

New York Fortunato Depero

Raffaele Bedarida

Depero futurista & New York Maurizio Scudiero, David Leiber, Fortunato Depero, 1986

Exhibiting Italian Art in the United States from Futurism to Arte Povera Raffaele Bedarida, 2022-06-28 This volume explores how Italian institutions, dealers, critics, and artists constructed a modern national identity for Italy by exporting – literally and figuratively – contemporary art to the United States in key moments between 1929 and 1969. From artist Fortunato Depero opening his Futurist House in New York City to critic Germano Celant launching Arte Povera in the United States, Raffaele Bedarida examines the thick web of individuals and cultural environments beyond the two more canonical movements that shaped this project. By interrogating standard narratives of Italian Fascist propaganda on the one hand and American Cold War imperialism on the other, this book establishes a more nuanced transnational approach. The central thesis is that, beyond the immediate aims of political propaganda and conquering a new market for Italian art, these art exhibitions, publications, and the critical discourse aimed at American audiences all reflected back on their makers: they forced and helped Italians define their own modernity in relation to the world's new dominant cultural and economic power. The book will be of interest to scholars working in art history, social history, exhibition history, and Italian studies.

Poetry After Barbarism Jennifer Scappettone, 2025-10-14 Against a backdrop of xenophobic and ethnonationalist fantasies of linguistic purity, *Poetry After Barbarism* uncovers a stateless, polyglot poetry of resistance—the poetry of motherless tongues. Departing from the national and global paradigms that dominate literary history, Jennifer Scappettone traces the aesthetic and geopolitical resonance of “xenoglossic” poetics: poetry composed in the space of contestation between national languages, concretizing dreams of mending the ruptures traced to the story of Babel. As global migration, aerial bombardment, and the wireless telegraph shrank distances with brute force during the twentieth century, visions of transcultural communication emerged in the hopes of bridging linguistic difference. At the same time, evolving Fascist ideologies denied the reality of cultural admixture and the humanity of the stranger. Authors who write xenoglossic verse occupy languages without a perceived birthright or sanctioned education; they compose in ecstatic “orphan tongues” that rebuff nationalist ideologies, on the one hand, and globalization, on the other, uprooting notions of belonging ensconced in nativist metaphors of milk, blood, and soil while rendering the reactionary category of the barbarian obsolete. Raised within or in the wake of fascism, these poets practice strategic forms of literary and linguistic barbarism, proposing modes of

collectivity that exceed geopolitical definitions. Studying experiments between languages by immigrant, refugee, and otherwise stateless authors—from Baroness Elsa von Freytag-Loringhoven to Emilio Villa, Amelia Rosselli, Etel Adnan, LaTasha N. Nevada Diggs, Chika Sagawa, and Sawako Nakayasu—this book explores how poetry can both represent and jumpstart metamorphosis of the shape and sound of citizenship, modeling paths toward alternative republics in which poetry might assume a central agency.

2016 Günter Berghaus, 2016-05-24 Volume 6 (2016) is an open issue with an emphasis on Nordic countries (Denmark, Finland, Lithuania, Estonia, Iceland). Four essays focus on Russia, two on music; other contributions are concerned with Egypt, USA and Korea. Furthermore there are sections on Futurist archives, Futurism in caricatures and Futurism in fiction.

Frederick Kiesler: Face to Face with the Avant-Garde Peter Bogner, Gerd Zillner, Frederick Kiesler Foundation, 2019-07-08 Network of superlatives Frederick Kiesler was a committed networker and communicated regularly with the who's who of the avant-garde. He was an important intermediary between the visionary ideas of the European Moderne movement and the up-and-coming New York art scene. About 20 contributions portray his colorful life and his multifaceted oeuvre in various contexts, and place Kiesler in a dialog with the most important artists and architects of his time. The publication on the occasion of the 20 year anniversary of the Friedrich Kiesler Foundation deals with his relationship with the Bauhaus, surrealism, and the New York School, as well as with personalities such as Richard Buckminster Fuller, Marcel Duchamp, Arshile Gorky, Theo van Doesburg, Piet Mondrian, Hans Arp, Sigfried Giedion, and others. An interwoven analysis of his life and work Contributions on individual and case studies Kiesler and Bauhaus, Mondrian, Buckminster Fuller, Duchamp, and many others

The Mattioli Collection Flavio Fergonzi, 2003 Since the 1940s Gianni Mattioli's collection of modern art has been a touchstone of the history of 20th century collecting. The pieces reproduced in this volume have been listed under Italian law since 1939 to protect the nation's cultural heritage.

DeperoFuturista Fortunato Depero, Gabriella Belli, 1999 During the post-war years Fortunato Depero was one of the key figures of the second Futurist movement, not only in the field of painting but also in graphics, stage sets, the applied arts and experimental writing. This catalogue of the American exhibition, one of the most thorough and up-to-date monographs of the eclectic Italian Futurist artist, is arranged in four sections: The Avant-garde Period 1914-1917 (Plastic Complexes, We Abstract Futurists, Synthetic Architectural Forms), The Aesthetics of Magic 1917-1927 (The Automaton and the Picto-plastic Drama, The New Fantastic), The Magician's House 1919-1927 (The House of Futurist Art. International Exhibitions, Graphic Design), America, America 1928-1932 and more (Metropolitan Visions, Advertising, America Again). A definitive picture of Depero's long career, raging from the early days, to the important Futurist period of the Casa del Mago/The Wizard's House (the studio-laboratory created by the artist at Rovereto during the time of his enthusiastic participation in the Futurist

movement), until the New York period in the thirties, when he was active in costumes, sets and important drawings on urban-industrial themes.

Futurism & Photography Giovanni Lista, 2001 Published to accompany the exhibition held at the Estorick Collection of Modern Italian Art, London, 24 January - 22 April 2001.

The Great Parade Pierre Théberge, Galeries Nationales du Grand Palais (Paris), National Gallery of Canada, 2004-01-01 A beautiful book that showcases how circus figures and artifacts have been portrayed in art over the past two centuries The circus is a dazzling world filled with acrobats and harlequins, tumblers and riders, monsters and celestial creatures. Now this engaging book sets that world in a new light, examining how painters, sculptors, and photographers from the eighteenth century to the present have used the circus as a springboard for their imaginative expression and have envisioned the clown as a metaphor for the modern artist. The book presents more than 175 works by such artists as Degas, Toulouse-Lautrec, Rouault, Picasso, Chagall, and Léger. Some of these are masterful works shown for the first time; these range from the 18-meter stage curtain Picasso designed in 1917 for Erik Satie's ballet *Parade* to more intimate works such as Nadar and Tournachon's photographs of Pierrot as played by celebrated mime Charles Debureau.
