Baby Boomers, Age, and Beauty Naomi Woodspring, 2018-10-01 Drawing from a variety of sources from ageing research, history and gender studies, this book is a rich exploration of the baby boomers - those coming of age in the sixties and now entering old age - the influences that have shaped how they perceive ageing appearance, define ageing and beauty, and the meaning of appearance, beauty, and identity.

Religion in the Age of Re-Globalization Roland Benedikter, 2021-12-13 This book provides a concise introduction into twenty-one trends that are transforming the role of religion and spirituality in “re-globalizing” societies. In referring to processes of “re-globalization”, the book draws attention to profound ongoing changes in the patterns and mechanisms of contemporary globalization. Inter- and transdisciplinary in its approach, clearly structured, and easy to read, the book analyzes the impact of religious self-understanding, rhetoric, and practice on five core fields: economics, politics, culture, demography, and technology. In turn, it describes the effects of these five fields on religion and spirituality themselves. This book represents a broad, encompassing overview of the main transformations that religion is undergoing today. Roland Benedikter combines a “big picture” approach with a keen attention to the details of specific case studies. With its clear and accessible structure and timely examples, this book is ideally suited for students of international relations and religious studies, and will also appeal to researchers engaged in those fields and to interested general readers. The book is also apt to serve as an encompassing basis for contemporary debates in civil society, including both grassroots and expert discussions.

Design Dispersed Burcu Dogramaci, Kerstin Pinther, 2019 *Design Dispersed* pursues the complex and heterogeneous connections between migration and design in the 20th and 21st centuries. The edited volume gathers contributions by international researchers and curators on the question of how design practices and (historical) objects articulate, respond to and critically reflect on migration, flight and displacement: Besides a collage which highlights the aesthetic effects resulting from the networking, overlapping and mixing of forms, another strand of the book looks at the political and social dimensions of design. How are design objects material modes of a critical inquiry on movements of people and things? What role do object trajectories play in the émigré movements of the 1930s and 1940s? Other texts follow the question of how migrants and refugees form their experience and political fight for acceptance into design and architectural productions. A final essay contributes to wordings and projections - what vocabulary do we need in order to adequately think and write about a design dispersed?

The Wives Lauren Weisberger, 2018-06-05 Perfect marriages. Perfect neighbours. Perfect lies.

One True Loves Elise Bryant, 2022-01-04 From the author of *Happily Ever After* comes another irresistible YA romantic comedy full of self-discovery and Black love—and a dreamy European cruise. Perfect for fans of Nicola Yoon and Jenny Han, with crossover appeal for readers of Jasmine Guillory and Talia Hibbert romances. Lenore Bennett has always been a force. A star artist and style icon at her high school, she's a master in the subtle art of not giving a . . . well, you know what. But now

that graduation is here, she's a little less sure. She's heading to NYU in the fall with a scarlet U (for "undeclared") written across her chest. Her parents always remind her that Black kids don't have the luxury of figuring it out as they go—they have to be 110 percent prepared. But it's a lot of pressure to be her ancestors' wildest dreams when Lenore's not even sure what her dreams are yet. When her family embarks on a post-graduation Mediterranean cruise, her friend Tessa is sure Lenore's in for a whirlwind romance. But Lenore knows that doesn't happen to girls like her. Then she meets Alex Lee. After their parents bond over the Cupid Shuffle, she ends up stuck with him for the remainder of the cruise. He's a hopeless romantic and a golden boy with a ten-year plan. In short, he's irritating as hell. But as they get to know each other during the picturesque stops across Europe, Alex may be able to help Lenore find something else she's been looking for, even if she doesn't want to admit it to herself: love.
