A #1 Wall Street Journal bestseller with more than 500,000 copies sold, The Four Disciplines of Execution will radically change your business. Do you remember the last major initiative you watched die in your organization? Did it go down with a loud crash? Or was it slowly and quietly suffocated by other competing priorities? By the time it finally disappeared, it’s likely no one even noticed. What happened? Often, the answer is that the “whirlwind” of urgent activity required to keep things running day-to-day devoured all the time and energy you needed to invest in executing your strategy for tomorrow. The 4 Disciplines of Execution can change that forever. It is a proven set of practices that have been tested and refined by hundreds of organizations and thousands of teams over many years. When a company or an individual adheres to these disciplines, they achieve superb results, regardless of the goal. 4DX represents a new way to think and work that is essential to thriving in today’s competitive climate. The 4 Disciplines of Execution - India & South Asia Edition Sean Covey, 2014-11-27 The Four Disciplines of Execution is

about a simple, proven formula for reaching the goals you want to reach as a business or individual. In Covey's experience, the thing that most undermines the ability to execute goals is what he calls the Whirlwind: those urgent tasks that must be done simply to keep an organization alive. As Covey shows, the only way to execute new, important goals is to separate those goals from the Whirlwind. The Four Disciplines allow leaders to create a strategy that requires a change in behaviour, since only by ensuring that everyone on the team understands the goal, knows what to do to reach it and knows whether progress is being made, will a leader produce consistent breakthrough results while sustaining the urgent work of the Whirlwind. The Four Disciplines of Execution are: 1. Focus on the Wildly Important; 2. Act on the Lead Measures; 3. Keep a Compelling Scoreboard; 4. Create a Cadence of Accountability. For more than a decade FranklinCovey has been studying what it takes to achieve important goals, and in this book they share success stories from a wide range of companies that have implemented the Four Disciplines to result in greater profits, increased market share and improved customer satisfaction. This way of thinking is essential to any company that wants to not only weather, but thrive in this economy. This edition is specifically adapted for the South Asia market by Rajan Kaicker, CEO of FranklinCovey India, featuring anecdotes and advice to reflect this emerging market.

Summary of The 4 Disciplines of Execution

Who is this summary for? The 4 Disciplines of Execution by Chris McChesney is an excellent guide to removing the distractions of the day-to-day tasks in your day job and being able to focus on 'Wildly Important Goals' and execute these excellently. McChesney produces a straightforward and actionable step-by-step guide that could transform the way you and your team work. Great for anyone looking for a little bit of guidance in the workplace and particularly useful for anyone in a leadership position. Chris McChesney began his career working with Stephen R. Covey within the Franklin Covey organisation. McChesney has dedicated his work to helping organisations achieve the results they are after by improving their execution. His book, The 4 Disciplines of Execution has been hugely successful and was a Wall Street Journal #1 National Best Seller. McChesney has become well known for his high-energy keynote speeches and presentations. McChesney lives with his wife and has seven children. As the title suggests, McChesney outlines what he considers to be the 4 most important disciplines for executing tasks and hitting goals. This summary will cover each of the 4 disciplines and discuss how they can be enacted. The first discipline we will cover is focusing on the wildly important. Discipline two covers acting on the lead measures followed by discipline three: keeping a compelling scoreboard. Finally, we'll cover discipline four: creating a cadence of accountability. The real enemy of execution is your day job! We call it the whirlwind. It's the massive amount of energy that's necessary just to keep your operation going on a day-to-day basis; and ironically, it's also the thing that makes it so hard to execute anything new. The whirlwind robs from you the focus required to move your team forward. Chris McChesney, Sean Covey, and Jim Huling, authors of The 4 Disciplines of Execution, are definitely on to something when they pinpoint "the whirlwind" as the main detractor of execution success. And they spend the entirety of their excellent book detailing just how to avoid the trap of the daily grind. Achieving your "wildly important goals" through mindful execution is key. Their combined business experience is impressive. All leaders at Franklin Covey with decades of business know-how, these guys "completed more than fifteen hundred implementations of the 4 Disciplines (4DX) before they were ready to write this book" and they have created a set of tools that can be useful for a single person, small business, or large international company. It doesn't hurt that "4 Disciplines" is a #1 business bestseller recommended by The Wall Street Journal. Or, that the book leads with pages of endorsements by the likes of author Stephen R. Covey, and CEOs of companies like Kroger, Wegmans, and the Campbell Soup Company, and even Nobel Peace Prize Winner, Mohammed Yunus. This is an impressive book, years in the making. What I particularly liked about this book is that it is about taking action on your strategic goals, not developing more theory. There are four clear roadmaps to help you overcome the "whirlwind" of the day-to-day work that keeps leaders, and teams, from executing the programs that drive real change. The Four Disciplines are:

Focus on the Wildly Important. Act on the Lead Measures. Keep a Compelling Scoreboard. Create a Cadence of Accountability. So, how do you begin to create the mindset that will help you take action on the four? Here is a Preview of What You Will Get: □ A Full Book Summary □ An Analysis □ Fun quizzes □ Quiz Answers □ Etc. *The 8th Habit* Stephen R. Covey, 2013-01-08 From Stephen R. Covey comes a profound, compelling, and groundbreaking book of next-level thinking that gives a clear way to finally tap the limitless value-creation promise of the "Knowledge Worker Age." In the more than twenty-five years since its publication, the classic *The 7 Habits of Highly Effective People* has become an international phenomenon with more than twenty-five million copies sold. Tens of millions of people in business, government, schools, and families, and, most importantly, as individuals, have dramatically improved their lives and organizations by applying the principles of Stephen R. Covey's classic book. The world, however, is a vastly changed place. Being effective as individuals and organizations is no longer merely an option—survival in today's world requires it. But in order to thrive, innovate, excel, and lead in what Covey calls the "New Knowledge Worker Age," we must build on and move beyond effectiveness. The call of this new era in human history is for greatness; it's for fulfillment, passionate execution, and significant contribution. Accessing the higher levels of human genius and motivation in today's new reality requires a change in thinking: a new mindset, a new skill-set, a new tool-set—in short, a whole new habit. The crucial challenge of our world today is this: to find our voice and inspire others to find theirs. It is what Covey calls the 8th Habit. So many people feel frustrated, discouraged, unappreciated, and undervalued—with little or no sense of voice or unique contribution. The 8th Habit is the answer to the soul's yearning for greatness, the organization's imperative for significance and superior results, and humanity's search for its "voice." Covey's new book will transform the way we think about ourselves, our purpose in life, our organizations, and about humankind. Just as *The 7 Habits of Highly Effective People* helped us focus on effectiveness, *The 8th Habit* shows us the way to greatness.
