Wonders from Your Law Kevin S. Chen, 2024-09-10 Through the orienting lens of nexus passages, biblical scholar Kevin Chen offers a constructive, evangelical approach to the Old Testament that is both exegetical and intertextual. A Royal Priesthood?: The Use of the Bible Ethically and Politically Zondervan, 2022-03-01 Since September 11, 2001, we are intensely aware of the need for political wisdom. Can Scripture help us in this respect? Yes, but not simplistically. In an exhilarating dialogue with Oliver O'Donovan, a team of international scholars look in detail in this book at biblical interpretation as we make the journey from what God said to Abraham, as it were, to how to respond to the political challenges of today. Such exploration is essential if the church is to become "a royal priesthood" today. Craig Bartholomew Contributors include: Oliver O'Donovan (respondent to 14 chapters) Gilbert Meilaender Christopher Rowland Bernd Wannenwetsch N. T. Wright A Royal Priesthood? is the third volume from the Scripture and Hermeneutics Seminar. This annual gathering of Christian scholars from various disciplines was established in 1998 and aims to reassess the discipline of biblical studies from the foundations up and forge creative new ways for reopening the Bible in our cultures. Any attempt to open the Book in new and fresh ways for our cultures at the start of the third millennium must explore how to read the Bible ethically and politically. This volume looks at the obstacles to such a process and in dialogue with Oliver O'Donovan's creative work in this regard, looks in detail at how to read different parts of the Bible for ethics and politics. A unique element of the book is Oliver O'Donovan's 14 responses to individual chapters. Volume 1, *Renewing Biblical Interpretation* and Volume 2, *After Pentecost*, are also published by Paternoster Press and Zondervan.

Figural Reading and the Old Testament Don C. Collett,2020-04-21 Don Collett, an experienced Old Testament scholar, offers an account of Old Testament interpretation that capitalizes on recent research in figural exegesis. Collett examines the tension between figural and literal modes of exegesis as they developed in Christian thought, introduces ongoing debates and discussions concerning figural readings of Scripture, and offers theological readings of several significant Old Testament passages. This book will work well as a primer on figural exegesis for seminarians or as a capstone seminary text that ties together themes from courses in Bible, exegesis, and theology.
