosto 2024 n. 12 - legge 9 agosto 2024, n.114 - decreto legge 16 settembre 2024, n. 131 convertito dalla legge 14 novembre 2024 n.166 - decreto legge 1 ottobre 2024, n. 137 convertito dalla legge 18 novembre 2024 n.171), costituiscono ulteriore e apprezzabile supporto alla lettura e comprensione delle norme e delle loro modifiche.

Il reato proprio e l'amministratore di fatto Rebecca Girani, 2025-06-23

Il delitto di omicidio Gianfranco Rotondo, 2024-03-24 - Il manuale è rivolto non solo a magistrati, avvocati ed operatori del diritto ma anche a coloro che, per varie ragioni, si trovino a fronteggiare il diritto penale - spessissimo inconsapevolmente! - in ambito societario o di amministrazioni pubbliche, non necessariamente a livelli apicali, ma anche a medici ed operatori nell'esercizio delle professioni sanitarie, a tecnici nello svolgimento di funzioni di tutela della sicurezza sul lavoro ed a forze dell'ordine nell'esercizio delle attività di polizia giudiziaria. Nella realizzazione del lavoro, oggetto di certissima indagine delle correnti letterarie e delle esegesi giurisprudenziali - nonché dei suoi repentini cambi di direzione -, l'autore si è imbattuto in affascinanti, talora emblematiche, espressioni, che spesso si risolvono in veri e propri algoritmi da

applicare a future questioni processuali similari: in siffatto caso sono state riportate integralmente per non alterarne la sequenza. Per cui sono stati condivisi stralci della produzione nomofilattica dei giudici - collocati tra virgolette alte -, onde mantenere inalterato il significato attribuito dagli estensori pur sempre oggetto di vaglio critico dell'autore; le citazioni della dottrina, sono state collocate tra virgolette alte ovvero in corsivo, allorché integralmente riprese, pur sempre oggetto della personale interpretazione e critica dell'autore nonché visione del diritto penale, anzi delle scienze penali e degli istituti, non da ultimo rapportate alle vicende quotidiane dell'essere umano, attraverso la lente di ingrandimento dell'avvocato penalista, ultimo baluardo di garanzia e protezione dei diritti individuali.

I delitti contro la vita e l'incolumità individuale Basile Fabio, 2015-01-28 Non solo "omicidio": il sistema dei delitti contro la vita e l'incolumità individuale si articola in una serie di figure di reato - meno gravi rispetto all'omicidio, ma in alcuni casi di assai più frequente applicazione - che nel presente volume vengono illustrate con un grado di approfondimento e di confronto con la prassi giurisprudenziale che non conosce pari nella letteratura giuridica contemporanea in materia. I delitti di percosse, di lesioni personali, di mutilazioni genitali femminili, di omicidio preterintenzionale, di morte o la lesione come conseguenza di altro delitto, di rissa, di abbandono di persone minori o incapaci e di omissione di soccorso trovano, pertanto, qui una sistemazione chiara, organica ed aggiornata alle ultime novità legislative e ai più recenti interventi della giurisprudenza di legittimità.
