Nociones de investigación para enfermería Arandojo Morales, María Isabel, 2025-02-01 La Enfermería vive su mayor etapa de evolución como profesión a partir de 2006, cuando empieza a estudiarse como Grado Universitario y se abren las puertas para los enfermeros a los estudios de Master y Doctorado, títulos que llevan consigo una mayor carga investigadora. Esto hace que sean cada vez más los enfermeros que se deciden a realizar proyectos de investigación para incluir los nuevos conocimientos en su práctica diaria y difundir sus hallazgos mediante publicaciones en revistas, jornadas y congresos. Pero, para poder llegar a este punto, son necesarios unos mínimos conocimientos del proceso de investigación, tanto para realizar el estudio como para escribir el informe final. Nociones de investigación para Enfermería es un manual básico que recoge todo lo que se necesita saber desde que surge la pregunta de investigación hasta que se escribe y se difunde a la comunidad científica. Escrito por una enfermera para enfermeros, está redactado con un lenguaje técnico y sencillo a la vez, con ejemplos aclaratorios para que sea más fácil el aprendizaje y la comprensión del texto, con lo que pretende alejarse de otros tediosos manuales de investigación. Contiene una información básica, pero suficiente, para iniciarse en el proceso de investigar.

yo pienso y aprendo Rosita Rioseco Izquierdo, 1999

Elaboración de Proyectos Sociales Gloria Pérez Serrano, 1993-09-25 ELABORATION OF SOCIAL PROJECTS - Practical cases - Social workers should be able to elaborate Social Projects, which implies to know how to plan them, to elaborate them, to apply them and to evaluate them, exercising a control function on them at the same time. The book presents, in a clear, practical and guiding manner, the keys to carry out these processes. The author offers the theory of planning in all its phases, as well as application of models in the area of Social Work.
