Without Further Ado Jessica Dettmann, 2023-03-01 Can a modern woman take lessons in love from Shakespeare? Book Lovers meets 10 Things I Hate About You in this sparkling romantic comedy from beloved Aussie author Jessica Dettmann. 'Sigh no more, ladies, sigh no more. Men were deceivers ever ...' Since she was sixteen, Willa's curious touchstone in life and work has been the 1993 film *Much Ado About Nothing*. She's always looking for *The Feeling*, the stirring in her heart - and loins - that she gets when watching the opening scenes. Now she's navigating her mid-thirties, her career as a romance publisher in an unusual family business, and her determination to remain child-free, while quietly holding out for a love as big as Beatrice and Benedick's. But when relationships start to get complicated between Willa, her cousin Imogen and the four sons of the family she works for, and the events of her own life begin to mirror the plot of her beloved comedy, Willa must consider whether there is such a thing as too much ado. A delightfully Shakespearean romantic comedy about modern love, women's roles and how the films and stories we grow up with shape us. 'An absolute delight! With its witty dialogue, relatable characters, and laugh-out-loud moments, this book is the perfect escape. Jessica Dettmann has outdone herself with this charming and hilarious story. Not to be missed!' Sally Hepworth 'Without Further Ado has genuine heart, proper out-loud laughs, and a perfect not-too-Hollywood ending. Dettmann has created a one-off in her protagonist, Willa. Smart as a whip, fiercely independent, hilarious, loyal, fearful and self-sabotaging, she's a romantic heroine for our times (whilst having one foot planted in the late 1500s!).' Tim Minchin 'Glorious, full of laughs, love and realness. I loved it so much I want to live between the covers.' Sacha Horler Praise for Jessica Dettmann: 'Sharp and crisp and funny. I was dazzled' Mia Freedman 'Heartwarming yet biting' Sunday Telegraph 'A totally engaging and disarmingly charming writer' Kathy Lette 'Sparkling and

heartwarming reading' Ben Elton 'Dettmann is such a clever writer - her imagery is fresh and hilarious and her take on life is so dry and funny' Cassie Hamer

The Secret Wound Marion Wells,2007-01-03 This book offers a new reading of early modern romance in the light of historically contemporary accounts of mind, and specifically the medical tradition of love-melancholy. The book argues that the medical profile of the melancholic lover provides an essential context for understanding the characteristic patterns of romance: narrative deferral, epistemological uncertainty, and the endless quest for a quasi-phantasmic beloved. Unlike many recent studies of romance, this book establishes a detailed historical basis for investigating the psychological structure of romance. Wells begins by tracing the development of the medical disorder first known in the Latin west as amor hereos (lovesickness) from its earliest roots in Greek and Arabic medicine to its translation into the Latin medical tradition. Drawing on this detailed historical material, the book considers three important early modern romances: Ariosto's Orlando Furioso, Tasso's Gerusalemme Liberata, and Spenser's The Faerie Queene, concluding with a brief consideration of the significance of this literary and medical legacy for Romanticism. Most broadly, the interdisciplinary nature of this study allows the author to investigate the central critical problem of early modern subjectivity in substantially new ways.

Reading and Literacy Ian Frederick Moulton,2004 It is not surprising that the development of the internet and related electronic technologies has coincided with an academic interest in the history of reading. Using and transmitting texts in new ways, scholars have become increasingly aware of the precise ways in which manuscripts and printed books transmitted texts to early modern readers. This volume collects nine essays on reading and literacy in Europe from the fourteenth to the seventeenth centuries. Topics include: the function of marginalia in vernacular medieval manuscripts; the trope of reading in

the fourteenth century; the definition of literacy in early modern England; marginalia and reading practices in early modern Italy; revision of medieval texts in the Renaissance; the prevalence of translated French poetry in sixteenth-century England; the use of poems as props in the plays of Shakespeare; the private reading of the playscripts of masques; and early-modern women's reading practices. These essays demonstrate the energy and excitement of the rapidly developing field of the history of reading. They will appeal to those interested in European cultural history, the transition from manuscript to print culture, the history of literacy, and the history of the book.
