UFOs, Chemtrails, and Aliens Donald R. Prothero, Timothy D. Callahan, 2017-08-02 A wide-ranging survey offers “entertainment as well as wisdom for everyone who’s ever wondered what’s behind so many conspiracy theories and paranormal phenomena” (Publishers Weekly). UFOs. Aliens. Strange crop circles. Giant figures scratched in the desert surface along the coast of Peru. The amazing alignment of the pyramids. Strange lines of clouds in the sky. The paranormal is alive and well in the American cultural landscape. In *UFOs, Chemtrails, and Aliens*, Donald R. Prothero and Tim Callahan explore why such demonstrably false beliefs thrive despite decades of education and scientific debunking. Employing the ground rules of science and the standards of scientific evidence, Prothero and Callahan discuss a wide range of topics including the reliability of eyewitness testimony, psychological research into why people want to believe in aliens and UFOs, and the role conspiratorial thinking plays in UFO culture. They examine a variety of UFO sightings and describe the standards of evidence used to determine whether UFOs are actual alien spacecraft. Finally, they consider our views of aliens and the strong cultural signals that provide the shapes and behaviors of these beings. While their approach is firmly based in science, Prothero and Callahan also share their personal experiences of Area 51, Roswell, and other legendary sites, creating a narrative that is sure to engross both skeptics and believers.

Ufos A. R. Roberts, 2016-12-01 *UFOs: What Is the Government Really Covering Up?* is not just another book about the 1947 Roswell crash. Ingeniously, Roberts takes a step back and offers an in-depth survey of the UFO phenomenon as a whole. Using familiar case studies of alien encounters as examples, he casts a wide net that shows a clear pattern of extraterrestrial visitation and the ensuing cover-up by US and world governments. In the end, the reader cannot help coming away with the same conclusion that something is going on and our government knows it. A must-read for those interested in ufology, conspiracy theories, and ancient aliens. Rita Louise, PhD, author of *ET Chronicles: What Myth and Legend Say about Human*

Origin While a seemingly unexplained event in Roswell, New Mexico, in 1947 exposed the American people to the phenomenon of unidentified flying objects or UFOs, these mysterious sightings have a history that reaches far back into our collective past. Ancient megalithic structures, biblical stories, and even prehistoric art and cave paintings point to the existence of nonterrestrial life and with advanced technology, new recordings, and the Internet, more evidence points to their continued presence today. Why, then, do we the public know so little? Why has the media ignored credible reports from eyewitnesses and ufologists? And why have world governments suppressed these facts from their citizens? The UFO enigma is an extremely complex jigsaw puzzle comprised of many pieces. However, they fit together in a way that presents a cohesive theory when you connect all the dots.

THE ULTIMATE BOOK ON UFOs AND EXTRATERRESTRIALS. WHAT IS FAKE AND WHAT IS TRUE Maximilien De lafayette,

Featuring material from a treasure trove of UFO/Project Blue Book archives declassified in 2015, UFO FAQ is an all-inclusive guide to UFO lore, hard science and hoaxes, sightings and abductions, noted UFO proponents and skeptics, and sanctioned research and purported government cover-ups. The Everything UFO Book William J. Birnes, 2011-12-15 Are extraterrestrial beings trying to contact us? Is the government covering up evidence? What is the real truth about UFOs, close encounters, and alien abduction? In this fascinating guide, UFO expert William J. Birnes covers everything from theories about the nature of UFOs to where you're likely to find them; from case studies of alien encounters to the scientific studies of otherworldly visitors. Other topics include: The beginnings of modern ufology in the age of rockets A history of military and pilot encounters with UFOs Twenty-first-century UFO sightings around the globe Types of equipment needed to capture UFOs on film or video With reports from credible witnesses and lists of government documents that actually admit to the existence of UFOs, this is the only guide you need to ground yourself in this exciting subject!
