

Conservatorio Superior De Musica Valencia

Spain

Joaquín Rodrigo Walter Aaron Clark, 2021-05-30 Winner of the 2023 Vincent H. Duckles Award, Music Library Association Joaquín Rodrigo: A Research and Information Guide catalogues and summarizes the musical works and related literature of Joaquín Rodrigo (1901-99), perhaps the most important Spanish composer of concert music in the second half of the twentieth century. The guide provides annotated bibliographic entries for both primary and secondary sources, detailing several guitar concertos, concertos for flute, violin, harp, cello, and piano, as well as symphonic pieces, piano solos, chamber music, and choral and stage works. Rodrigo's reputation rests on the *Concierto de Aranjuez* for guitar and orchestra and its expressive middle movement, which inspired jazz arrangements by Miles Davis and Chick Corea in the 1960s and continues to appear in film scores even eighty years after its composition. A major reference tool for all those interested in the prolific Rodrigo and his music—featuring a chronology of the composer's life and robust indices that enable researchers to easily locate sources by author, composition, or subject—Joaquín Rodrigo: A Research and Information Guide is a valuable resource for students and researchers alike.

Mathematics and Computation in Music Octavio A. Agustín-Aquino, Emilio Lluís-Puebla, Mariana Montiel, 2017-11-17 This book constitutes the thoroughly refereed proceedings of the 6th International Conference on Mathematics and Computation in Music, MCM 2017, held in Mexico City, Mexico, in June 2017. The 26 full papers and 2 short papers presented were carefully reviewed and selected from 40 submissions. The papers feature research that combines mathematics or computation with music theory, music analysis, composition, and performance. They are organized in topical sections on algebraic models, computer assisted performance, Fourier analysis, Gesture Theory, Graph Theory and Combinatorics, Machine Learning, and Probability and Statistics in Musical Analysis and Composition.

Spanish Piano Music and Folklore from the Eighteenth to Early Twentieth Centuries Ana Benavides,2025-07-30 This is a pioneering work on the study of popular music—songs and dances—from the eighteenth to early twentieth centuries. The piano was the dominant solo instrument in European art music of this period, including Spanish, and Ana Benavides uses this as a vehicle for examining a wide variety of vernacular songs and dances, offering a wealth of musical, historical, and ethnographic insight. First published in Spanish in 2019, this translation by Walter Aaron Clark shows how one of the most frequent and established practices in the history of Western art music has been the borrowing and reinterpretation of traditional and popular musics, which reflect the lives and spirit of those outside the upper social strata. This volume provides an exploration of specific folk-inspired works with an inquiry into the historical cross-pollination between popular and classical musical idioms. It will prove invaluable not only to pianists but also to scholars, performers, and students in general.

The Europa World of Learning 2007 Volume 2 Europa Publications,2006 This volume is a comprehensive directory and guide to the organizations and institutions throughout the sphere of higher education and learning. It profiles some 30,000 academic institutions and over 200,000 staff and officials.
