Mothers and Daughters II Rosemary H. Balsam, Ruth S. Fischer, 2014-06-03 This is the second issue of Psychoanalytic Inquiry devoted to mothers and daughters. This project began as the mother-daughter bond was calling out for attention in light of the many advances in our understanding of female psychology. The goal of female development is no longer considered to be a severing of the mother-daughter bond to attain autonomy and sexual maturity. What, then, are its vicissitudes as it is revisited, reworked, and transformed as the girl and her mother grow and develop and ultimately attain a state of interdependence? The relational context of development is now considered: gender-related differences in behavior and in parental interaction; and the girl's special relationship with her mother and her mother's body and the importance to her of her own body with its special attributes, contours, and sensations.

Regenerating the Feminine April C. Heaslip, 2025-08-15 Mythologists work as cultural animateurs, tracking patterns and trends, identifying archetypal and symbolic wounds and remedies. Reading cultural and environmental events via texts and patterns from such a perspective enables dynamic dialogue and action. Regenerating the Feminine: Psyche, Culture, and Nature examines the history of the lost and degraded archetypal feminine of Western cultures, whose resurgence in scholarship, the arts, and social justice practices is now on the rise. Drawing on various methodologies to deepen our

understanding of this regenerative phenomenon, author April C. Heaslip charts the significance of interconnected expressions dramatically impacting our sense of self, community, history, health, culture, and creativity. This study examines the feminine's resurgence via emerging imaginal archetypal paradigms in literary fiction, memoir, and cinematic expression. Utilizing literary and film studies, depth psychology, archaeomythology, history, and religious studies to examine the cultural and personal phenomenon of feminine renewal, this book explores how remythologizing regeneration—as well as remapping complex and neglected personal and collective wasteland landscapes—revitalizes the relationship between psyche, culture, and nature. Tending to the return of the feminine and the complex cultural and eco wastelands, this post-Jungian inquiry remythologizes notions of wholeness, amplifies feminist revisions of Joseph Campbell's "hero's" journey, and provides transdisciplinary best practices in support of personal individuation, cultural revitalization, and ecological healing.

The Anna Book Mickey Pearlman, 1992-10-23 Why are so many fictional characters named Anna (or a variant), and what does this signify? The startling prevalence of Hannah/Anna/Anne moves from biblical literature (Old Testament Hannah and New Testament St. Anne) to classics (Anna Karenina and Anne Elliot) to popular fiction (Anna Dunlop in Sue Miller's *The Good Mother*), children's literature (Anne of Green Gables), films (Hannah and Her Sisters), and horror (Annie Wilkes in Stephen King's *Misery*). Does this represent a conscious or unconscious search for the ultimate or missing mother harking back to mythical and religious traditions? Here twenty-two essayists—literary scholars, writers, historians, classicists, feminist theorists—rise to the challenge, examining Annas in individual literary works or making intriguing connections. Universals and particulars are sorted out as the related names and themes cross time, culture, gender, and racial borders. In the process, much new and fascinating literary criticism is revealed about dozens of authors, including Anthony Trollope, John Berryman, Sean O'Faolain, Edith Wharton, Elizabeth Bowen, Anne Sexton, Arnold Bennett, Doris Lessing, Tillie Olsen, Toni Morrison, Gwendolyn Brooks, Mona Simpson, Mary Lavin, and, yes, Sigmund Freud.

All the Presidents' Women John M. Berez, Ph.D., 1999-04 Having just completed a careful study of nearly a dozen different sexual styles, (*Sexual Styles: A Guide to Understanding Your Lover's Personality*, Humanics, 1998), John Berez now applies this same analysis to the sexual lives of the last ten American Presidents; not from the viewpoint of an historian or tabloid journalist but as a clinical psychologist. From the silhouette of our personality style emerges our sexual style; through careful analysis of the personality styles and especially in their relationships with women, *All The Presidents' Women* probes the past and present inhabitants of the world's most powerful office - with surprising results. From President Truman through Bill Clinton, Berez provides a fascinating investigation into the lives, loves and motivations of these influential men. With depth and clarity, *All The Presidents' Women* presents answers to questions such as: Did Bess Truman henpeck her husband Harry? Was Jack Kennedy a wildly promiscuous playboy, or did he just have a great capacity to love lots of women? Was Lyndon Johnson indeed crude, or was he putting on a wild-west sideshow? Did Nixon's paranoia extend beyond the press

corps and other politicians and was he suspicious of everyone? All the Presidents' Women will engender new understanding of our presidents' personalities, their sexual styles and the women they have loved.

Male Poets and the Agon of the Mother Hannah Baker Saltmarsh, 2019-04-23 A thoughtful exploration of male poets' contributions to the literature of motherhood In the late 1950s the notion of a mother poem emerged during a confessional literary movement that freed poets to use personal, psychosexual material about intimate topics such as parents, childhood, failed marriages, children, infidelity, and mental illness. In *Male Poets and the Agon of the Mother*, Hannah Baker Saltmarsh argues that male poets have contributed to what we think of as the literature of motherhood—that confessional and postconfessional modes have been formative in the way male poets have grappled with the stories of their mothers and how those stories reflect on the writers and their artistic identities. Through careful readings of formative elegies and homages written by male poets of this time, Saltmarsh explores how they engaged with femininity and feminine voices in the 1950s and 60s and sheds light on the inheritance of confessional motifs of gender and language as demonstrated by postconfessional writers responding to the rich subject matter of motherhood within the contexts of history, myth, and literature. A foreword is provided by Jo Gill, professor of twentieth-century and American literature in the Department of English and associate dean for education at the University of Exeter.

How Psychotherapy Helps Us Understand Sexual Relationships Cherry Potter, 2019-08-28 In this fascinating book, Cherry Potter takes readers on her personal and professional quest for insights into sex, relationships and gender differences. Why do we feel what we feel, and do what we do? What is the impact of 'performance anxiety' on men, and on society generally? Why are women still faking it? Is ubiquitous online porn turning the clock backwards? The book delves into the work of Freud, Klein, Bowlby and recent developments in attachment theory for insights into our conscious and unconscious fears and desires, and introduces readers to a range of fascinating clients. These include Jeremy, who was so ashamed of his virginity he was unable to have a relationship; Ellie, who repeatedly fell in love with unobtainable men; Kieran, whose fear of abandonment threatened to wreck his gay relationships; Dulcie, who for years had been unable to face the truth that her husband was having multiple affairs; and Lars, who was addicted to online porn and prostitutes. The book shows how the work between therapist and client is a process of learning together, which is at times painful and deeply moving, but can also reflect a renewed vitality and hope for the future, particularly when it comes to talking about sex. *How Psychotherapy Helps Us Understand Sexual Relationships: Insights from the Consulting Room* will be of great interest to both the general reader as well as psychotherapists and counsellors.

Sexual Abuse Jean Goodwin, 1982 Surveys indicate that 16% of women in the general population have experienced sexual contact with a relative. In this book intrafamilial sexual abuse and incest are used interchangeably to mean sexual

exploitation of a child by an older person in a parental role. Clinical problems described are those that the author has encountered in working with some 300 victims. Annotation copyrighted by Book News, Inc., Portland, OR

The Non-Professional Actor Catherine O'Rawe, 2023-11-16 Provides the first critical overview of acting, stardom, and performance in post-war Italian film (1945-54), with special attention to the figure of the non-professional actor, who looms large in neorealist filmmaking. Italian post-war cinema has been widely celebrated by critics and scholars: films such as *Bicycle Thieves* (De Sica, 1948) and *Paisan* (Rossellini, 1946) remain globally influential, particularly for their use of non-professional actors. This period of regeneration of Italian cinema initiated the boom in cinemagoing that made cinema an important vector of national and gender identity for audiences. The book addresses the casting, performance, and labour of non-professional actors, particularly children, their cultural and economic value to cinema, and how their use brought ideas of the ordinary into the discourse of stars as extraordinary. Relatedly, O'Rawe discusses critical and press discourses around acting, performance, and stardom, often focused on the 'crisis' of acting connected to the rise of non-professionals and the girls (like Sophia Loren) who found sudden cinematic fame via beauty contests.

Will I Ever be Good Enough? Karyl McBride, 2008 The first book specifically for daughters suffering from the emotional abuse of selfish, self-involved mothers, *Will I Ever Be Good Enough?* provides the expert assistance you need in order to overcome this debilitating history and reclaim your life for yourself. Drawing on over two decades of experience as a therapist specializing in women's psychology and health, psychotherapist Dr. Karyl McBride helps you recognize the widespread effects of this maternal emotional abuse and guides you as you create an individualized program for self-protection, resolution, and complete recovery. An estimated 1.5 million American women have narcissistic personality disorder, which makes them so insecure and overbearing, insensitive and domineering that they can psychologically damage their daughters for life. Daughters of narcissistic mothers learn that maternal love is not unconditional, and that it is given only when they behave in accordance with their mothers' often unreasonable expectations and whims. As adults, these daughters consequently have difficulty overcoming their insecurities and feelings of inadequacy, disappointment, sadness, and emotional emptiness. They may also have a terrible fear of abandonment that leads them to form unhealthy love relationships, as well as a tendency to perfectionism and unrelenting self-criticism, or to self-sabotage and frustration. Herself the recovering daughter of a narcissistic mother, Dr. McBride includes her personal struggle, which adds a profound level of authority to her work, along with the perspectives of the hundreds of suffering daughters she's interviewed over the years. Their stories of how maternal abuse has manifested in their lives -- as well as how they have successfully overcome its effects -- show you that you're not alone and that you can take back your life and have the control you want. Dr. McBride's step-by-step program will enable you to: (1) Recognize your own experience with maternal narcissism and its effects on all aspects of your life (2) Discover how you have internalized verbal and nonverbal messages from your mother and how these have translated

into a strong desire to overachieve or a tendency to self-sabotage (3) Construct a step-by-step program to reclaim your life and enhance your sense of self, a process that includes creating a psychological separation from your mother and breaking the legacy of abuse. You will also learn how not to repeat your mother's mistakes with your own daughter. Warm and sympathetic, filled with the examples of women who have established healthy boundaries with their hurtful mothers, Will I Ever Be Good Enough? encourages and inspires you as it aids your recovery.

German Literature at a Time of Change 1989-1990 Arthur Williams,K. Stuart Parkes,Roland Smith,1991 The volume brings together twenty-five scholars from British and German universities, many of them leading experts on Contemporary German Literature, in an exploration of the processes and implications of German unification from the literary point of view. A discussion of the intellectual climate which nurtured the 'peaceful revolution' in the GDR is followed by analyses of the work and attitudes of significant east German authors; an underlying theme is the loss of identity, the loss of Utopia. West German reactions to the questions of unity and identity are then analysed, and a series of comparative studies presented. Finally, themes of importance for the common German future are discussed with particular reference to newer writers: environmental issues, women's writing, the changing role of the poet, problems of innovation. Among the authors discussed are Christa Wolf, Stefan Heym, Christoph Hein, Volker Braun, Heiner Müller, Monika Maron, Günter Grass, Hans Magnus Enzensberger, Martin Walser, Siegfried Lenz, Peter Schneider, Heinz Czechowski, Sarah Kirsch, Helke Sander, Uta Treder, Steffen Mensching, Bert Papenfuß-Gorek, Gert Neumann, Wolfgang Hilbig, Franz Fühmann and Botho Strauß.
