Defenses Against the Dark Arts John S. Nelson, 2021-01-11 As the publishing sensation of the last half-century, Harry Potter dominates early education in politics. Children, tweens, teens, and adults love it; and most students come to college knowing at least some of it. This dark fantasy analyzes politics in strikingly practical and institutional ways. Like ancient Sophists, modern Machiavellians, and postmodern Nietzscheans, the Potter books treat politics as dark arts and our defenses against them. The Potter saga overflows with drama, humor, and insight into ours as dark times of terrible troubles. These reach from racism, sexism, and specism to fascism, terrorism, autocracy, and worse. Harry and his friends respond with detailed, entertaining takes on many ideologies, movements, and styles of current politics. *Defenses Against the Dark Arts* argues that Potter performances of magic show us how and why to leap into political action. This includes the high politics of governments and elections, and especially the everyday politics of families, schools, businesses, media, and popular cultures. It explores Potter versions of idealism, realism, feminism, and environmentalism. It clarifies Potter accounts of bureaucracy, nationalism, and patronage. And it analyzes Potter resistance through existentialism and anarchism. The emphasis is on learning to face and defend against dark arts in dark times.

101 Amazing Stories of Hope and Faith Robert Petterson, 2020-06-09 You wouldn't believe it, but . . . James Earl Jones, the voice of Darth Vader, grew up mute. Michael Jordan was cut from his high school basketball team. Albert Einstein was bullied mercilessly in school. Beethoven's mom almost aborted him. Life takes the strangest sharp turns—and sometimes, U-turns. Robert Petterson—popular speaker, storyteller, and author—has been a student for his entire life of what God is teaching us through those real-life U-turns. In this short book, he compiles amazing stories that teach lessons you won't easily forget. Each entry is written in the rest-of-the-story style popularized by Paul Harvey. Marvel at how God has used the lives of these ordinary people to change the course of human history. (Adapted from *The One Year Book of Amazing Stories*)

Leaving Left Behind Mike Wilson, 2021-01-19 Positive psychologists have proven that positivity leads to success, but

most Christians in America have chosen to believe a single eschatological theory that leads to pessimism and cynicism. Pessimistic Christians put themselves in Christian bubbles and focus on self-preservation, and when a mind is clouded by negativity, interpretations of biblical prophecy lean toward the pessimistic possibilities. The fantastic writing of the Left Behind books has popularized premillennial dispensationalism with good intentions, but that interpretation of biblical prophecy teaches that sinfulness will continually increase until Jesus throws up his hands in disgust and secretly raptures worthy Christians, leaving behind unworthy sinners to suffer the wrath of the antichrist. Teaching that questionable theory produces negativity that hinders the Christian mission. When Christians believe that they cannot succeed in leading most of the world to Jesus, they will fail to put in the effort that success would require. Jesus, on the other hand, taught his followers that nothing will prevail over his church, and that teaching inspired them to sacrifice everything for the Christian mission. This is not a promise of prosperity without effort or of inevitable success, but biblical positivity is an energizing force that will help Christians flourish.

Watching Movies with Christian Eyes Too Susan Maluschka, 2021-11-19 Being a teenager is hard work. Thanks to a combination of hormone overload, peer pressure, and social beliefs, teens and even preteens often feel misunderstood or alienated and are treated as unimportant or an outcast. These feelings are a combination of many things but generally come down to trying to figure out your place in the world from under your parent's thumb. Sports and video games sometimes help you escape the pressures of life for a little while, but they are not solutions. You need answers that can help you get a clearer picture of where you're going in life and what you want to be like when you get there. Through movies, we can see the best and worst in ourselves. These studies will help you as a young adult (ages eleven to sixteen) to see beyond the movie's storyline and into the heart of the feelings and issues the characters are dealing with. If you haven't had to deal with some of these issues yet, hang on. They're coming. You need to give serious thought now about how you will choose to deal with these issues when they do come up. No one can do it for you. Going through these questions is a good way to get started thinking. The world is ever-changing, but we have the one thing that will never change--God's Word. Living in this world can be rough, but you can be the one to make it better. Not all of the movies are rated to be seen by someone your age, but they don't have to be. You don't have to see the movies to do this study. The questions will guide you through the scenes so you can focus on the issues without dealing with the emotions that accompany visual images. Despite this, some topics may still be too sensitive for some people. For this reason, movies that focus solely on death or evil are noted with an asterisk on the Contents page because viewer discretion is advised.
