

Ghost Song Ella Henderson Lyrics

LP Steffe

Restless David J. Gillard, 2022-01-06 Why do many popular songs positively reference God if our culture is widely viewed as secular? Why is it a challenge to tell the Christian story when many say they are spiritual and believe in God? Why do we draw so much meaning from the popular songs we listen to? And might a deeper understanding of popular-music culture help us to explore the bigger stories we listen to throughout our lives, such as the Christian story? Primarily using Zygmunt Bauman's understanding of liquid modernity we look at the social forces that shape Western society and consider why, while many are looking for authentic, ontologically based stories to understand their life experiences, historic providers of the big stories that shape our lives, such as the church, favor a different, epistemological way of telling them. How do these different approaches to storytelling affect their reception and what insight might we draw from that? Whilst this book is written primarily with those in Christian ministry in mind, it will be of interest, too, to those who use music to explore life experiences through their work, who are interested in the social forces that shape society, or who simply enjoy listening to popular music.

The Dictionary of Clichés Christine Ammer, 2013-11-05 The largest, most comprehensive, and most entertaining reference of its kind, The Dictionary of Clichés features more than four thousand unique clichés and common expressions. Author Christine Ammer explores the phrases and terms that enliven our language and uncovers expressions that have long been considered dead. With each entry, she includes a thorough definition, origin of the term, and an insightful example. Some of the clichés brought into the limelight include: • Blood is thicker than water • Monkey see, monkey do • Brass tacks • Burn the midnight oil • Change of heart • Moral fiber • By the book Whether clichés get under your skin or make you happy as a clam, The Dictionary of Clichés goes the extra mile to provide an essential resource for students, teachers, writers, and anyone with a keen interest in language. And that's food for thought.
