*The Education of a Speculator* Victor Niederhoffer, 1998-03-19 Acclaim for *The Education of a Speculator*, a provocative and penetrating look into the mind, the soul, and the strategies of one of the most controversial traders of all time A compelling and an entertaining read. -The Wall Street Journal Victor Niederhoffer gives us page after page of distilled investment wisdom. Taken together, this is pure nectar to those who aim for consistently superior stock market performance. -Barron's *The Education of a Speculator* offers plenty of insights into the way markets work, but the epiphanies are what a reader might expect from Lao-tzu rather than, say, Graham and Dodd. -Worth magazine *The Education of a Speculator* is the first meaningful book on speculating. Successful speculating is as fine an art as chess, checkers, fishing, poker, tennis, painting, and music. Niederhoffer brings forth the best from each of these fields and shows the investor how their principles can enrich one's life and net worth. -Martin Edelston, President, Boardroom Inc., publishers of Boardroom Classics and Bottom Line/Personal With an original mind and an eclectic approach, Victor Niederhoffer takes the reader from Brighton Beach to Wall Street, visiting all stops of interest along the way. What emerges is a book full of insights, useful to the professional and layman alike. -George Soros, Principal Investment Advisor, The Quantum Fund

**Practical Speculation** Victor Niederhoffer, Laurel Kenner, 2005-01-21 Hier kommt der Nachfolger des viel gepriesenen Bestsellers *The Education of a Speculator* vom gleichen Autor. (ebenfalls bei Wiley erschienen, 0471 13747 2) *Practical Speculation* ist die Fortsetzungsgeschichte einer echten Finanzmarkt-Legende. Niederhoffer war im Futures-Handel äußerst erfolgreich, bis unvorhergesehene Verluste ihn 1997 zur Aufgabe seines Unternehmens zwangen. Wie Phönix aus der Asche kehrte Niederhoffer 1999 in die Welt des Aktien-, Futures- und Optionshandels zurück - allerdings mit einer neuen Kollegin und einer neuen Methode. Dieses Buch erzählt die spannende und inspirierende Geschichte eines Top-Händlers, der sich selbst neu erfunden hat. Hier enthüllt er - gemeinsam mit Coautorin Laurel Kenner - seine einzigartigen Ideen, wie man auch in volatilen Märkten Gewinne machen kann. Eine aufregende Lektüre, die sowohl den alten Hasen als auch den Neulingen unter den Händlern und Anlegern zeigt, wo und wie sie die ungewöhnlichsten Marktchancen aufspüren können.

**Discourses of Neoliberalism in Singapore's Higher Education Context** Marissa K. L. E,2022-11-30 E explores, using textual (words) and visual (image) data from the corporate newsletters of two prominent Asian universities, how particular discourses and their associated discursive representations of neoliberal logic and subjectivity occur in higher education. In particular, she looks at the expression of both institutional priorities and state imperatives that lend themselves to a complementarity built upon two contradictory perspectives: individualism and communitarianism. She argues that the ever-increasing demand for, and utility of higher education in neoliberal society means that it no longer functions merely to provide knowledge and skills, but has implications for society, the individual and the state with regard to their ways of thinking, doing and being. Contributing to a growing corpus of literature on how higher education around the world is being shaped by neoliberal policies, E's research is based on work done in the city-state of Singapore, a less-well represented context in current literature. While both higher education institutions possess significantly different institutional identities and backgrounds, the alignment of their varied representations of neoliberal logic and subjectivity with state-sanctioned imperatives that indirectly impose demands and constraints shows how neoliberalism as ideology adapts to the socio-political, socio-cultural and socio-economic dimensions that make up the Singapore context. The discursive representations of context-dependent neoliberal logics and subjectivity are discussed in terms of their ideological implications, focusing primarily on the complementarity between seemingly contradictory ideological positions. E's work uses an innovative framework that integrates aspects of Discourse Theory with Critical Discourse Analysis and demonstrates the use of this framework through empirical linguistic and image analysis. Appealing to academics and graduate students in linguistics, especially those with an interest in critical multimodal discourse analysis, audiences from the domains of higher education research, critical geography, sociology and political science will also find this a useful book.

**Sacred Mission, Worldly Ambition** Adele Oltman, 2010-01-25 Using Savannah, Georgia, as a case study, *Sacred Mission, Worldly Ambition* tells the story of the rise and decline of Black Christian Nationalism. This nationalism emerged from the experiences of segregation, as an intersection between the sacred world of religion and church and the secular world of business. The premise of Black Christian Nationalism was a belief in a dual understanding of redemption, at the same time earthly and otherworldly, and the conviction that black Christians, once delivered from psychic, spiritual, and material want, would release all of America from the suffering that prevented it from achieving its noble ideals. The study's use of local sources in Savannah, especially behind-the-scenes church records, provides a rare glimpse into church life and ritual, depicting scenes never before described. Blending history, ethnography, and Geertzian dramaturgy, it traces the evolution of black southern society from a communitarian, nationalist system of hierarchy, patriarchy, and interclass fellowship to an individualistic one that accompanied the appearance of a new black civil society. Although not a study of the civil rights movement, *Sacred Mission, Worldly Ambition* advances a bold, revisionist interpretation of black religion at the eve of the movement. It shows that the institutional primacy of the churches had to give way to a more diversified secular sphere before an overtly politicized struggle for freedom could take place. The unambiguously political movement of the 1950s and 1960s that drew on black Christianity and radiated from many black churches was possible only when the churches came to exert less control over members' quotidian lives.
