

Bright Young Women

Christopher A Snyder

Bright Young Women Jessica Knoll, 2023-09-19 January 1978. Tallahassee. When sorority president Pamela Schumacher is startled awake at 3 a.m. by a strange sound, she's shocked to encounter a scene of implausible violence - two of her friends dead and two others, maimed

Bright Young Women Jessica Knoll, 2023-11 January 15, 1978, is a night of promise, excitement, and desire. A serial killer's murderous spree in the Pacific Northwest couldn't be further from the minds of the vibrant young women at the top sorority on Florida State University's campus in Tallahassee.

Women Scientists in America Margaret W. Rossiter, 1998-09-29 Winner of the Pfizer Award for Outstanding Book in the History of Science Margaret Rossiter's widely hailed *Women Scientists in America: Struggles and Strategies to 1940* marked the beginning of a pioneering effort to interpret the history of American women scientists. That effort continues in this provocative sequel that covers the crucial years of World War II and beyond. Rossiter begins by showing how the acute labor shortage brought on by the war seemed to hold out new hope for women professionals, especially in the sciences. But the public posture of welcoming women into the scientific professions masked a deep-seated opposition to change. Rossiter proves that despite frustrating obstacles created by the patriarchal structure and values of universities, government, and industry, women scientists made genuine contributions to their fields, grew in professional stature, and laid the foundation for the breakthroughs that followed 1972.

The Outlook ,1896

Seeking Imperfection Evan M. Doline, 2015-07-31 In March 2013, after seeing an advertising campaign for Victoria's Secret that was targeted especially to younger female demographics and much too sexy, Evan Doline, a concerned father and ordained minister, wrote an open letter calling for Victoria's Secret and other companies to view girls as human beings, not objects. What happened next was truly amazing. His letter hit a nerve. It was viewed numerous times—3.9 million times to be exact—and Doline was interviewed by national news publications and appeared on CNN and Headline News. Doline didn't want his 15 minutes to be in vain. So he turned it into a labor of love—*Seeking Imperfection*,—a book that's grounded in biblical insights, stories, reflection questions, and prayers for anyone who believes in empowering children to grow up to value themselves for who they are.

The Phonographic Magazine ,1897

The Writer ,1896

Hazard Nancy Barr Mavity,1924 The coming-of-age story of Tracy Everson, a fiercely independent young woman growing up in the Midwest. The novel follows her through her rebellious youth, college, a failed engagement to her childhood sweetheart, moving to New York City and starting her career, marriage, and motherhood.

American Lumberman ,1922

RURAL AND WORKMAN ,1890

British Identity in World War I Mary K. Laurents,2020-12-10 This book analyzes the development of the Lost Generation narrative following the First World War. The author examines narratives that illustrate the fracture of upper-class identity, including well-known examples of the Lost Generation—Robert Graves, Siegfried Sassoon, and Vera Brittain—as well as other less typical cases—George Mallory and JRR Tolkien—to demonstrate the effects of the First World War on British society, culture, and politics.

Gatsby's Oxford Christopher A Snyder,2019-04-02 The story of F. Scott Fitzgerald's creation of Jay Gatsby—war hero and Oxford man—at the beginning of the Jazz Age, when the City of Dreaming Spires attracted an astounding array of intellectuals, including the Inklings, W.B. Yeats, and T.S. Eliot. A diverse group of Americans came to Oxford in the first quarter of the twentieth century—the Jazz Age—when the Rhodes Scholar program had just begun and the Great War had enveloped much of Europe. Scott Fitzgerald created his most memorable character—Jay Gatsby—shortly after his and Zelda's visit to Oxford. Fitzgerald's creation is a cultural reflection of the aspirations of many Americans who came to the University of Oxford. Beginning in 1904, when the first American Rhodes Scholars arrived in Oxford, this book chronicles the experiences of Americans in Oxford through the Great War to the beginning of the Great Depression. This period is interpreted through the pages of *The Great Gatsby*, producing a vivid cultural history. Archival material covering Scholars who came to Oxford during Trinity Term 1919—when Jay Gatsby claims he studied at Oxford—enables the narrative to illuminate a detailed portrait of what a “historical Gatsby” would have looked like, what he would have experienced at the postwar university, and who he would have encountered around Oxford—an impressive array of artists including W.B. Yeats, Virginia Woolf, Aldous Huxley, and C.S. Lewis.
