John Timbs

Who Wrote "The Night Before Christmas"? MacDonald P. Jackson, 2016-05-11 Published anonymously in 1823, The Night Before Christmas has traditionally been attributed to Clement Clarke Moore (1779-1863), who included it in his Poems (1844). But descendants of Henry Livingston (1748-1828) claim that he read it to his children as his own creation long before Moore is alleged to have composed it. This book evaluates the opposing arguments and for the first time uses the author-attribution techniques of modern computational stylistics to settle the long-standing dispute. Both writers left substantial bodies of verse, which have been computer analyzed for distinguishing characteristics. Employing a range of tests and introducing a new one--statistical analysis of phonemes--this study identifies the true author and makes a significant contribution to the growing field of attribution studies.

The Living Church, 1915

Living with Others David Ruby, 2025-07-24 This book is intended for anyone thinking of living or already living with strangers, friends and family--especially strangers. Major life transitions such as heading off to college, taking on a new job and moving to a new location have been documented extensively, often with accompanying recommendations, over the years. Leaving the family home and finding somewhere to live that presents shared living conditions is one of those life transitions for which no one has ever been properly trained. Drawing on 40 years of personal experience, as well as interviews with academics, psychologists and CEOs from around the world, this work is a springboard to harmonious shared living. Living with others involves situations that stump even the best therapists and life coaches, particularly if they've never had roommates. This book will empower readers to handle anything that comes their way without professional help (while saving a great deal of money along the way).
