**Capturing Venice: Churches and bridges of Venice** James Dugan, 2019-09-04 Planning a trip to Venice? Want to know how to capture great photos of the iconic churches and bridges in Venice? Our travel photography guides are focused on the information you need. Inside, you'll find: - Detailed maps and diagrams - Photos, including the DSLR camera settings and the exact location where the photo was taken - Logistical information to ensure that you're at the right place at the right time - Ways to get the photo whilst avoiding the crowds This sub-guide is part of a bigger travel photography guide that covers all of Venice. Inside you'll find lots of specific tips for planning and the logistics of getting great photos of the churches and bridges of Venice. Our guides help you save valuable time in researching and planning, allowing you to focus on your photos.

**Architecture, Art and Identity in Venice and its Territories, 1450-1750** Dr Nebahat Avcioglu, 2013-12-23 Inspired by Deborah Howard's leading role in fostering a historically grounded and interdisciplinary approach to the art and architecture of Venice, the essays here examine the connections and rapports between art and identity through the discussion of patronage, space (domestic and ecclesiastical), and dissemination of architectural knowledge as well as models within Venice, its territories and beyond.

**"Architecture, Art and Identity in Venice and its Territories, 1450-1750"** Nebahat Avcioglu, 2017-07-05 Cities are shaped as much by a repertoire of buildings, works and objects, as by cultural institutions, ideas and interactions between

forms and practices entangled in identity formations. This is particularly true when seen through a city as forceful and splendid as Venice. The essays in this volume investigate these connections between art and identity, through discussions of patronage, space and the dissemination of architectural models and knowledge in Venice, its territories and beyond. They celebrate Professor Deborah Howard's leading role in fostering a historically grounded and interdisciplinary approach to the art and architecture of Venice. Based on an examination and re-interpretation of a wide range of archival material and primary sources, the contributing authors approach the notion of identity in its many guises: as self-representation, as strong sub-currents of spatial strategies, as visual and semantic discourses, and as political and imperial aspirations. Employing interdisciplinary modes of interpretation, these studies offer ground-breaking analyses of canonical sites and works of art, diverse groups of patrons, as well as the life and oeuvre of leading architects such as Jacopo Sansovino and Andrea Palladio. In so doing, they link together citizens and nobles, past and present, the real and the symbolic, space and sound, religion and power, the city and its parts, Venice and the Stato da Mar, the Serenissima and the Sublime Port.

**I chiostri nell'area mediterranea tra XI e XIII secolo. Architettura, archeologia, arte** Arianna Carannante, Fabio Linguanti ,2024-09-30 Il volume nasce dall'idea di riflettere sul ruolo del chiostro, spazio nodale della vita monastica: luogo di ascesi, rifugio, meditazione e ritiro. La progettazione degli spazi claustrali occupa un ruolo centrale nella produzione architettonica medievale. In parallelo all'istituzionalizzazione e diffusione degli Ordini religiosi, nel periodo compreso tra l'XI e il XIII secolo, si assiste all'elaborazione di differenti soluzioni progettuali. L'architettura dei chiostri abbaziali, canonicali, conventuali risponde alle esigenze delle comunità che li abitano e le variazioni architettoniche sono l'esito dell'incontro tra "modelli d'importazione" e pratiche costruttive autoctone. Dalla necessità di esplorare con maggiore attenzione lo spazio mediterraneo nel medioevo, nonché di porre a confronto gli sviluppi delle ricerche nei diversi paesi, ha preso forma l'idea di questo volume multidisciplinare, comprendente circa trenta contributi. Si tratta del primo passo di un ampio lavoro che pone al centro l'isola di Lipari, con lo scopo di indagare la complessità dei fenomeni architettonici, artistici e archeologici nel mediterraneo medievale.

*Andrea Palladio* Andrea Palladio,2001 Guido Beltramini provides insightful historical and architectural references to this extravagant photographic survey. With an introduction by architectural historian Howard Burns and a comprehensive bibliography of works on Palladio edited by Almut Goldhahn, this beautifully written and sumptuously illustrated compendium is a must for architectural enthusiasts and historians alike.--BOOK JACKET.
