Reading and Writing Across Content Areas Roberta L. Sejnost, Sharon Thiese, 2006-08-04 We often hear middle and high school teachers are frustrated because their students can't understand the textbooks or can't write effectively about their particular content. This book will provide both the framework for solving this dilemma and the specific, practical classroom practices that teachers can use each day to help students become more competent readers and writers. -Douglas Johnson, Assistant Superintendent Kane County Regional Office of Education, IL Every middle school and secondary teacher should have a copy of this book. Then this book is a must-have for your classroom! Using a step-by-step approach that makes the strategies easy to understand and implement, the authors provide updated research-based strategies that will help increase your students' reading comprehension, strengthen their writing skills, and build vocabulary across content areas. In Search of Atticus Finch Mike Papantonio, 1997 If I have been charitable in my judgments of my fellow man; if I have tried to help him as best I could; if I have done my utmost to truly understand him, I know why I have taken this course - I could not help it. I could have had no comfort or peace of mind if I had acted any other way. I have been interested in the study of man, and the motives that move and control his life. I have rejoiced with him, and have grieved with him, I have followed my instincts and sought to rescue the suffering when I could. - Clarence Seward Darrow. The Buddhists have a term they use to describe the process of comfortably meshing our core values with the way we make our living. They refer to it as the process of finding a right livelihood. The values that Clarence Darrow meshed with his role as a lawyer came from many

sources. He was a philosopher, scientist, sociologist, historian, and theologian. Darrow in no way resembled the single-dimensional linear-thinking attorney that seems to be almost cliché and epidemic in the 90s. He was not the abridged version of a lawyer. His endless effort to understand and appreciate the world outside the four walls of his law office contributed to his legendary ability as an advocate. More importantly, his effort contributed to his arriving at a right livelihood.

Pursuing an Ethic of Empathy in Journalism Janet Blank-Libra, 2016-06-23 This book advances a journalistic theory of empathy, challenging long-held notions about how best to do journalism. Because the institution of journalism has typically equated empathy and compassion with bias, it has been slow to give the intelligence of the emotions a legitimate place in the reporting and writing process. Blank-Libra's work locates the point at which the vast, multidisciplinary research on empathy intersects with the work of the journalist, revealing a reality that has always been so: journalists practice empathy as a way to connect but also as a form of inquiry, as sincere and legitimate in its goals and aspirations as is objectivity.

Exit Sara Lawrence-Lightfoot, 2024-03-26 From a renowned sociologist, the wisdom of saying goodbye Sara Lawrence-Lightfoot is enthralled by exits: long farewells, quick goodbyes, sudden endings, the ordinary and the extraordinary. There's a relationship, she attests, between small goodbyes and our ability to master and mark the larger farewells. In *Exit*, her tenth book, she explores the ways we leave one thing and move on to the next; how we anticipate, define, and reflect on our departures; our epiphanies that something is over and done with. Lawrence-Lightfoot, a sociologist and a professor at the Harvard Graduate School of Education, has interviewed more than a dozen women and men in states of major change, and she paints their portraits with sympathy and insight: a gay man who finds home and wholeness after coming out; a sixteen-year-old boy forced to leave Iran in the midst of the violent civil war; a Catholic priest who leaves the church he has always been devoted to, the life he has loved, and the work that has been deeply fulfilling; an anthropologist who carefully stages her departure from the field after four years of research; and many more. Too often, Lawrence-Lightfoot believes, we exalt new beginnings at the expense of learning from our goodbyes. *Exit* finds wisdom and perspective in the possibility of moving on and marks the start of a new conversation, to help us discover how we might make our exits with purpose and dignity.

Her father hasn't been the same since George deployed. Her mother focuses on Ariel's gorgeous sister. When Gloria is selected to be an Apple Blossom Parade princess, Ariel feels even more the outsider and takes to the hills. There, during a raging storm, Ariel finds a lost dog who leads her to the safety of a cabin and Sergeant Josie, a former Army K-9 handler.
