How to Get ANY MAN to Do ANYTHING You Want! Dusty White, 2008-09-19 How to Get ANY MAN to do ANYTHING You Want is quite possibly the most evil (and most important) book ever written! It is the definitive guide to solving all of your problems with men, forever. This humorous and unfair guide to men shows you exactly how to get what you want - when you want it - without a lot of hassle, and makes you laugh all the way to happiness and personal enlightenment. Every woman should own a copy of this book (it fits nicely in your purse, and hides well under the bed). Nothing is left to chance. If you have a man in your life (or want to get a good one) this book shows you how to make him think of you as a goddess as you get him to stop fighting you for control, end arguments quickly and easily, and buy you that diamond tennis bracelet you have had your eye on. This book will make you more popular than you can imagine (well, with guys anyway), and transform a dull, boring relationship into a lively, fun one with lots of romance and affection for both of you.

The Dictionary of Film Quotations Melinda Corey, George Ochoa, 1995 The first book to gather lines from more than 1,000 all-time, classic films in one volume, this handy dictionary is a perfect source for movie buffs or quotation users. Alphabetized by movie with special indices by speaker, subject, and key word. Each entry features studio, director, scriptwriter, principal cast, and speaker.

The Delaplaine Mel Brooks Andrew Delaplaine, 2015-10-07 Here are Brooks's most essential quotations culled from as wide a variety of source materials available. They have been compiled, edited and carefully selected for inclusion in this book by that well-known Quote Monger, Andrew Delaplaine. The original illustrations are by his sister, Renee. Learn about the man's wit and wisdom from his very own words.

Comedy Quotes from the Movies Larry Langman, Paul Gold, 1994 Clever repartee, double entendres, punch lines and many other variations of humor have been a staple of movie dialogue since the advent of talkies. Collected here are over 4,000 of the best comedic lines from the movies. The compilers of this book have tried to bring together some of the funniest, wittiest and most outrageous snatches of dialogue on film over a sixty year time period. For each entry the authors set the quotation in context, provide the name of the actor or actress, the name of the movie and the year of release. The quotations are arranged by a broad range of categories, such as politics, food and eating, gambling, and many others. A title index and a name index follow the body of the book.

The Delaplaine MEL BROOKS - His Essential Quotations Delaplaine, 2017-05

Unnatural Quotations Leigh W. Rutledge,1988 Leigh Rutledge, author of the bestselling Gay Book of Lists, has been digging through his files of clipping. The result is Unnatural Quotations, an entertaining collection of quotes by or about gay people. Hundreds of familiar figures - both past and present, homophilic and homophobic - are represented here by their words, as well as the context in which those words were spoken. Well-illustrated and indexed for handy reference, Unnatural Quotations is a book you will come back to and enjoy again and again.--Page [4] of cover.

The Rough Guide to Comedy Movies Bob McCabe,2005 This guide discusses laughter in the cinema, from Airplane! to Withnail and I and from John Belushi to Billy Wilder.

Esquire ,1980

Dancing with Words Judy Rowe Michaels,2001 This book argues for a deeper, richer view of vocabulary than the standard images conjured up by that word--worksheets, weekly quizzes, and anxieties about standardized test scores. The book invites teachers and students to experience the music of words, words in isolation and in juxtapositions, and urges them to bring their own life experiences to language, showing in turn how language can help them know that experience more fully. It demonstrates how to build a community in the classroom where curiosity about language is the norm. It states that, within this community, students and teacher not only take time to test out shades of connotation and learn about how words and syntax create voice, they also: engage in personal and philosophical discussions that grow from seemingly simple words such as solitude,self, and phony; participate in dance and theater games as ways of mastering language; keep individual word lists which they share with the class through a variety of exercises; free-associate through discussion and freewrites on key words from literature; write their own dictionary definitions of familiar words; experiment with the rhythms and sounds of words through poetry writing; and explore the different vocabularies used in a big city newspaper--in sportswriting, book and TV reviews, news reporting, editorials, and science writing. (Each chapter contains notes, and a 17-item annotated bibliography of books for further reading is attached.) (NKA)

Reference Books Bulletin, 1996 to 1997 Mary E. Quinn,1998 This collection of reviews is arranged by broad subject and indexed by narrow subject, by format and by title. This work offers nearly 50 reference sources, both print and electronic, published between 1996 and 1997.
