Robert George Penny

Flames of Rebellion (The Knights of England Series, Book 6) Mary Ellen Johnson, 2021-05-04 Civil War Once Again Threatens England in the Medieval Historical, THE FLAMES OF REBELLION, by Mary Ellen Johnson 1397 to 1403. England, Tintagel, London, Shrewsbury, Conway Castle, Tower of London, Cumbria, Westminster Abbey, Wales and Scotland In the fourteenth century's waning days, the tyrannical Richard II is knocked from his throne, and Henry IV is crowned, despite a shaky claim to the throne. Knight Matthew Hart, now in his sixties, believes he can retire to a quiet life in the wilds of Cumbria while Lancelot and Janey's love remains more the stuff of Romances than reality. Yet, all too soon, England's lords grow restless, betrayal is in the air, and Matthew and his family must again ride into battle on behalf of their endangered king. The fates of all the characters who grace the Knights of England series, spanning a century—including some of the most vivid battles, events and historical characters in medieval history—are resolved. Publisher's Note: Readers with a passion for history will appreciate the author's penchant for detail and accuracy. In keeping with the era, this story contains scenes of brutality which are true to the time and man's timeless inhumanity. There are a limited number of sexual scenes and NO use of modern vulgarity. From the Author: There is nothing new under the sun. If we seek to understand today's events, history will always provide the answer. By 1398 the megalomaniacal Richard II had consolidated his power, executed or banished all his enemies and destroyed all those who might speak out in opposition to him. Two years later Richard was deposed, thrown into a dungeon in Pontefract Castle and starved to death. Lessons: We can never predict the future; actions always have unintended consequences; we sow the seeds of our own destruction and payback's a bitch! THE KNIGHTS OF ENGLAND, in series order The Lion and the Leopard A Knight There Was Within A Forest Dark A Child Upon The Throne Lords Among the Ruins The Flames of Rebellion

Transcendental Magic: The Rise of the New Magicians David Sinclair, 2022-01-29 When the transcendental magicians appeared, the traditional magicians had no idea what to make of them. The newcomers said they knew the true basis of magic. Magic, real magic, is all about the power of the mind. Not the conscious mind, but the unconscious mind. The source of magic is the mind we know nothing about, the hidden mind, the secret mind, the second mind, the occult mind. Humanity hasn't even begun to grasp the power of the unconscious. But the transcendental magicians made the unconscious - the transcendental unconscious - the focus of their search for the powers that transform the world. Transcendental magic

marries psychology, physics, metaphysics and mathematics. Magic is literally built into the fiber and fabric of existence. All you need to do is work out the magic code. Then you can hack reality and achieve your dreams. The new magicians have come forth. Transcendental magic is the most powerful magic of all. The Magic Wars are about to begin.

The Interloper B. A. Cibuskas,2022-07-14 A hilltop village in Southwest France. The view is idyllic, and to an outsider, the lives lived there are too.

Sinner, Servant, Saint Margaret O'Reilly, His neighbors thought he was spoiled and lazy. His teachers found him incorrigible. His own father believed he was crazy. His mother never doubted that he was a true son of God. Arrogant and grandiose, young Francis di Bernardone was an embarrassment to his family and a source of amusement to his community. He led a lavish, undisciplined life, squandering his father's fortune on the finest food, wine, and late-night parties with his coterie of friends. Convinced that he was destined for greatness, Francis joined the fight for Assisi's independence, fully expecting to find glory in battle. Those dreams were crushed when he was captured by the enemy and held in a medieval dungeon for a year. After his release, Francis resumed his search for glory—but this time he sought the Glory of God. In his determination to follow Christ's example of humility and poverty, Francis was beset by ill health, family strife, abuse, derision, war, Vatican politics, and his own shortcomings. Yet many were inspired by the authenticity of his message and his obvious conviction. A brotherhood formed around him that grew from twelve to many thousands within his lifetime. The Friars Minor, now called Franciscans after their founder, has spread worldwide and continued through the centuries to carry forward Francis' legacy of bringing Christ to the world.

The Long Climb Robert Woods,2025-11-18 How one man saved his life from addiction to a life defined by purpose and triumphant goals. In this story of perseverance and the strength of the human spirit, Robert Woods recounts the painful years of his childhood, when he watched his parents recover from a challenging divorce while suffering his own horrendous abuse

in secret. By opening up about his abuse and the many years of holding on to hatred and resentment that followed, Robert illustrates that no matter the circumstances, there is always hope. From a high school dropout with a chip on his shoulder to a licensed NYS Education Supervisor with a PhD and an accomplished endurance athlete, Robert shares his story to inspire those who have nothing to lose. Because when you have nothing to lose, you have everything to gain.
