*Born to Fail?: Social Mobility: A Working Class View* Sonia Blandford,2017-10-02 Sonia Blandford, CEO of award-winning charity Achievement for All, writes brilliantly and honestly about the facing up to the realities of the white working class and how to address social mobility from the inside. No-one in the UK is better placed than Sonia to write about the struggles of white working class pupils in our schools. She grew up on the Allied Estate in Hounslow and was the first member of her family to pursue education beyond the age of 14 and was also the first to attend university. Sonia lost her mother when she took an accidental overdose, when she couldn't read the doctor's prescription. This tragic failing served as one of the inspirations for her to set up the award-winning Achievement for All organisation, who work with thousands of schools to help close the attainment gap. *Born to Fail?* tackles head-on issues such as why education often doesn't matter to the working class; how education has failed to deliver for them; the importance of self-belief, action and confidence; and how the Early Years is the crucial time to build success from the start.

*Classroom of the Elite: Year 2 (Light Novel) Vol. 8* Syougo Kinugasa,Tomoseshunsaku,2024-03-21 It's school trip time! With a promise of no special exams, students assume it'll be a normal school outing. However, they find themselves split into groups that include students from all four classes, not just their own. With Ryuen in Ayanokouji's group, is there any chance this trip will go smoothly? Meanwhile, something happens that may significantly change the relationship between some students...

Unmaking the Public University Christopher Newfield,2011-04-30 An essential American dream—equal access to higher education—was becoming a reality with the GI Bill and civil rights movements after World War II. But this vital American promise has been broken. Christopher Newfield argues that the financial and political crises of public universities are not the result of economic downturns or of ultimately valuable restructuring, but of a conservative campaign to end public education's democratizing influence on American society. *Unmaking the Public University* is the story of how conservatives have maligned and restructured public universities, deceiving the public to serve their own ends. It is a deep and revealing analysis that is long overdue. Newfield carefully describes how this campaign operated, using extensive research into public university archives. He launches the story with the expansive vision of an equitable and creative America that emerged from the post-war boom in college access, and traces the gradual emergence of the anti-egalitarian "corporate university,"

practices that ranged from racial policies to research budgeting. Newfield shows that the culture wars have actually been an economic war that a conservative coalition in business, government, and academia have waged on that economically necessary but often independent group, the college-educated middle class. Newfield's research exposes the crucial fact that the culture wars have functioned as a kind of neutron bomb, one that pulverizes the social and culture claims of college grads while leaving their technical expertise untouched. Unmaking the Public University incisively sets the record straight, describing a forty-year economic war waged on the college-educated public, and awakening us to a vision of social development shared by scientists and humanists alike.

Beyond Fitting In Kelly Ritter, 2023-02-03 *Beyond Fitting In* interrogates how the cultural capital and lived experiences of first-generation college students inform literacy studies and the writing-centered classroom. Essays, written by scholar-teachers in the field of rhetoric and composition, discuss best practices for teaching first-generation students in writing classrooms, centers, programs, and other environments. The collection considers how first-gen students of different demographics interact with and affect literacy instruction in a variety of public and private, rural and urban schools offering two- or four-year programs, including Hispanic-serving institutions, historically Black colleges and universities, and public research universities. By exploring the experiences of students, teachers, writing program administrators, and writing center directors, the volume gives readers an inside view of the practices and structures that shape the literacy of first-generation students.

*Democracy, Education and Research* John Schostak, Ivor F. Goodson, 2019-08-09 Considering how practices and processes of research and education can create fundamental, radical social change, *Democracy, Education and Research* assesses the meaning of 'public impact' by rethinking what is meant by 'public' and how it is essential to the methodologies of education and research. Focusing on empirical illustrations of the use of research and educational processes in contemporary and emergent forms of social organisation, this book: Covers the traditional forms to be found in education, health systems, community, business and public institutions, as well as emergent forms arising from innovation in technologies. Explores the forms of learning and knowledge creation that take place across the everyday interactions in places of learning, communities or workplaces Discusses how learning and knowledge can be intentionally shaped by individuals and groups to effect social and political change Considers the research strategies required to forge new practices, new ways of working and living for a more socially just world Including practical examples of research that has created real change, *Democracy, Education and Research* will be a vital resource to professional researchers in their roles as teachers, educators and activists as well as students of education, sociology, politics, cultural studies.

**Classroom of the Elite (Light Novel) Vol. 10** Syougo Kinugasa, 2022-03-15 POPULARITY CONTEST It's spring, and for the first time in the school's history, no one has been expelled after the third semester exams. As a result, the Advanced

Nurturing High School sets a cruel test—each class must choose one of their own members to be expelled. Chaos consumes the first-years as Hirata tries and fails to keep the class from turning on each other, Ichinose strikes a costly bargain with Nagumo, and Ryuuken's classmates seem ready to throw him to the wolves. Can Class C make it out of this unscathed—or will they be undone by traitors within?

*Educational Reform and International Baccalaureate in the Asia-Pacific* Coulson, David Gregory, Datta, Shammi, Davies, Michael James, 2021-02-19 The need to reform secondary-level education to prepare young people for new economic realities has emerged. In an age of constant career changing, cognitive flexibility is a top-priority skill to develop in today's students. This shift requires methodological innovation that enhances children's natural abilities as well as updated, focused teacher education in order to prepare them adequately. *Educational Reform and International Baccalaureate in the Asia-Pacific* is a collection of innovative research that examines the development and implementation of IB curricula. Highlighting a wide range of topics including critical thinking, student evaluation, and teacher training, this book is ideally designed for educators, curriculum developers, instructional designers, administrative officials, policymakers, researchers, academicians, and students.

**Classroom of the Elite: Year 2 (Light Novel) Vol. 10** Syougo Kinugasa, 2025-03-25 COME OUT ON TOP, OR SINK TO THE BOTTOM Winter vacation is over, and there's no time to lose. The third semester kicks off with the announcement of the Survival Elimination Special Exam, a battle between the four classes! They will face off against each other in various subjects to see who reigns supreme. But this isn't any ordinary exam: fail to snatch first place, and your class's points will be slashed! With the stakes this high, nobody can afford to hold back!

*Classroom of the Elite (Light Novel) Vol. 8* Syougo Kinugasa,2021-06-22 ROUGHING IT The third semester kicks off in high gear with a special boot camp deep in the mountains. Forcibly separated into groups along grade and gender lines, the first, second and third years alike must work together to survive the rugged terrain. Even worse? The leader of the group that comes in last will be expelled. Can Class D make it back to campus intact, or is this where they finally say goodbye to one of their own?

*Classroom of the Elite: Year 2 (Light Novel) Vol. 2* Syougo Kinugasa,Tomoseshunsaku,2022-07-21 Ayanokouji's

relationship with Karuizawa deepens, while the aftershock of his perfect mathematics score ripples through the school. Horikita asks to join the student council, and is accepted by Nagumo. And summer vacation brings with it no rest, but another special exam--a reprise of the earlier deserted island test. Except this time, it'll be a battle royale with all three grade levels duking it out against each other!

**Classroom of the Elite (Light Novel) Vol. 7** Syougo Kinugasa,2020-10-22 The end of the second semester is near, and Ryuuken's manhunt for Class D's mastermind is only getting more aggressive. When he and his goons decide to torture an answer out of Karuizawa, Ayanokouji decides it's finally time to step forward--if, that is, Karuizawa doesn't break under the pressure first!

*Classroom of the Elite (Light Novel) Vol. 2* Syougo Kinugasa,2019-05-16 Class D has conquered the midterms, but their celebration is cut short when three Class C students falsely accuse Sudou of assaulting them! With their friend facing expulsion, and the class's points on the line, Ayanokoji, Horikita, and Kikyuu must team up to gather evidence to prove his innocence.

Classroom of the Elite: Year 2 (Light Novel) Vol. 1 Syougo Kinugasa,2022-07-19 NEW KIDS ON THE BLOCK As Ayanokouji and his classmates begin their second year at the Advanced Nurturing High School, they're greeted by a fresh gauntlet of exams and a fresh batch of rather unique first-year students. They'll have to get to know each other quickly, because the first special exam pairs the first-years with the second-years on a written test—with only the second-years facing expulsion if their team performs poorly! Worse yet? It seems one of the new first-years is also from the White Room. Can Ayanokouji avoid expulsion while sussing out the identity of this hidden foe?
