For millennia, the Moon has been associated with many central concerns of human existence: love, passion, fertility, mystery, death and rebirth, and the afterlife, just to name a few. It's no wonder that this celestial body is the domain of the Goddess in so many traditions! Wiccans know that the Moon influences all of us, whether we realize it or not. Yet it's not always clear what this means in the context of our day-to-day lives. The focus on the New Moon and Full Moon throughout so much of Wiccan and Pagan lore can leave the impression that the Moon's significance is limited to these times. But in fact, each phase of the lunar cycle offers particular energies that you can attune with and harness for your specific magical goals. This book is for anyone wanting to learn more about the connections between the Moon and the practice of magic. The practical elements are accessible enough for beginners, yet those with more magical experience will still find plenty of new ideas, concepts, and tips to enhance their practice.
