

Manual De Politicas De Coca Cola

M Woodhall

Manual de economía política Walter Manuel Beveraggi Allende,1980

Alimentos, memorias y política David Carbajal López,María del Mar Martín Macías,Irma Estela Guerra Márquez,Ángel Christian Luna Alfaro,Juan Pío Martínez,2024-11-11 El lector o lectora tiene en sus manos un libro de Historia cultural, es decir, de una manera de escribirla que no se interesa por héroes ni conmemoraciones, y sí por la vida cotidiana, sus significados y problemas. Ofrecemos aquí un menú de cinco ensayos, que lo mismo exploran los recuerdos de la sociedad de Los Altos de Jalisco a través de una bebida: los refrescos producidos localmente, y de una manera tradicional de producir alimentos: las huertas, como también exploran los problemas políticos en torno a la alimentación. Las taquerías de Lagos de Moreno son oportunidad de analizar diferencias de género y problemas de seguridad pública, mientras que la historia del pulque nos muestra que el racismo y el clasismo pueden alcanzar el trabajo científico, y la capirotada que serviremos de postre, de la dificultad para separar lo religioso de lo político y de la forma en que se construyó la identidad regional.

Políticas de marketing ESCRIBANO RUIZ, GABRIEL,ALCARAZ CRIADO, JAVIER IGNACIO,FUENTES MERINO, MILAGROS,2014-01-01 Esta obra actualizada y adaptada a la nueva legislación (LOE) desarrolla los contenidos del módulo profesional de Políticas de Marketing, común a los Ciclos Formativos de grado superior correspondientes a los títulos de Técnico Superior en Gestión de Ventas y Espacios Comerciales y de Técnico Superior en Marketing y Publicidad, pertenecientes a la familia profesional de Comercio y Marketing, desde una perspectiva eminentemente práctica. Políticas de marketing se inicia con un análisis del entorno y la competencia desde un sentido amplio, para ir adentrándose a medida que se avanza con las Unidades en un análisis más exhaustivo de las diferentes variables de marketing mix. Finaliza el libro con el plan de marketing, momento en el que se ofrece una visión de conjunto de todo lo aprendido. Cada una de las doce Unidades en las que se divide el libro se acompaña de numerosas actividades propuestas, resueltas, lecturas sobre casos reales y elementos gráficos para facilitar la comprensión del contenido. El resumen final de cada Unidad sintetiza los conceptos fundamentales explicados. Además, la Unidad se cierra con una gran variedad de actividades finales: actividades de comprobación, que permitirán al alumno evaluar si ha asimilado la parte teórica del tema trabajado; y actividades de aplicación y ampliación, que le permitirán confrontar los conocimientos adquiridos con situaciones reales, y aplicarlos en situaciones simuladas, pero próximas a la realidad, en las que deberá construir posibles soluciones a partir de los

conocimientos adquiridos. La metodología utilizada y la cantidad y calidad de contenidos y actividades, facilitarán la labor del profesor y el estudio del alumno, convirtiéndose este libro en una herramienta imprescindible para el estudio del marketing y para cualquier otra persona (docente, estudiante o trabajador en activo) que esté interesada en profundizar en los conceptos que se desarrollan a lo largo de sus páginas o en utilizarlo como libro de consulta.

El oprobio del hambre David Rieff,2016-01-14 ¿Es ingenuo creer en el fin de la pobreza extrema y el hambre generalizado? ¿Seremos capaces de proporcionar alimentos a nueve mil millones de personas (dos mil más que hoy) en 2050? Mientras los defensores de los derechos de los alimentos (muchos asociados a partidos verdes, en países tanto ricos como pobres), así como los partidarios de los cultivos tradicionales, rechazan la intervención de la tecnología y la agroindustria, numerosos economistas predicen que con las políticas adecuadas, la pobreza en África puede acabarse en veinte años. Los filantropistas Bill Gates y Warren Buffet invierten miles de millones en tecnología, confiando en ésta para resolver el problema. Por su parte, David Rieff, tras treinta años de estudio y elaboración de informes sobre ayuda humanitaria y desarrollo, pone en el punto de mira las pretensiones de ambas partes y se pregunta si alguno de estos esfuerzos va a resolver la crisis. El cambio climático, los gobiernos inestables que reciben ayuda, la íntima relación entre el sector filantrópico y gigantes agrícolas como Monsanto y Syngenta, son algunos de los factores, a menudo ignorados, que él incorpora al debate. El oprobio del hambre es el único libro que no se toma al pie de la letra las preciadas afirmaciones de cada una de las partes. A este reto crucial para el futuro de la humanidad, Rieff ofrece una respuesta positiva pero cautelosa: la respuesta a la pregunta central es sí, siempre y cuando no confundamos nuestras esperanzas con la realidad ni las buenas intenciones con capacidad. Reseña: «David Rieff pasa revista crítica y minuciosa a los organismos internacionales, fundaciones y ONG que aspiran a acabar con el hambre en el mundo en un ensayo de argumentos fascinantes.» Ana Carbajosa, Babelia, El País «Un libro apasionado y de una honestidad radical, de obligada lectura para quien quiera entender de qué hablamos cuando hablamos de hambre y justicia en el mundo actual.» Ricardo Menéndez, Mercurio

China: la edad de la ambición Evan Osnos,2017-03-20 Contemplado desde fuera, el paisaje chino adquiere a veces rasgos grotescos: una tierra de millonarios sin escrúpulos y burócratas implacables destinados a gobernar la economía global

o un Goliat lastimoso infestado de corrupción y al borde del colapso. No parece haber una perspectiva equilibrada. Lo que apenas vemos es cómo la gente (ricos y pobres, señores y súbditos) se amolda o se reinventa mientras la sociedad cambia a un ritmo vertiginoso. Como corresponsal en Pekín del Chicago Tribune y luego del New Yorker, Evan Osnos ha estudiado sobre el terreno las profundas transformaciones sociales que han sacudido China durante los últimos decenios. En este libro describe el principal conflicto que hoy vive aquel país: la colisión entre las necesidades individuales activadas por el crecimiento económico y un Partido Comunista decidido a mantener su hegemonía. Osnos pone el dedo en la llaga de las paradojas. ¿Por qué el régimen que más personas ha sacado de la pobreza en la historia restringe tan vigorosamente la libertad de expresión? ¿Por qué tantos jóvenes devotos de la cultura pop occidental se oponen a la influencia cultural de Occidente? ¿Por qué la palabra lujo está vedada en las vallas publicitarias mientras Ferrari y Rolls Royce hacen su agosto? ¿Por qué el dinero y la prosperidad dan pie a una búsqueda de trascendencia espiritual? Con firme pulso narrativo y grandes dosis de ironía, Osnos responde a esas y otras preguntas contando las historias de los humildes, los poderosos y los estrambóticos (que no son pocos), buscando las claves o desvelando los secretos. Este libro es un gran escenario donde se representan las comedias y los dramas, los esplendores, las farsas y las desdichas de la nueva China.

Historia, género y familia en Iberoamérica (siglos XVI al XX) Dora Dávila-Mendoza, 2004

Equidad social y parlamentarismo. Balance de treinta años Ricardo Becerra, 2013-08-05 En los primeros doce años del siglo xxi se ha cristalizado y difundido una retórica (política, académica, periodística) acerca del presente mexicano: el país se halla estancado, su economía acusa un desempeño mediocre porque no es capaz de hacer sus reformas estructurales, y no las hace, porque el Congreso y el pluralismo que representa, es disfuncional, atávico, frena la modernidad del país. Este libro tiene como objetivo responder a esa retórica: no es para nada claro que México requiera más reformas estructurales en el mismo sentido; y es el pluralismo, la incipiente democratización del país, el factor que como ningún otro puso en cuestión la pertinencia de esas decenas de reformas estructurales que México ya instrumentó en el último cuarto de siglo y que no cumplieron sus promesas ni de crecimiento y mucho menos, de prosperidad.

Communication: Innovation & Quality Miguel Túñez-López, Valentín-Alejandro Martínez-Fernández, Xosé López-García, Xosé Rúas-Araújo, Francisco Campos-Freire, 2018-07-10 This book explores the disruptive changes in the media ecosystem caused by convergence and digitization, and analyses innovation processes in content production, distribution and commercialisation. It has been edited by Professors Miguel Túñez-López (Universidade de Santiago de Compostela, Spain), Valentín-Alejandro Martínez-Fernández (Universidade da Coruña, Spain), Xosé López-García (Universidade de Santiago de Compostela, Spain), Xosé Rúas-Araújo (Universidade de Vigo, Spain) and Francisco Campos-Freire (Universidade de Santiago de Compostela, Spain). The book includes contributions from European and American experts, who offer their views on the audiovisual sector, journalism and cyberjournalism, corporate and institutional communication, and education. It particularly

highlights the role of new technologies, the Internet and social media, including the ethics and legal dimensions. With 30 contributions, grouped into diverse chapters, on information preferences and uses in journalism, as well as public audiovisual policies in the European Union, related to governance, funding, accountability, innovation, quality and public service, it provides a reliable media resource and presents lines of future development.
