

# No Word From Tom Stravinsky

**IM Harris**

**Arias, Ensembles, & Choruses** John Yaffé, David Daniels, 2011-11-17 Conductors John Yaffé and David Daniels have created a one-stop sourcebook for orchestras, opera companies, conductors, and librarians who research and/or prepare programs of vocal excerpts—such as solos, ensembles, and choruses—for concert performance. In this book, readers will find detailed information on a vast repertoire of vocal pieces commonly extracted from operas, operettas, musicals, and oratorios—more than 1,750 excerpts from 450 parent works. Modeled on Daniels' *Orchestral Music*, *Arias, Ensembles, & Choruses* includes basic historical details about each parent work as well as extract titles, subtitles, voice types, keys, durations, locations in the original work (with page numbers in both full scores and piano-vocal scores), and exact instrumentation. It also lists the publishers that make available the orchestral materials for just the excerpt being programmed, independent of the full parent work. Until now, conductors and orchestra librarians commonly had to first leaf through full scores, searching for one elusive three-minute aria after another, only to then consult multiple publishers' catalogues to compile crucial information on all the excerpts proposed for a concert or recording. This book constitutes a single source for finding that information. In many cases, the individual entries include valuable insider information on common performance practice, including start- and stop-points, transpositions, and conventional cuts. Searching for repertoire is made easy with the detailed title index and appendixes devoted to ensemble excerpts, all categorized by personnel (e.g., duets, trios, quartets, quintets, sextets, choruses) and language (Czech, English, French, German, Italian, Latin, Russian). This book is the ideal tool for the working conductor and orchestral librarian, as well as music program directors at colleges and conservatories, opera companies, and symphony orchestras. As of October 2015, a new printing of this book has occurred to correct errors in the index. A PDF version of the new index is available to previous purchasers of the volume. Please contact Rowman & Littlefield's music editor for assistance.

*Opera* Alan Riding, Leslie Dunton-Downer, 2022-08-16 Experience the passion and drama of the world's greatest operas with this sumptuously illustrated visual guide. Immerse yourself in more than 75 years of the world's most celebrated operas and discover the fascinating stories behind them. Explore the lives of opera singers, such as Maria Callas, Luciano Pavarotti, and Jonas Kaufmann. Meet composers such as Mozart, Wagner, and Britten, and the librettists with whom they collaborated to create the magical blends of words and music that make up opera. From its origins in the 17th-century courts of Italy to

live screenings in public spaces today, *Opera: The Definitive Illustrated History* follows the history of opera from Monteverdi's *L'Orfeo* in 1607, to *Così fan Tutte*, *La Bohème*, and modern operas such as *Brokeback Mountain*. It explains musical terminology, traces historical developments, and sets everything in cultural context. Filled with photographs of all the key figures and performances, this ebook revels in the sets and costumes that make up the grand spectacle of opera. It also explores the great opera houses of the world, such as La Scala in Milan, the Met in New York, and the Sydney Opera House. *Opera: The Definitive Illustrated History* is the essential book for anyone who wants to understand and enjoy the constantly evolving world of opera.

**The Routledge Companion to Music and Modern Literature** Rachael Durkin, 2022-05-26 Modern literature has always been obsessed by music. It cannot seem to think about itself without obsessing about music. And music has returned the favour. *The Routledge Companion to Music and Modern Literature* addresses this relationship as a significant contribution to the burgeoning field of word and music studies. The 37 chapters within consider the partnership through four lenses—the universal, opera and literature, musical and literary forms, and popular music and literature—and touch upon diverse and pertinent themes for our modern times, ranging from misogyny to queerness, racial inequality to the claimed universality of whiteness. This Companion therefore offers an essential resource for all who try to decode the musico-literary exchange.

Music and Musicians ,1955

*All Music Guide to Classical Music* Chris Woodstra, Gerald Brennan, Allen Schrott, 2005-09 Offering comprehensive coverage of classical music, this guide surveys more than eleven thousand albums and presents biographies of five hundred composers and eight hundred performers, as well as twenty-three essays on forms, eras, and genres of classical music. Original.
