11/22/63 (Enhanced eBook) Stephen King, 2011-11-08 One of the Ten Best Books of The New York Times Book Review Winner of the Los Angeles Times Book Prize This enhanced ebook edition contains a 13-minute film, written and narrated by Stephen King and enhanced with historic footage from CBS News, that will take you back—as King’s novel does—to Kennedy era America. On November 22, 1963, three shots rang out in Dallas, President Kennedy died, and the world changed. What if you could change it back? Stephen King’s heart-stoppingly dramatic new novel is about a man who travels back in time to prevent the JFK assassination—a thousand page tour de force. Following his massively successful novel *Under the Dome*, King sweeps readers back in time to another moment—a real life moment—when everything went wrong: the JFK assassination. And he introduces readers to a character who has the power to change the course of history. Jake Epping is a thirty-five-year-old high school English teacher in Lisbon Falls, Maine, who makes extra money teaching adults in the GED program. He receives an essay from one of the students—a gruesome, harrowing first person story about the night 50 years ago when Harry Dunning’s father came home and killed his mother, his sister, and his brother with a hammer. Harry escaped with a smashed leg, as evidenced by his crooked walk. Not much later, Jake’s friend Al, who runs the local diner, divulges a secret: his storeroom is a portal to 1958. He enlists Jake on an insane—and insanely possible—mission to try to prevent the Kennedy assassination. So begins Jake’s new life as George Amberson and his new world of Elvis and JFK, of big American cars and sock hops, of a troubled loner named Lee Harvey Oswald and a beautiful high school librarian named Sadie Dunhill, who becomes the love of Jake’s life – a life that transgresses all the normal rules of time. A tribute to a simpler era and a devastating exercise in escalating suspense, *11/22/63* is Stephen King at his epic best.

Summary of 11-22-63 SellWave Audio, 2025-10-29 11/22/63 by Stephen King immerses listeners in an alternate history anchored by one of the most iconic moments in modern American memory: the assassination of President John F. Kennedy. The story follows Jake Epping, a 35-year-old English teacher from Lisbon Falls, Maine, who unexpectedly becomes embroiled in a mission that could alter the course of history. Jake’s ordinary life changes when his friend Al reveals a portal hidden in a diner storeroom, a gateway to a specific day in 1958. Entrusted with the daunting task of preventing Kennedy’s assassination, Jake steps into the past, assuming the identity of George Amberson and navigating a world both familiar and unsettling. As Jake moves through the late 1950s and early 1960s, he experiences the textures of mid-century America: the cultural touchstones of sock hops, Elvis, and big cars, the pervasive cigarette smoke, and the social norms of the era. Along the way, he encounters the human dramas of the time, including the chance to alter personal tragedies like the murder of a young man’s family, while grappling with his growing attachment to the small town of Jodie, Texas, and the dangerous love he finds there. Each decision carries weight, as even minor changes could ripple into enormous consequences for the future. King’s novel blends meticulous historical research with suspenseful time-travel mechanics, creating a tense, emotionally rich narrative. The story’s heartbeat lies in the tension between personal desire and moral responsibility, as Jake balances his yearning for a meaningful life in the past against the immense stakes of altering history. From the haunting corridors of Derry, Maine, to the charged streets of Dallas, every step builds toward a climactic confrontation with Lee Harvey Oswald, making the past feel vividly alive and fraught with danger. Through 11/22/63, King explores themes of fate, choice, and the

consequences of intervention, crafting a tale that is as much about the human heart as it is about historical events. The listener experiences the thrill, suspense, and ethical complexity of time travel, all woven seamlessly into a rich portrait of an era poised on the brink of transformation. The novel is a masterful blend of historical fiction, suspense, and speculative adventure, leaving the question of whether the past should—or can—be changed lingering long after the final page.

Hearts In Atlantis Stephen King, 2000-08-01 Hearts In Atlantis is composed of five interconnected, sequential narratives set in the years from 1960 to 1999. Each story is deeply rooted in the sixties, and each is haunted by the Vietnam War. In Low Men in Yellow Coats, eleven-year-old Bobby Garfield discovers a world of predatory malice in his own neighborhood and that adults are sometimes not rescuers but at the heart of the terror. In the title story, a bunch of college kids get hooked on a card game, discover the possibility of protest...and confront their own collective heart of darkness, where laughter may be no more than the thinly disguised cry of the beast. In Blind Willie and Why We're in Vietnam, two men who grew up with Bobby in suburban Connecticut try to fill the emptiness of the post-Vietnam era in an America which sometimes seems as hollow and haunted as their own lives. And in Heavenly Shades of Night Are Falling, Bobby returns to his hometown where one final secret, and his heart's desire may await him. Full of danger, suspense, and full of heart, Hearts In Atlantis takes some listeners to a place they have never been...and others to a place they have never been able to completely leave.

Indeed, while King is often relegated to the role of a genre writer (horror), the essays in this collection consider the merits of King’s writing beyond the basics of horror for which he is primarily known. Recommended for scholars of literature, horror, and popular culture.
