Summary of Leave the World Behind by Rumaan Alam Peter Cuomo, A high-quality summary of Rumaan Alam's book Leave the World Behind including chapter details and analysis of the main themes of the original book. About the original book: Clay, Amanda, and their teenage children Rose and Archie are on vacation when Leave the World Behind begins. The family is going from New York to a well-appointed property on Long Island that they have rented for the week, and they are looking forward to getting away. Amanda and the kids stare at their phones while Clay drives, knowing that their connections will become poor or non-existent once they arrive at the house. The family relaxes by the pool and settles in for the first night and day, enjoying one other's company. Amanda, on the other hand, is troubled by the idea that someone is watching her, and on their second night together, after the kids have gone to bed, Amanda and Clay are startled by a knock at the door. The elderly Black couple that owns the rental house, G. H. and Ruth, are at the door. G. H. and Ruth have driven in from the Bronx, visibly terrified, after experiencing a city-wide blackout and knew they wouldn't be able to return.

The World Behind the Star Karli Miller,Miller Karli Miller,2009-12 Welcome to Crestfield College! You have all been selectively handpicked from around the country for a special program that is only offered here at this school. Congratulations! You are about to embark on a remarkable expedition of sorts where you are going to travel to new lands, meet new people and learn about a different culture. This program is top secret, only the people in this room are privy to the details of where, when, and how the program will play out in the next few months. Good Luck and safe travels. Little did we know what was going to happen in the very near future! Travel was an understatement and meeting the heads of a whole new world was only the beginning of what we would experience .. Would we ever get back to Crestfield?
