*Big Bad Wolf* Suleikha Snyder,2021-01-26 They call him a monster. More wolf than man—more dangerous than any predator. They have no idea. Joe Peluso has blood on his hands. He took out the mobsters responsible for killing his foster brother, and that one act of vigilante justice has earned him countless enemies in New York's supernatural-controlled underworld. He knows that shifters like him deserve the worst. Darkness. Pain. Solitude. But meeting Neha makes him feel human for the first time in forever. Lawyer and psychologist Neha Ahluwalia knows Joe is guilty, but she's determined to help him craft a solid defense...even if she can't defend her own obsession. Just one look from the wolf shifter makes her skin burn hot and her pulse race. When a payback hit goes wrong, Neha's forced to make a choice: help Joe escape or leave him to his fate. Before long they're on the run?from the monsters who want him dead, from their own traitorous hearts, and from an attraction that threatens to destroy them.

25 Years of Lifting Steve Foxall,2016-12-24 'YOU MUST BE ON STEROIDS' - I started hearing that back in University, around 25 years ago. It took awhile to realize that it was a compliment and it's one I still get today. I don't know the first thing about steroids, but I've always known that with most of what we do, our progress depends on how well we master the fundamentals. In every sport, that means hundreds of hours of practice, but in the gym, everyone is looking for that shortcut, that one way of training that will get them jacked in three months. Who can blame them? It's how most books & articles are written and it's how programs and supplements are marketed. Truth be told, it's unrealistic and sets people up for failure, it does actually take more than three months to get big. Results in the gym come from learning how to lift weights correctly, developing the ability to focus your mind and understanding what it takes to recover. it means hard work...day-after-day, week-after-week and year-after-year. I wrote 25 Years to give both men and women the opportunity to learn just what it takes

to build muscle, both from a physical and mental standpoint. It will entertain, motivate and challenge you to be better. It's the book I felt the industry needed and regardless of your level of experience or your goals, it's a book that will help.
