Islamic Law of Inheritance Adam Raji,2025-07-07 Clear. Authoritative. Deeply rooted in the Qur'an and Sunnah.This book is meticulously written with guide that unpacks one of the most intricate and spiritually significant aspects of Islamic jurisprudence - the fair and divinely prescribed distribution of wealth after death. Drawing from centuries of Islamic scholarship and the primary sources of the Shari'ah, this book explores the laws of inheritance in a structured and accessible way, making it a valuable resource for students, teachers, legal scholars, Islamic jurists, and anyone eager to understand how Allah's justice unfolds in estate matters. What You Will Discover Inside: A clear definition of Islamic Inheritance Law and its spiritual, legal, and social relevance The primary aims and objectives of the Shari'ah as they relate to justice, balance, and family structure Detailed classifications of beneficiaries: Ashābul Furūd (Fixed Sharers): Those who are guaranteed specific shares Asabah (Residuaries): Those entitled to the remainder The various types of residuaries and their hierarchies A comprehensive guide on dual-status heirs - those who may shift between categories based on specific conditions The inclusion and treatment of Dhul Arhām (distant relatives) - often misunderstood or overlooked An insightful analysis of Hujb (Displacement): how and when certain heirs are excluded from inheritance A helpful breakdown of Absolute Sharers and their unshakeable positions within the inheritance system Whether you're seeking to understand the foundations or delve into complex scenarios involving overlapping rights and displaced heirs, this book presents the Islamic perspective with clarity. Why This Book Matters: In a world where confusion often surrounds inheritance matters, this book stands as a beacon of guidance, presenting Allah's perfectly balanced system - one that protects the rights of every eligible heir, upholds

family bonds, and prevents injustice after a person's death. If you are serious about learning Islamic inheritance - not just as theory, but as divine law meant to be understood and applied - this book is your essential companion. Grab your copy and empower yourself with knowledge that continues to benefit generations.
