The Broadway Song Mark Ross Clark, 2015 The Broadway Song is a practical repertoire guide based on 100 classic songs from the Great White Way. It gives performers a way into their characters through the formal song characteristics, as well as larger contextual materials about the source -- from background to the musical, information about the character singing, and synoptic narrative information for the song.

The Mikado to Matilda Thomas S. Hischak, 2020-05-29 In *The Mikado to Matilda: British Musicals on the New York Stage*, Thomas Hischak provides an overview of British musicals that made their way to Broadway, covering their entire history up to the present day. This is the first book to look at the British musical theatre with reference to those London musicals that were also produced in New York City. The book covers 110 British musicals, ranging from 1750 to the present day, including the popular Gilbert and Sullivan comic operettas during the Victorian era, the Andrew Lloyd Webber mega-musicals of the late twentieth century, and today's biggest hits such as *Matilda*. Each London musical is discussed first as a success in England and then how it fared in America. The plots, songs, songwriters, performers, and producers for both the West End and the Broadway (or Off Broadway) production are identified and described. The discussion is sometimes critical, evaluating the musicals and why they were or were not a success in New York.

Our Musicals, Ourselves John Bush Jones, 2003 The first comprehensive social history of the American musical theater, this social history will appeal to both students and fans of Broadway.

The Complete Book of 1980s Broadway Musicals Dan Dietz, 2016-02-18 For Broadway audiences of the 1980s, the decade was perhaps most notable for the so-called "British invasion." While concept musicals such as *Nine* and Stephen Sondheim's *Sunday in the Park with George* continued to be produced, several London hits came to New York. In addition to shows like *Chess*, *Me and My Girl*, and *Les Misérables*, the decade's most successful composer Andrew Lloyd Webber was also well represented by *Cats*, *The Phantom of the Opera*, *Song & Dance*, and *Starlight Express*. There were also many revivals (such as *Show Boat* and *Gypsy*), surprise hits (*The Pirates of Penzance*), huge hits (*42nd Street*), and notorious flops (*Into the Light*, *Carrie*, and *Annie 2: Miss Hannigan's Revenge*). In *The Complete Book of 1980s Broadway Musicals*, Dan Dietz examines in detail every musical that opened on Broadway during the 1980s. In addition to including every hit and flop that debuted

during the decade, this book highlights revivals and personal-appearance revues with such performers as Sid Caesar, Barry Manilow, Jackie Mason, and Shirley MacLaine. Each entry includes the following information Opening and closing dates Plot summaries Cast members Number of performances Names of all important personnel including writers, composers, directors, choreographers, producers, and musical directors Musical numbers and the names of performers who introduced the songs Production data, including information about tryouts Source material Critical commentary Tony awards and nominations Details about London and other foreign productions Besides separate entries for each production, the book offers numerous appendixes, including a discography, filmography, and published scripts, as well as lists of Gilbert and Sullivan operettas, black-themed shows, and Jewish-themed productions. A treasure trove of information, *The Complete Book of 1980s Broadway Musicals* provides readers with a comprehensive view of each show. This significant resource will be of use to scholars, historians, and casual fans of one of the greatest decades in musical theatre history.

Broadway, Movie, TV, and Studio Cast Musicals on Record, 1996 Is there a recording of the songs from *Smile*? How many scores by Sondheim have been recorded in the past ten years? Answers to these and other such questions can be found in this unique volume. All shows are listed alphabetically, and essential information is included for each song, as well as other recordings of the same score and who recorded them. There are performer, composer, lyricist, and musical director indexes, making this a user-friendly reference. This volume, along with the author's previous discographies (Greenwood 1987, 1989, 1990), provides a definitive reference source for recorded musicals—from Broadway, Hollywood, television, or merely hoping-to-be-produced—up to 1995. The work is useful not only to scholars and students but also to the collector of musical show recordings. Show recordings are listed by title in alphabetical order. Each song is listed in the order it was recorded on the album or CD, and the performer of the song is given. The recording is identified by composer, lyricist, and musical director, as well as the date of original production and date of this particular recording. There is a chronology of all shows included in this volume, and there are two indexes: one by performer and one by composer, lyricist, and musical director.
