

The Magickian A Study In Effective Magick

Bowker Editorial Staff, R R Bowker Publishing

The Magickian Phillip Cooper, 1993 This is a practical hands-on book about the Banishing Ritual of the Pentagram. Cooper explains how to set up a temple, creating the inner temple, the clothes to wear, the colors to use, working with scents and music, timing rituals, and how to work with planetary energy based on your own personal astrology.

Secrets of Creative Visualization Phillip Cooper, 1999-05-01 Do you want to improve your life by having more vitality and self-confidence? The aim of this book is quite simple—to show you how practical magic and mind power techniques can interact directly with the material world! Unlike ordinary thinking, which has no effect on the inner mind, creative visualization has the power to change your beliefs. Use this guide to find simple ways to leave ordinary thinking behind. Use affirmations, words of power, and more to transform your life.

The Inner Temple of Magick Phillip Cooper, 2004-11-01 The author of *The Magickian: A Study in Effective Magick* presents his newest work, which reveals that, through introspection, readers will discover that the keys to Magick are in their possession—all they have to do is look within.

Basic Magick Phillip Cooper, 1996-01-01 Using the butterfly theory, Cooper explains how you can effect small changes in the universe to eventually bring macrocosmic ones. He discusses the use of the Cosmic Sphere—an interfare between you and your subconscious mind that can create a link for communicating your wishes.

The Power of Candle Magic Phillip Cooper, 2025-09-12 Here is a thoughtful, accessible, hands-on guide to the increasingly popular practice of candle magic. Author Phillip Cooper offers techniques for training your mind and working with the energy of candles. *The Power of Candle Magic* shows how the magical use of candle energy can brighten your attitude, help focus your attention, create abundance, help you with healing, and draw more love into your life. *The Power of Candle Magic* contains practical information that can be put to excellent use by anyone. Transcending just burning candles, Cooper presents an entire system of magic with candle burning as its centerpiece. For those new to magical practice, Cooper's system is effective, and you may find it a good place to begin. For adepts or those already on their paths, pan for the gold within these pages: take what works for you and integrate it into your magic. —Judika Illes The book explains: • how to choose candles for magic • the basics of creating candle rituals • how to make and work with incense and anointing oils • the importance of color correspondences • how to use the planetary correspondences so you can harness the right energy for

any endeavor Previously published as *Candle Magic*, this new edition includes an extensive new foreword by Judika Illes, author of *Encyclopedia of 5,000 Spells and Pure Magic*.

The Greene Book of Black Knowledge Will EL M. STJ Heron,2022-05-04 What stake do we as Foundational Black Americans really have to claim in the history of this country, this continent, and the world, if any? When you think of Foundational Black Americans (formerly misnomered as African Americans/Negroes/Coloreds/Black) what thought comes to mind and what accomplishments are we known for? Were we slaves brought to this country by force, low-class citizens of a foreign nation with no home to call their own? Or is there more to the story, so much more that even the mere mention of our accolades would discredit the history of the masses? What if I were to tell you that our history in this country, from the perspective that everything we have been taught, is but a half truth? Who built the buildings, roads, and monuments in this country? Where did those people come from and where did they go? Where did the many science, technology and artforms of the country and the world develop? What is the hidden history behind what we are taught, but most importantly why is this knowledge kept from us? This book will capture some of the lesser known accomplishments and esoteric information that has been passed down "word of mouth" by some and systematically discredited by others. Fortunately, true knowledge can neither cease nor desist and this text will show what you can do to utilize that information today. It is time that we take our own history by the rungs away from those who would paint an inaccurate picture of our past. This will allow us to re-introduce ourselves, not for exposure and clout, but for self-vindication and reasonable doubt.

Basic Sigil Magic Phillip Cooper,2001-06-01 The most effective way to communicate with your subconscious is via magically charged symbols, or sigils. Cooper shows you how to create sigils and use simple rituals to charge them with power. He also teaches you the importance of using color and the seven planetary energies to enhance the power of your sigils. Illustrated. With bibliography & index.

Esoteric Magic and the Cabala Phillip Cooper,2002-11-15 A manual for developing inner-guidance and concentration through meditations and rituals for the practice of high magic. The study of magic is divided into two distinct disciplines: practical and esoteric. Practical magic uses the power of the mind to attain physical results such as more money, a bigger house, better health. Esoteric magic, the subject of Phillip Cooper's new book, focuses on the quest for greater understanding and mental discipline. Its aims are the discovery of inner truths and the understanding of the workings of creation. In his typical no-nonsense manner, Cooper conveys the principles of esoteric magic and offers a positive, realistic means of studying and understanding magic on a deeply personal level. *Esoteric Magic and the Cabala* helps readers train their minds, their emotions, and their imaginations to more fully understand reality. *Esoteric Magic and the Cabala* is both positive and realistic. It helps readers learn to use the Tree of Life as a means of classifying knowledge, of observing an interrelated whole, a method that provides the tools for endless self-discovery. It offers a complete, workable plan of study

that novices will find easy to understand and advanced practitioners will find refreshing and stimulating after the usual confusing and dogmatic magic texts.
