Untitled Memoir Jeanine Pirro,

Don't Lie to Me Jeanine Pirro, 2020-09-22 Judge Jeanine Pirro, author of two New York Times bestsellers, exposes the lies and distortions of the president's enemies. It's been nearly four years since President Trump took office, and Judge Jeanine Pirro has had enough of the left's countless lies and false accusations. She is now forced to ask: How could anyone vote against President Trump this November? What more could you possibly want? In *Don't Lie to Me*, Judge Jeanine brings her signature writing style and acute legal mind to topics such as the impeachment inquiry, the military, and the road to the 2020 presidential election. She will highlight President Trump's triumphs and his strength during the coronavirus crisis.

Sly Fox Jeanine Pirro, 2012 While investigating a series of brutal crimes against women and children in 1978 New York, Assistant District Attorney Dani Fox takes on the challenging case of a businessman who has been secretly molesting his young daughter for years.

Encyclopedia of Television Law Shows Hal Erickson, 2009-09-29 When media coverage of courtroom trials came under intense fire in the aftermath of the infamous *New Jersey v. Hauptmann* lawsuit (a.k.a. the Lindbergh kidnapping case,) a new wave of fictionalized courtroom programming arose to satiate the public's appetite for legal drama. This book is an alphabetical examination of the nearly 200 shows telecast in the U.S. from 1948 through 2008 involving courtrooms, lawyers and judges, complete with cast and production credits, airdates, detailed synopses and background information. Included are such familiar titles as *Perry Mason*, *Divorce Court*, *Judge Judy*, *LA Law*, and *The Practice*, along with such obscure series as *They Stand Accused*, *The Verdict Is Yours* Sam Benedict, *Trials of O'Brien*, and *The Law and Mr. Jones*. The book includes an introductory overview of law-oriented radio and TV broadcasts from the 1920s to the present, including actual courtroom coverage (or lack of same during those years in which cameras and microphones were forbidden in the courtroom) and historical events within TV's factual and fictional treatment of the legal system. Also included in the introduction is an analysis of the rise and fall of cable's Court TV channel.

New York Court of Appeals. Records and Briefs. New York (State).,

Encyclopedia of Television Shows, 1925 through 2010, 2d ed. Vincent Terrace, 2014-01-10 This fully updated and expanded edition covers over 10,200 programs, making it the most comprehensive documentation of television programs

ever published. In addition to covering the standard network and cable entertainment genres, the book also covers programs generally not covered elsewhere in print (or even online), including Internet series, aired and unaired pilot films, erotic series, gay and lesbian series, risqué cartoons and experimental programs from 1925 through 1945.

Liars, Leakers, and Liberals Jeanine Pirro, 2018-07-17 Get the story the Fake News media doesn't want you to hear in the #1 New York Times bestseller: a withering indictment of the Deep State plot against Trump and a firsthand account of the real presidency, based on interviews with the Trump family and top administration officials. At this point in American history, we are the victims of a liberal sabotage of the presidency unlike anything we've ever witnessed. Nevertheless President Trump continues to fight every day to keep his promise to Make America Great Again. Today that bold idea has already led to a conservative judge on the Supreme Court, tax reform, and deregulation that has unleashed an economy stronger than anyone could have imagined. But there are dark forces that seek to obstruct and undermine the president and reverse the results of the 2016 presidential election. They are part of a wide-ranging conspiracy that would seem incredible if it weren't being perpetrated openly. Driven by ambition, blinded by greed, and bound by a common goal -- to unseat the 45th President of the United States -- this cabal is determined to maintain its wrongful hold on national political power. Fox News host Jeanine Pirro uncovers the elements of this conspiracy, including: Fake news propaganda, Law enforcement corruption at the highest levels, National security leaks by the intelligence community, Bureaucratic resistance to lawful and constitutional executive orders issued by the duly elected president, Crooked deals with foreign governments by U.S. officials sworn to defend our Constitution. It's about time the American public knows the truth about the plot to bring down the Trump presidency. By the time you've finished this book, you'll agree with Judge Pirro that the only way to stop these hoodlums is to Take Them Out in Cuffs!

The ^ABranding of Right-Wing Activism Khadijah Costley White, 2018-08-02 From the start of Barack Obama's presidency in 2009, conservative populist groups began fomenting political fractiousness, dissent, and surprising electoral success. The Tea Party was one of the major characters driving this story, changing the tone, tenor, and shape of the political landscape, one that this book sees as a product of media branding. Beyond the creation of the Tea Party, this project also investigates what the mass-mediated construction of the Tea Party tells us about the current media and cultural moment, specifically the role of journalism in a Web 2.0 age and contemporary American notions of democracy, citizenship, and belonging.

Unmaking the Presidency Susan Hennessey, Benjamin Wittes, 2020-01-21 This is a book for everyone who has developed an unexpected nostalgia for political 'norms' during the Trump years . . . Other books on the Trump White House expertly detail the mayhem inside; this book builds on those works to detail its consequences. —Carlos Lozada (one of twelve books to read to understand what's going on) Perhaps the most penetrating book to have been written about Trump in office.—Lawrence Douglas, *The Times Literary Supplement* The definitive account of how Donald Trump has wielded the powers of the American presidency The extraordinary authority of the U.S. presidency has no parallel in the democratic world. Today that authority resides in the hands of one man, Donald J. Trump. But rarely if ever has the nature of a president clashed more profoundly with the nature of the office. *Unmaking the Presidency* tells the story of the confrontation between a person and the institution he almost wholly embodies. From the moment of his inauguration, Trump has challenged our deepest expectations of the presidency. But what are those expectations, where did they come from, and how great is the damage? As editors of the “invaluable” (*The New York Times*) *Lawfare* website, Susan Hennessey and Benjamin Wittes have attracted a large audience to their hard-hitting and highly informed commentary on the controversies surrounding the Trump administration. In this book, they situate Trump-era scandals and outrages in the deeper context of the presidency itself. How should we understand the oath of office when it is taken by a man who may not know what it means to preserve, protect, and defend something other than himself? What aspects of Trump are radically different from past presidents and what aspects have historical antecedents? When has he simply built on his predecessors’ misdeeds, and when has he invented categories of misrule entirely his own? By setting Trump in the light of history, Hennessey and Wittes provide a crucial and durable account of a presidency like no other.

To Punish and Protect Jeanine Pirro, Catherine Whitney, 2015-06-16 Former prosecutor Jeanine Pirro's *To Punish and Protect* challenges us to have the will and the courage to wage war on the predators roaming our streets, and to avenge their victims. The office of the district attorney is a battleground, where the fight between good and evil unfolds each day. We see the ugliest side of life, the pain that people go through for no reason. They didn't do anything. They didn't ask for it. Yet here they are, living their personal nightmares. We cannot take away their pain, or turn back time to undo the damage, but we can be the avengers. We can seek justice on their behalf. So begins this riveting account by the former Westchester County District Attorney, Jeanine Pirro, as she takes us inside the violent world of modern crime fighting. Before Pirro was elected DA in 1993, the job was always considered a man's domain, demanding a macho toughness. Pirro can be as tough as any man, and yet she adds an important new dimension to the role. She believes that being tough on crime means much more than just filling the jails. She goes beyond her role to punish criminals, to be a passionate advocate for the victims of crime. In *To Punish and Protect*, Pirro brings readers face to face with the gruesome realities of her daily battles, and tells the true, heartbreaking stories of the victims - the slaughter of a young woman and her two children by a jealous, enraged boyfriend; a teenage girl forced to assume wifely duties after her father murdered her stepmother; a nine-year-old boy chained to a radiator in a dark room and nearly starved to death, as the rest of the family went about its business; a gentle, hardworking man shot fatally in a dispute over a parking place, because he was black; an eighty-year-old woman, savagely beaten by her son and left for two days on the cold floor of her apartment; a beautiful woman whose wealth and privilege could not prevent her murder at the hands of a violent husband; and a group of young girls lured into a sexual nightmare by a cunning predator posing as a trustworthy youth counselor. Pirro presents hard truths about the ways in which parents, communities, and the justice system share complicity in fostering an environment of danger to our children. She describes the dark world of Internet pedophiles and hate mongers, who are allowed to hide behind First Amendment protections to gain access to kids in their own bedrooms. She offers a harsh judgment on parents who fail to address the deadly consequences of teen drinking, and even host keg parties in their homes, while alcohol continues to take young lives and destroy families. Pirro delivers a bold indictment of the criminal justice system, and asks whether we as a nation are truly committed to justice. Increasingly, she warns, our laws, attitudes, and behaviors seem to be veering away from what we say is our moral core as a nation. We say that we exalt good and punish evil, yet we do the opposite. We turn criminals into celebrities, and view victims with suspicion. If we're going to make our communities safer and our society less violent, we need to do more than just pay lip service to our ideals.

As the nation recovers from the Trump presidency, many questions remain: Why was the COVID-19 pandemic so grossly mishandled? How did we get so politically polarized? What caused white nationalist groups to come out of the shadows, and are they here to stay? The answers lie the twisted story of the relationship between Donald Trump and Fox News. Through firsthand accounts from over 250 current and former Fox insiders, CNN anchor and chief media correspondent Brian Stelter unlocks the inner workings of Rupert Murdoch’s multibillion-dollar media empire.
