Adobe Muse Classroom in a Book Adobe Creative Team, 2012-07-02 Those creative professionals seeking the fastest, easiest, most comprehensive way to learn Adobe Muse choose Adobe Muse Classroom in a Book from the Adobe Creative Team at Adobe Press. The 10 project-based lessons in this book show readers step-by-step the key techniques for working in Muse. Readers will learn Muse from the ground up and create websites using the latest web standards without writing code. They will learn how to plan projects using site maps and master pages; design pages and add interactivity through buttons, links, and widgets; access 500 Typekit web fonts included with subscription to Muse; and publish a website via Business Catalyst or standard web hosting. The companion disc includes lesson files so readers can work along with the book.

****Breaking News!** Register your book at peachpit.com/register to receive a free “What’s new” guide which provides a hands-on tour of the new and improved Muse features in the Second Quarter 2013 (CC) update, including a new Layers panel; parallax scrolling; in-browser editing; and improvements to forms, metadata, and plan mode viewing options. Unlike previous updates, this update will not reference the existing Classroom in a Book lessons but instead should be used in addition to the Classroom in a Book lessons. “The Classroom in a Book series is by far the best training material on the market. Everything you need to master the software is included: clear explanations of each lesson, step-by-step instructions, and the project files for the students.” -Barbara Binder, Adobe Certified Instructor, Rocky Mountain Training Classroom in a Book®, the best-selling series of hands-on software training workbooks, helps you learn the features of Adobe software quickly and easily. Classroom in a Book offers what no other book or training program does—an official training series from Adobe Systems

Incorporated, developed with the support of Adobe product experts.

Windows XP Chris Fehily,2003 If you have Windows XP on your computer, you'll want Windows XP: Visual QuickStart Guide on your bookshelf-it's as simple as that. Even veteran Windows users will quickly discover that the changes in Windows XP go far beyond a radically redesigned interface. And to get the most out of this powerful new operating system-including all of its bundled software and goodies-there's no place better to start than the straightforward, task-oriented approach of Peachpit's popular Visual QuickStart series. In this volume, veteran author Chris Fehily gets right down to business, covering both Home and Professional versions of Microsoft's redesigned operating system in this single edition. After a thorough

introduction to the new interface, chapters cover topics such as installing and removing programs; working with documents, accessories, and multimedia; going online; printing; hardware issues; maintenance; and more. Along the way you'll find plenty of screen shots and other graphic aids to acclimate you to all that's new in Microsoft's operating system, as well as the types of undocumented tips and tricks that can only be gleaned from hard-won experience-the author's, not yours!
