Men Who Hate Women Laura Bates, 2021-03-02 The first comprehensive undercover look at the terrorist movement no one is talking about. *Men Who Hate Women* examines the rise of secretive extremist communities who despise women and traces the roots of misogyny across a complex spider web of groups. It includes eye-opening interviews with former members of these communities, the academics studying this movement, and the men fighting back. Women's rights activist Laura Bates wrote this book as someone who has been the target of many hate-fueled misogynistic attacks online. At first, the vitriol seemed to be the work of a small handful of individual men... but over time, the volume and consistency of the attacks hinted at something bigger and more ominous. As Bates went undercover into the corners of the internet, she found an unseen, organized movement of thousands of anonymous men wishing violence (and worse) upon women. In the book, Bates explores: Extreme communities like incels, pick-up artists, MGTOW, Men's Rights Activists and more The hateful, toxic rhetoric used by these groups How this movement connects to other extremist movements like white supremacy How young boys are targeted and slowly drawn in Where this ideology shows up in our everyday lives in mainstream media, our playgrounds, and our government By turns fascinating and horrifying, *Men Who Hate Women* is a broad, unflinching account of the deep current of loathing toward women and anti-feminism that underpins our society and is a must-read for parents, educators, and anyone who believes in equality for women. Praise for *Men Who Hate Women*: Laura Bates is showing us the path to both intimate and global survival.—Gloria Steinem Well-researched and meticulously documented, Bates's book on the power and danger of masculinity should be required reading for us all.—Library Journal *Men Who Hate Women* has the power to spark social change.—Sunday Times

Consent Alan Reed, Michael Bohlander, Nicola Wake, Emma Smith, 2016-10-14 This volume presents a leading contribution to the substantive arena relating to consent in the criminal law. In broad terms, the ambit of legally valid consent in extant law is contestable and opaque, and reveals significant problems in adoption of consistent approaches to doctrinal and theoretical underpinnings of consent. This book seeks to provide a logical template to focus the debate. The overall concept addresses three specific elements within this arena, embracing an overarching synergy between them. This edifice engages in an examination of UK provisions, with specialist contributions on Irish and Scottish law, and in contrasting these provisions against alternative domestic jurisdictions as well as comparative contributions addressing a particularised research grid for consent. The comparative chapters provide a wider background of how other legal systems' treat a variety

of specialised issues relating to consent in the context of the criminal law. The debate in relation to consent principles continues for academics, practitioners and within the criminal justice system. Having expert descriptions of the wider issues surrounding the particular discussion and of other legal systems' approaches serves to stimulate and inform that debate. This collection will be a major source of reference for future discussion.

Extremism and Radicalization in the Manosphere Deniese Kennedy-Kollar, 2024-06-03 This book presents an analysis of the male supremacist ideology of the internet-based subculture known as the manosphere and examines the process of radicalization to violent extremism that occurs within the group. The manosphere is the online subculture comprised of several distinct groups who share a basic gender ideology that is misogynistic and anti-feminist in the extreme. The manosphere celebrates a toxic hegemonic masculinity that encourages sexual violence and portrays violence as an understandable response to a feminized culture that denigrates manhood. Evidence has shown that several recent cases of murder, mass murder, and rape involved offenders who participated in this subculture prior to engaging in their crimes. Through the use of quotes gathered directly from the websites and message boards frequented by individuals within the subculture, this book offers an in-depth analysis of the ideology of the manosphere, and the common attitudes, values, and beliefs promoted within the various groups that comprise the subculture. It will also present a theoretical perspective that may shed light on what draws men to these groups and the processes by which they become radicalized to the far right and violent extremism. This book will be of interest to scholars and students in criminology, sociology, and political science, and others interested in examining the manifestation and effects of the manosphere on crime and criminal justice.

Warning Vincent Ryan Ruggiero, 1994 It's true that nonsense is hazardous, and this eye-opening, intensely logical book powerfully argues that the most important first steps in dealing with our nation's problems involve seeing things clearly and then talking about them honestly. It's reassuring to welcome another candle in the darkness, another lighthouse of light focused on the reform of popular culture.

Public Intimacies Patricia Joyner Priest, 1995 This interdisciplinary work on talk shows is written from the perspective of the participants themselves. The book weaves together the fields of mass communication, social psychology and the sociology of deviance, seeking to make sense of why people participate in these forums.

How To Make Women Want You? Arter Arter, 2019-05-23 How to talk to girls? How to make girls want you even if you're not that good looking or not young? If she stopped texting you and has started to act cold although you had amazing dates together or if that girl you just met doesn't respond to your texts. You could even be some guy with pickup artist skills but still you can't develop your relationship with her? Have you tried so many times to approach girls with confidence but then you mumbled in the first 5 minutes or perhaps ran out of things to say? Then this book will you tell you why and how to fix it. This book is a very simple, clear, direct, man to man word book. In this book, I want to give you many examples of how I

started to get women to want me with some examples of how to act and things to say when first meeting or during the date and to take the date to further levels without long introductions!

How to Seduce a Woman Tatiana Busan, 2025-03-31 Failure with women is not a result you want, but it is an opportunity to learn something, to make corrections to the way you attract and seduce women. I have met men with high social profiles, who have socially important jobs such as lawyers, doctors, CEOs, entrepreneurs, yet they are not good at seduction. They know how to create a professional connection, but they don't know how to create a personal one. In the presence of an attractive woman they become shy and blocked. When it comes to creating attraction with a girl, some men don't get what they really want and don't have an idea of how to create attraction. It doesn't matter if you're twenty or fifty, or if you're single or taken, you need to know these seduction techniques! At any age you can be attractive, seductive, charming, you just need to learn the seduction techniques. If you don't get any attention from women other than an indifferent look, then it could be because you never actually send them the signals of seduction. I'm meeting more and more men who want to learn how to have more control in seduction. There are techniques that can help you be seductive, attractive and charming. If you want to attract more women, it's important to learn some seduction techniques and make them your own. If the girl in front of you doesn't change her attitude towards you, then it's time to change your seduction technique. Thanks to the seduction techniques you'll learn in this book, a woman will be attracted to you and see you as a man of high value! Every single man I've taught these seduction techniques to now has more confidence, more awareness and more success with women. With these seduction methods you'll know how to attract and seduce women in any situation. Here's what you'll discover in this book:
